**Clemens Wendtner**

## **Made In Iceland Made In Series:**

**Animation: A World History** Giannalberto Bendazzi, 2015-11-06 A continuation of 1994's groundbreaking *Cartoons* Giannalberto Bendazzi's *Animation A World History* is the largest, deepest, most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often neglected areas, and introducing over fifty previously undiscovered artists. Full of first-hand, never-before-investigated and elsewhere unavailable information, *Animation A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history. **Key Features:** Over 200 high-quality headshots and film stills to add visual reference to your research. Detailed information on hundreds of never-before-researched animators and films. Coverage of animation from more than 90 countries and every major region of the world. Chronological and geographical organization for quick access to the information you're looking for.

***Dissonant Landscapes*** Tore Størvold, 2023-06-06 During the past three decades, Iceland has attained a strong presence in the world through its musical culture, with images of the nation being packaged and shipped out in melodies, harmonies, and rhythms. What Iceland means for people both at home and abroad is conditioned by music and its ability to animate notions of nature and nationality. In six chapters that range from discussions of indie rock ballads to Nordic noir television music, *Dissonant Landscapes* describes the capacity of musical expression to transform ideas about nature and nationality on the northern edges of Europe.

***Fodor's Essential Iceland*** Fodor's Travel Guides, 2023-05-09 Whether you want to soak in the Blue Lagoon, party in Reykjavik, or hike a glacier, the local Fodor's travel experts in Iceland are here to help. *Fodor's Essential Iceland* guidebook is packed with maps, carefully curated recommendations, and everything else you need to simplify your trip planning process and make the most of your time.
