Genovese, 2005-10-17 The Mind of the Master Class tells of America's greatest historical tragedy. A great many of the slaveholding men and women were intelligent, honorable, and pious; yet these very people, admirable in so many ways, presided over a social system that proved itself an enormity and inflicted horrors on their slaves. Even now there is much to be learned from their moral and political reflections on their times and ours.      *Madame Octavia Walton Le Vert, 1810-1877* Caldwell Delaney, 1952      **Georgia's Landmarks, Memorials, and Legends ...: Under the code duello. Unbinding Gentility Candace Bailey, 2021-04-13 A Choice Outstanding Academic Title for 2022 Hearing southern women in the pauses of history Southern women of all classes, races, and walks of life practiced music during and after the Civil War. Candace L. Bailey examines the history of southern women through the lens of these musical pursuits, uncovering the ways that music's transmission, education, circulation, and repertory help us understand its meaning in the women's culture of the time. Bailey pays particular attention to the space between music as an ideal accomplishment and part of how people expected women to perform gentility and a real practice what women actually did. At the same time, her ethnographic reading of binder's volumes, letters, and diaries, and a wealth of other archival material informs new and vital interpretations of women's place in southern culture. A fascinating collective portrait of women's artistic and personal lives, *Unbinding Gentility* challenges entrenched assumptions about nineteenth-century music and the experiences of the southern women who made it.  
Women Writers in the Romantic Age John Claiborne Isbell, 2025-04-17 This groundbreaking book offers a comprehensive review of six hundred and fifty women writers from over fifty national traditions spanning Europe and the Americas during the transformative years of 1776 to 1848. Framed by revolutionary upheavals, the book explores how women writers shaped and reflected Romanticism's global currents. It fills a critical scholarly gap, connecting disparate traditions and uncovering voices often overlooked in male-dominated literary histories. Through concise entries, the book names every woman writer identified in its vast research, from celebrated figures like Phillis Wheatley to lesser-known authors whose manuscripts lay buried in archives. Each entry provides essential biographical details, while select excerpts in seventeen languages bring these voices to life, revealing how women navigated the era's revolutionary ideals and patriarchal barriers. Structured democratically, the volume treats all writers equally, whether anonymous, pseudonymous, or celebrated in their time. It highlights their diverse experiences: poets and novelists, abolitionists and suffragists, mothers and mill workers. From memoirs to political tracts, their works testify to the rich tapestry of women's contributions to Romanticism. By illuminating these stories, this book challenges national silos, offering a panoramic view of Romanticism as a truly transnational, female-inclusive

phenomenon It represents a go to resource for students and interested readers while setting the ground for future scholars to expand this vital field of study     *American Authors* Mildred Lewis Rutherford,1894     *Brownson's quarterly review*,1857     **Brownson's Quarterly Review** Orestes Augustus Brownson,1857     **The Living Female Writers of the South** Mary T. Tardy,1872
