Stewart,2015-02-10

Historian David O Stewart restores James Madison to his proper place as the most significant Founding Father and framer of the new nation A fascinating look at how one unlikely figure managed to help guide a precarious confederation of reluctant states to a self governing republic that has prospered for more than two centuries Richmond Times Dispatch Short plain balding neither soldier nor orator low on charisma and high on intelligence James Madison cared more about achieving results than taking the credit Forming key partnerships with Washington Jefferson Monroe and his wife Dolley Madison achieved his lifelong goal of a self governing constitutional republic It was Madison who led the drive for the Constitutional Convention and pressed for an effective new government as his patron George Washington lent the effort legitimacy Madison who wrote the Federalist Papers with Alexander Hamilton to secure the Constitution s ratification Madison who joined Thomas Jefferson to found the nation s first political party and move the nation toward broad democratic principles Madison with James Monroe who guided the new nation through its first war in 1812 and who handed the reins of government to the last of the Founders But it was his final partnership that allowed Madison to escape his natural shyness and reach the greatest heights Dolley was the woman he married in middle age and who presided over both him and an enlivened White House This partnership was a love story a unique one that sustained Madison through his political rise his presidency and a fruitful retirement In Madison s Gift David O Stewart s insights are illuminating He weaves vivid sometimes poignant details throughout the grand sweep of historical events He brings early history alive in a way that offers today s readers perspective Christian Science Monitor
