Francine du Plessix Gray

Madame De Stael:

Madame de Stael Maria Fairweather, 2013-09-05 The influence of the salons of Paris on the thought and culture of the eighteenth century would be difficult to overstate They were both intellectual powerhouses and also assemblies where the latest and most extreme fashion was displayed Young gallants wearing silk waistcoats embroidered with Chinese pagodas making love to ladies reclining negligently against the cushions or accepting small cups of chocolate from the hands of Negro pages thus Harold Nicolson describes the drawings of the time in his book *The Age of Reason* These meeting places for the vanguard of society were presided over by a succession of brilliantly clever women the salonieres and the most brilliant and clever of all of them was Madame de Stael Although she died at the age of 51 she filled her life to the brim and enjoyed a hugely influential role among the great names of the day Born Germaine Necker in Paris on 22 April 1766 her father was a powerful banker and her mother a Swiss pastor's daughter who never got over her good fortune in marrying a rich man In 1786 Germaine was married to a secretary in the Swedish embassy called de Stael but although she thought him a perfect gentleman she also found him dull and clumsy She began to take lovers the Vicomte de Narbonne and possibly Talleyrand and then Benjamin Constant in whom she at last met her intellectual equal In 1806 her novel *Delphine* was published It was an instant success and praised by Goethe and Byron among others Her salon thronged with glittering visitors including The Tsar Talleyrand and Wellington Maria Fairweather gives an entrancing account of this vanished world so merciless to outsiders but for those of the inner circle incomparably glamorous and exciting

Madame de Stael Francine du Plessix Gray, 2009-11-17 Madame de Stael was born into a world of political and intellectual prominence as the daughter of Louis XVI's Minister of Finances Jacques Necker Later she married Sweden's ambassador to the French court and for more than 20 years held the limelight as philosopher political figure and prolific writer She was however more than just a mind Despite a plain appearance she was notoriously seductive and enjoyed whirlwind affairs with some of the leading intellectuals of her time she was a true force of nature

Madame de Staël and Benjamin Constant Madame de Staël (Anne-Louise-Germaine), Benjamin Constant, 1906

Mistress to an Age J. Christopher Herold, 2002 J. Christopher Herold vigorously tells the story of the fierce Madame de Stael revealing her courageous opposition to Napoleon her whirlwind affairs with the great intellectuals of her day and her idealistic rebellion against all that was cynical tyrannical and passionless Germaine de Stael's father was Jacques Necker the finance minister to Louis XVI and her mother ran an influential literary political salon in Paris Always precocious at nineteen Germaine married the Swedish ambassador to

France Eric Magnus Baron de Stael Holstein and in 1785 took over her mother's salon with great success Germaine and de Stael lived most of their married life apart She had many brilliant lovers Talleyrand was the first Narbonne the minister of war another Benjamin Constant was her most significant and long lasting one She published several political and literary essays including A Treatise on the Influence of the Passions upon the Happiness of Individuals and of Nations which became one of the most important documents of European Romanticism Her bold philosophical ideas particularly those in On Literature caused feverish commotion in France and were quickly noticed by Napoleon who saw her salon as a rallying point for the opposition He eventually exiled her from France This winner of the 1959 National Book Award is excellent detailed full of color movement great names and lively incident The New York Times Mr Herold's full bodied biography is clear eyed intelligent and written with abundant wit and zest The Atlantic Monthly

The Biographies of Madame de Staël, and Madame Roland Lydia Maria Child, 1832 **Madame de Staël on Politics, Literature, and National Character** Madame de Staël (Anne-Louise-Germaine), 1964 *Memoirs of Madame de Staël* Lydia Maria Child, 1854 Madame de Staël Angelica Goodden, 2008-03-06 Madame de Staël's celebrity as a novelist literary critic and theorist made her the most famous woman in Europe in her day Yet almost all of her bestselling writings were composed in exile from her beloved France exiled for her political daring Goodden explores the paradoxes of de Staël's life Germaine de Staël Biancamaria Fontana, 2016-05-17 The first in depth look at Staël's political life and writings Germaine de Staël 1766 1817 is perhaps best known today as a novelist literary critic and outspoken and independent thinker Yet she was also a prominent figure in politics during the French Revolution Biancamaria Fontana sheds new light on this often overlooked aspect of Staël's life and work bringing vividly to life her unique experience as a political actor in a world where women had no place The banker's daughter who became one of Europe's best connected intellectuals Staël was an exceptionally talented woman who achieved a degree of public influence to which not even her wealth and privilege would normally have entitled her During the Revolution when the lives of so many around her were destroyed she succeeded in carving out a unique path for herself and making her views heard first by the powerful men around her later by the European public at large Fontana provides the first in depth look at her substantial output of writings on the theory and practice of the exercise of power setting in sharp relief the dimension of Staël's life that she cared most about politics She was fascinated by the nature of public opinion and believed that viable political regimes were founded on public trust and popular consensus Fontana shows how Staël's ideas were shaped by the remarkable times in which she lived and argues that it is only through a consideration of her political insights that we can fully understand Staël's legacy and its enduring relevance for us today

Against the wishes of her parents and the traditions of upper class French society Germaine de Staël 1766 1817 struggled to be accepted as a serious writer At a time when ladies wrote a little poetry and small stories Staël insisted on writing about politics and philosophy In an effort to abide by the rules of her society she wrote in two styles that of a woman and that of a man but as Charlotte Hogsett points out Staël's efforts to write as a man could not disguise the woman behind the pen Hogsett treats both the expository and fictional works in the Staël canon The male canon reflects her respect for Rousseau and Chateaubriand the female her own courage and intelligence for there was no one to emulate Hogsett provides a vivid analysis of Staël's maturation as both woman and writer
