

A large, stylized letter 'C' is positioned on the left side of the image. It is composed of three concentric, slightly offset curved lines. The outermost line is black, the middle line is red, and the innermost line is yellow, mimicking the colors of the German flag. The text 'Made in Germany' is centered within the open space of the 'C'.

Made in Germany Max Mohl,1972 **Industrial Development and Manufacturers' Record** ,1916 **Treaty of Peace with Germany** United States. Congress. Senate. Committee on Foreign Relations,1919 **Enemies to Allies** Brian C. Etheridge,2016-01-26 Addresses a compelling and fascinating feature of the Cold War Era namely the rapid reversal of America s alliance relationships after World War II Thomas A Schwartz coeditor of *The Strained Alliance* At the close of World War II the United States went from being allied with the Soviet Union against Germany to alignment with the Germans against the Soviet Union almost overnight While many Americans came to perceive the German people as democrats standing firm with their Western allies on the front lines of the Cold War others were wary of a renewed Third Reich and viewed all Germans as nascent Nazis bent on world domination These adversarial perspectives added measurably to the atmosphere of fear and distrust that defined the Cold War In *Enemies to Allies* Brian C Etheridge examines more than one hundred years of American interpretations and representations of Germany With a particular focus on the postwar period he demonstrates how a wide array of actors including special interest groups and US and West German policymakers employed powerful narratives to influence public opinion and achieve their foreign policy objectives Etheridge also analyses bestselling books popular television shows such as Hogan s Heroes and award winning movies such as *Schindler s List* to reveal how narratives about the Third Reich and Cold War Germany were manufactured contested and co opted as rival viewpoints competed for legitimacy This groundbreaking study draws from theories of public memory and public diplomacy to demonstrate how conflicting US accounts of German history serve as a window for understanding not only American identity but international relations and state power A masterful combination of diplomatic and cultural history Stewart Anderson Brigham Young University **Treaty of Peace with Germany. Hearings ... July 31 - Sept. 12, 1919** United States. Congress. Senate. Foreign Relations,1919 U.S. Army Area Handbook for Germany Norman C. Drink, Temperance and the Working Class in Nineteenth Century Germany James S. Roberts,2019-06-26
Originally published in 1984 this book provided the first German case study of a prototypical 19th Century social problem combining a discussion of popular drinking behaviour with analysis of efforts to reform it on the parts of both middle class temperance reformers and the socialist labour movement The book links the study of popular drinking behaviour and organized responses to it to larger themes in Germany's social and political development providing an important window on topics such as working class dietary standards to the political mentality of the Bildungsbürgertum **The Nation** ,1914

The Rebirth of the West Peter Duignan,Lewis H. Gann,1996 The years following World War II witnessed perhaps the greatest success story in Western history the economic and political recovery of European democracies that had been devastated by the cataclysmic war Peter Duignan and L H Gann convincingly demonstrate that the deep involvement of the United States was a key factor in this success The Rebirth of the West is a broad narrative analysis of every important aspect of Western society during this formative period political economic social cultural and scientific In addition to providing an interpretive synthesis of the vast literature on the subject the authors make an important and original contribution to both the historical record of this period and current debates over the future of Europe Area Handbook for Germany American University (Washington, D.C.). Foreign Areas Studies Division,1964 General study in the form of a comparison of Germany Federal Republic and the German Democratic Republic covers historical and geographical aspects demographic aspects and social structures education labour relations labour force living conditions cultural factors mass media the government system foreign policy economic structures trade economic relations agriculture industry banking the armed forces etc Bibliography
