With Plates, Including a Portrait.], 1953 The Incredible Canadian Bruce Hutchison,2003-01-01 *Mackenzie King* Bruce Hutchison,1953 **Mackenzie King in the Age of the Dictators** Roy MacLaren,2019-05-15 Until the outbreak of hostilities in 1939 Mackenzie King prided himself on never publicly saying anything derogatory about Hitler or Mussolini unequivocally supporting the appeasement policies of British prime minister Neville Chamberlain and regarding Hitler as a benign fellow mystic In *Mackenzie King in the Age of the Dictators* Roy MacLaren leads readers through the political labyrinth that led to Canada's involvement in the Second World War and its awakening as a forceful nation on the world stage Prime Minister King's fascination with foreign affairs extended from helping President Theodore Roosevelt exclude little yellow men from North America in 1908 to his conviction that appeasement of Hitler and Mussolini should be the cornerstone of Canada's foreign and imperial policies in the 1930s If war could be avoided King thought national unity could be preserved MacLaren draws extensively from King's diaries and letters and contemporary sources from Britain the United States and Canada to describe how King strove to reconcile French Canadian isolationism with English Canadians commitment to the British Commonwealth King MacLaren explains was convinced by the controversies of the First World War that another such conflagration would be disruptive to Canada When King finally had to recognize that the Liberals electoral fortunes depended on English Canada having greater voting power than French Canada he did not reflect on whether a higher morality and intellectual integrity should transcend his anxieties about national unity A focused view of an important period in Canadian history replete with insightful stories vignettes and anecdotes *Mackenzie King in the Age of the Dictators* shows Canada flexing its foreign policy under King's cautious eye and ultimately ineffective guiding hand

Mackenzie King. The incredible Canadian.)Ersch. erstmals 1952 m. d. Tit.: The incredible Canadian William Bruce Hutchison,1953 **Winston Churchill and Mackenzie King** Terry Reardon,2012-10-06 The story of the complex relationship between two world leaders during one of the greatest crises in human history Born just two weeks apart in 1874 Winston Churchill and William Lyon Mackenzie King had much in common Both forged long parliamentary careers and each led his country to victory in World War II A BBC poll deemed Winston Churchill the greatest Briton of all time and Mackenzie King has been judged by a group of historians as the greatest Canadian prime minister Their parallel careers fostered a working relationship that lasted almost fifty years It was not always an easy relationship however Churchill famous for his drink and cigars was impetuous and charismatic an extrovert King a teetotaler during WWII was noted for considering all options before cautiously proceeding Fate threw this ill matched pair together For the first time the vital relationship between these two very different men is explored in depth It is the story not just of two extraordinary leaders but also of the changing bonds between Britain and Canada W.L. Four Days in Hitler's Germany Robert Teigrob,2019-05-23 In 1937 Canadian Prime Minister Mackenzie King travelled to Nazi Germany in an attempt to prevent a war that to many observers seemed inevitable The men King communed with in Berlin including Adolf Hitler assured him of the Nazi regime's peaceful intentions and King not only found their pledges sincere but even hoped for personal friendships with many of the regime's top officials *Four Days in Hitler's Germany* is a clearly written and engaging story that reveals why King believed that the greatest threat to peace would come from those individuals who intended to thwart the Nazi agenda which as King saw it was concerned primarily with justifiable German territorial and diplomatic readjustments Mackenzie King was certainly not alone in misreading the omens in the 1930s but it would be difficult to find a democratic leader who missed the mark by a wider margin This book seeks to explain the sources and outcomes of King's misperceptions and diplomatic failures and follows him as he returns to Germany to tour the appalling aftermath of the very war he had tried to prevent

A History of Canadian External Relations G.P. de T. Glazebrook,1966-01-01

Zombie Army Daniel Byers,2016-07-21 *Zombie Army* tells the story of Canada's Second World War military conscripts reluctant soldiers pejoratively referred to as zombies for their perceived similarity to the mindless movie monsters of the 1930s As Byers argues although conscripts were only liable for home defence they also soon came to

