Madness In Power:

'And Then the Monsters Come Out': Madness, Language and Power Fiona Ann Papps, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 No term is so evocative as madness Indeed no scholarly definition of madness exists hardly surprising given that constructions and representations of madness are products of social economic historical and philosophical forces and cannot be separated from the social conditions under which they appear How we understand madness then relies on the metaphors and tropes used to represent it and these are as variable as the contexts giving rise to madness Nevertheless enduring cross cultural and cross historical themes emerge in the study of madness associating it with the monstrous the tragically heroic and the feminine The continuity of these themes raises questions highlighting the centrality of power to understanding of madness who defines madness from what position within what context and with what intended outcome Madness then participates in and constructs its own rhizomatic madness inviting us to draw on a multiplicity of knowledges and positionings to make sense of it

The Power Paradox Anna Bennett, 2012-04-13 The Power Paradox A Toolkit for Analyzing Conflict and Extremism reveals how mainstream views of power restrict the conceptual insights needed to resolve conflict Anna Bennett insightfully explores Michel Foucault's work on power and discourse in order to advance conceptual and contextual tools for understanding power dynamics Through an examination of a range of extremist terrorist and counter terrorist rhetoric as well as various theories of power Bennett analyzes the widespread problems associated with assuming that power is only repressive and competitive This limited view reinforces often unwittingly divisive dynamics and stubborn polemics which serve to continue conflict By offering a comprehensive and constructive view of power struggles The Power Paradox argues that power is a relational dynamic Bennett identifies fascinating contradictions within discourses of power and relational dynamics acknowledging the enduring quandary of power struggles we are all implicated within them

Pushkin and the Genres of Madness Gary Rosenshiel, 2003 In 1833 Alexander Pushkin began to explore the topic of madness a subject little explored in Russian literature before his time The works he produced on the theme are three of his greatest masterpieces the prose novella *The Queen of Spades* the narrative poem *The Bronze Horseman* and the lyric *God Grant That I Not Lose My Mind* Gary Rosenshiel presents a new interpretation of Pushkin's genius through an examination of his various representations of madness Pushkin brilliantly explored both the destructive and creative sides of madness a strange fusion of violence and insight In this study Rosenshiel illustrates the surprising valorization of madness in *The Queen of Spades* and *God Grant That I Not Lose My Mind* and analyzes *The Bronze Horseman's* confrontation with the legacy of Peter the Great a cornerstone figure of Russian history Drawing on themes of madness in western literature Rosenshiel situates Pushkin in a greater framework with such luminaries as Shakespeare Sophocles Cervantes and Dostoevsky providing an insightful and absorbing study of Russia's greatest writer **Women and Borderline Personality Disorder** Janet Wirth-Cauchon, 2001 A superb up to date feminist analysis of the borderline condition Characterized by stereotypically feminine qualities such as poor interpersonal boundaries and an unstable sense of self borderline diagnosis has been questioned by many as a veiled replacement of the hysteria diagnosis Wirth Cauchon includes narratives from women exhibiting the theoretical underpinnings of the borderline diagnosis The author is rigorous in her analysis and mainstream academics and diagnosticians should take note lest they create yet another label that disregards the contradictory and conflicting expectations experienced by so many women Includes an excellent bibliography and a wealth of good reference Highly recommended Choice This book contributes to a rich feminist interdisciplinary theoretical understanding of women's psychological distress and represents an excellent companion volume to Dana Becker's book titled *Through the Looking Glass Psychology of Women Quarterly* Wonderfully written The argument proceeds with an impeccable and transparent logic the writing is sophisticated evocative even inspired This work should have enormous appeal Kenneth Gergen author of *Realities and Relationships* Impressive in its synthesis of many different ideas both clinicians and people diagnosed with BPD may find much of value in Wirth Cauchon's thoughtful and provoking analysis *Metapsychology* At the beginning of the twentieth century hysteria as a medical or psychiatric diagnosis was primarily applied to women In fact the term itself comes

from the Greek meaning wandering womb We have since learned that this diagnosis had evolved from certain assumptions about women's social roles and mental characteristics and is no longer in use The modern equivalent of hysteria however may be borderline personality disorder defined as a pervasive pattern of instability of self image interpersonal relationships and mood beginning in early adulthood and present in a variety of contexts This diagnosis is applied to women so much more often than to men that feminists have begun to raise important questions about the social cultural and even the medical assumptions underlying this illness Women are said to be unstable when they may be trying to reconcile often contradictory and conflicting social expectations In *Women and Borderline Personality Disorder* Janet Wirth Cauchon presents a feminist cultural analysis of the notions of unstable selfhood found in case narratives of women diagnosed with borderline personality disorder This exploration of contemporary post Freudian psychoanalytic notions of the self as they apply to women's identity conflicts is an important contribution to the literature on social constructions of mental illness in women and feminist critiques of psychiatry in general Janet Wirth Cauchon is an associate professor of sociology at Drake University
