Sample Book Insights

- 1 In the early 1900s Americans flocked to air shows and flying circuses to marvel at flying machines and ponder man's conquest of the air But flying remained an exceptionally dangerous occupation
- 2 The successes and failures of these early aviators were front page news Pilots featured especially prominently in boys magazines and comics fueling young imaginations
- 3 The three American boys who would be among the many thousands who marveled at the spectacle of flight were James H Doolittle Edward V Rickenbacker and Charles A Lindbergh They were all raised on the edge of poverty but each became a pioneer of aeronautical science in his own way
- 4 The Wright brothers flight in 1903 was the first example of men of the air braving the dangerous skies The three men who visited Hitler's Germany and warned American military authorities of the menacing buildup of German airpower were unable to convince American politicians of the danger

*The Gates of Doom* Rafael Sabatini,1926 *The Gates Of Doom* Raphael Sabatini,2014-11-30

When Pauncefort faces bankruptcy after the collapse of the South Sea Company and his thoughts turn to gambling moneylenders and even marriage to recover his debts will he be able to remain true to the end And what part will his friend and confidante Captain Gaynor play in his destiny

*The Consilient Brain* Gerald A. Cory Jr.,2012-12-06 The present work is the third in a series constituting an extension of my doctoral thesis done at Stanford in the early 1970s Like the earlier works *The Reciprocal Modular Brain in Economics and Politics* Shaping the Rational and Moral Basis of Organization Exchange and Choice Kluwer Academic/Plenum Publishing 1999 and *Toward Consilience The Bioneurological Basis of Behavior Thought Experience and Language* Kluwer Academic/Plenum Publishing 2000 it may also be considered to respond to the call for consilience by Edward O Wilson I agree with Wilson that there is a pressing need in the sciences today for the unification of the social with the natural sciences I consider the present work to proceed from the perspective of behavioral ecology specifically a subfield which I choose to call interpersonal behavioral ecology Ecology as a general field has emerged in the last quarter of the 20th century as a major theme of concern as we have become increasingly aware that we must preserve the planet whose limited resources we share with all other earthly creatures Interpersonal behavioral ecology however focuses not on the physical environment but upon our social environment It concerns our interpersonal behavioral interactions at all levels from simple dyadic one to one personal interactions to our larger even global social economic and political interactions

*Child Pornography and Sexual Grooming* Suzanne Ost,2009-05-28 Child pornography and sexual grooming provide case study exemplars of problems that society and law have sought to tackle to avoid both actual and potential harm to children Yet despite the considerable legal political and societal concern that these critical phenomena attract they have not thus far been subjected to detailed socio legal and theoretical scrutiny How do society and law

construct the harms of child pornography and grooming What impact do constructions of the child have upon legal and societal responses to these phenomena What has been the impetus behind the expanding criminalisation of behaviour in these areas Suzanne Ost addresses these and other important questions exploring the critical tensions within legal and social discourses which must be tackled to discourage moral panic reactions towards child pornography and grooming and advocating a new more rational approach towards combating these forms of exploitation