be a steady source of recruits for active duty overseas While Canadian generals were criticized for championing an overseas army too large to maintain through voluntary enlistment leading inevitably to calls to send conscripts to Europe until now there has been little satisfactory explanation for why military leaders pushed for and why politicians accepted such a sizeable overseas force In the first full length book on the subject in almost forty years Byers combines underused and newly discovered records to argue that although conscripts were only liable for home defence they soon became a steady source of recruits from which the army found volunteers to serve overseas He also challenges the traditional nationalist dominated impression that Quebec participated only grudgingly in the war Mobilize! Larry D. Rose, 2013-10-28 Why was Canada not preparing for the Second World War when the rest of the world was ready to meet Hitler's threats Despite Canada's active participation in the First World War which many claimed made Canada a nation the country was almost defenceless in September 1939 when war was declared again Larry D Rose a long time journalist and a military specialist examines the military's own failures the hidden agenda of Prime Minister William Lyon Mackenzie King and the divisions within Canada leading up to Canada's entry into the war He suggests that the lack of preparedness was directly responsible for two of Canada's costliest military defeats the battle of Hong Kong and Dieppe Canada, 1955 *O.D. Skelton* Norman Hillmer, 2013-11-01 O D Skelton The Work of the World 1923-1941 is a lively and compelling trip through the letters diary entries and official memoranda of O D Skelton one of the most important and influential civil servants in twentieth century Canada Skelton was a towering foreign policy advisor to Canada's prime ministers and a lonely advocate for the country's independence from Great Britain His accounts detail his work as he co-operated and clashed with William Lyon Mackenzie King and R B Bennett over Canada's participation in the international arena Norman Hillmer's selection and assessment of Skelton's writings offer a behind the scenes look at the inner workings of the federal government as Skelton systematically built up the Department of External Affairs and the Canadian diplomatic service as instruments of the national interest confronted the Manchurian Ethiopian and Czech crises of the 1930s aligned himself with senior francophone politicians such as Ernest Lapointe and Raoul Dandurand and watched in despair as Europe and Asia descended into war Providing avenues into a time when Canada was struggling to define itself this collection shows the ways in which O D Skelton pushed the country onto the global stage **Creative Canada**, 1971-12-15 Did he ever play Hamlet Has she worked in television What was the title of his first novel Under whom did she study How many children has he Answers to such questions about contemporary Canadian artists have often been difficult even impossible to find This series has been created to provide the answers it covers creative and performing artists who have contributed as individuals to the culture of Canada in the twentieth century Each volume in the series presents a cross section of many different kinds of artists authors of imaginative works artists and sculptors musicians performers composers conductors and directors and performing artists in ballet modern dance radio theatre television and motion pictures directors designers and producers in theatre cinema radio

television and the dance choreographers and for cinema cartoonists and animators Within each category of art is included a selection of those who have achieved national and international recognition those who have been recognized locally and some now deceased who markedly influenced their contemporaries locally nationally or internationally This is not a critical compilation rather it is an objective and factual reference work for those interested in contemporary Canadian culture Information was collected by painstaking research in a wide variety of sources and wherever possible it has been verified by the artist to make each entry as accurate and comprehensive as possible *A Very Double Life* C. P. Stacey, 2018-02-01 Stacey's book was the first to examine in detail the convoluted often bizarre private life of one of Canada's most influential Prime Ministers To the outside world Mackenzie King was the shrewd politician who was Canada's prime minister for 21 years But in his private world King was a man of strange and obsessive drives In his diaries he confessed his uncontrollable passions his strollings at night and the anguish and guilt that followed He described his relationship with his women friends and with his deceased mother and his communications with the spirit world In this book prominent Canadian historian C P Stacey reveals for the first time the incredible story of the private life of Mackenzie King **The Politics of Racism** Ann Gomer Sunahara, 2020-03-31 The Politics of Racism The Uprooting of Japanese Canadians During the Second World War is the first book to fully document the politics behind the 1942 expulsion order that saw 20 000 Japanese Canadians evicted from their homes in British Columbia and sent inland to work camps detention centres and farms in Alberta and Manitoba The book details the relationship between racism and political expediency and shows how political parties and the affairs of the nation were controlled by a small group of politicians who scapegoated minorities to hang on to power Most alarmingly The Politics of Racism shows how easily Canadians allowed themselves to be manipulated by a political process that used fear and war hysteria in a very cynical and calculated way Ann Sunahara has used previously classified government documents and the wartime records of the Liberal government to reveal a startling new portrait of political connivance that shows Mackenzie King bowing to the pressures of a small number of B C politicians who saw the Japanese problem as a useful tool to enhance their status and win favours in Ottawa Branded as traitors in the eyes of many of their countrymen unaware that the military had opposed their uprooting without political friends and allies except for the CCF the Japanese Canadians were powerless a muffled minority within a country at war Ann Sunahara has woven together her analysis of government documents with the personal memories of victims of that shameful period The accounts of the victims and the official records provide a poignant and powerful indictment of the politicians who used racism and fear to further their own careers and of a society whose indifference let it happen Since the 1981 version of The Politics of Racism POR1981 was published it has undergone two further editions an HTML version in 2000 POR2000 with an additional afterward about Redress and an e book edition POR2020 with an additional photo essay by the author Both are published at japanesecanadianhistory.ca Angus L. Macdonald T. Stephen Henderson, 2007-04-21 Perhaps one of the most influential

Canadian premiers of the Twentieth Century and one of the leading political intellectuals of his generation Angus L Macdonald dominated politics in Nova Scotia for more than twenty years serving as premier from 1933 to 1940 and again from 1945 until his death in 1954 One rival referred to him as the pope out of respect for his political infallibility From 1940 to 1945 Macdonald guided Canada's war effort at sea as Minister of National Defence for Naval Services under his watch the Royal Canadian Navy expanded faster than any other navy in the world This new work by T Stephen Henderson is the first academic biography of Macdonald whose life provides a framework for the study of Canada's pre and post war transformation and a rare opportunity to compare the political history of the two periods Generally Macdonald's political thinking reflected a progressive interwar liberalism that found its clearest expression in the 1940 Rowell Sirois report on federal provincial relations The report proposed a redistribution of responsibilities and resources that would allow poorer provinces greater autonomy and reduce overlapping jurisdictions in the federal system Ottawa abandoned Rowell Sirois in the postwar period and Macdonald fell out of step with the national Liberal party that he had once seemed destined to lead Within Nova Scotia however his ardent defence of provincial powers and his commitment to building a modern infrastructure enabled him to win election after election and transform the face and identity of his province
