Madeleine L'Engle Suncatcher Spiritual Vision Of A Storyteller:

Madeleine L'Engle, Suncatcher Carole F. Chase,1995 For half a century Madeleine L'Engle has touched many lives through her books This biography written with L'Engle's authorization chronicles her life philosophy and spiritual journey and gives an intimate look into the life of one of America's most prolific writers Madeleine L'Engle Aaron Rosenberg,2005-12-15 Best known for her young adult novel *A Wrinkle in Time* and fiction that merges fantasy science and theology Madeleine L'Engle received the National Humanities Medal twelve days before her eighty sixth birthday This engaging biography offers a glimpse into the life and work of one of America's favorite authors who inspires readers with characters who make a real effort to learn and grow and are rewarded for the pain they've suffered In it we learn her work methods and that her goal in writing a book is to ask questions hoping her book will help find the answers **A Circle of Friends: Remembering Madeleine L'Engle** Katherine, editor Kirkpatrick,2010-02-12 Madeleine L'Engle's friends and writing students remember the beloved author in nearly three dozen essays and poems illustrated with photographs

Reading Madeleine L'Engle Heidi A. Lawrence,2023-10-20 Using a critical lens derived from ecopsychology and its praxis ecotherapy this book explores the relationships Madeleine L'Engle develops for her characters in a selection of the novels from her three Time Austin family and O Keefe family series as those relationships develop along a human nonhuman kinship continuum This is accomplished through an examination both of pairs of novels from the fantastic and the realistic series and of single novels which stand out as slightly different from the most prominent genre in a given series Thus this examination also shows L'Engle's fluid movement along a fantasy reality continuum and demonstrates the integration of the three series with each other Importantly through examining these relationships and this movement along continuums in these novels the project demonstrates how ecopsychology and ecotherapy provide strong and important and as yet virtually unexplored intersections with children's literature Suncatcher Carole F. Chase,1998 In celebration of Madeleine L'Engle's 80th birthday and the 35th anniversary of her Newbery Medal for *A Wrinkle in Time* comes this newly revised updated overview of L'Engle's work especially highlighting her spiritual vision that is integral to all of her writing Features excerpts from over 30 of her books plus charts showing L'Engle's publications major life events and character interrelations The Living Church

,1996 **Sharon Creech** Alice B. McGinty,2005-12-15 Discusses the life and work of children's author including her writing process and methods inspirations a critical discussion of her books and biographical timeline **Facing the Dragon** Robert L. Moore,2003 Structured around a series of lectures presented at the Jung Institute of Chicago in a program entitled Jungian Psychology and Human Spirituality Liberation from Tribalism in Religious Life this book length essay attacks the related problems of human evil spiritual narcissism secularism and ritual and grandiosity Robert Moore dares to insist that we stop ignoring these issues and provides clear sighted guidance for where to start and what to expect Along the way he pulls together many important threads from recent findings in theology spirituality and psychology and brings us to a point

where we can conceive of embarking on a corrective course Traditional doctrinal and historical interpretation both rely heavily on rational analysis But from the disciples at Emmaus to the beginnings of the present century it has been the impact of scripture upon the human heart that has changed human lives In recent decades this impact has been strengthened by advances in linguistic and literary theory by such disparate influences as feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive All of these factors are treated here with a brevity and comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role If you would understand the deepest roots of terrorism greed and religious fanaticism read *Facing the Dragon* But be forewarned you may find some offshoots in your own garden June Singer Jungian analyst author of *Boundaries of the Soul* Robert Moore Phd was an internationally recognized psychotherapist and consultant in private practice in Chicago He was considered one of the leading therapists specializing in psychotherapy with men because of his discovery of the Archetypal Dynamics of the Masculine Self King Warrior Magician Lover He served as Distinguished Service Professor of Psychology Psychoanalysis and Spirituality at the Graduate Center of the Chicago Theological Seminary and has served as a Training Analyst at the C G Jung Institute of Chicago He is Co founder of the Chicago Center for Integrative Psychotherapy
