Madness Like Morning Glories Doris Davenport, 2005 In her enchanting poem sequence Doris Davenport introduces readers to Soque Street and its Afrilacian residents These African Americans inhabiting an Appalachian community in northeast Georgia live in a world where magic threads daily life and the living and dead commingle Ghosts self propelled caskets and sensate trees are as natural as morning glories to these characters who are at once eccentric and universal peculiar and welcoming The story of Soque Street moves from voice to voice and through a mix of poetic forms with ease and confidence Sometimes frightening often funny and always compelling and potent Madness like Morning Glories is a major achievement by a poet of tremendous originality who possesses an intuition for the subtle secrets of language **Sixty-Cent**

particularly in terms of their representation of economic and environmental concerns. It argues that across Appalachian fiction the plight of characters to save their homes, land, and way of life from the destructive forces of extractive industries brings sharply to bare the histories of colonization and slavery that problematize questions of belonging, ownership, and possession. Robertson extensively considers contemporary manifestations of the gothic in Appalachian literature, arguing that gothic tropes abound in fiction that focuses on the impacts of extractive industries that connect this micro region with other parts of the Global North and Global South where the devastating impacts of extractive industries are also experienced socially, economically, and environmentally. *Writing Appalachia* Katherine Ledford, Theresa Lloyd, Rebecca

Stephens, 2020-03-17. Despite the stereotypes and misconceptions surrounding Appalachia, the region has nurtured and inspired some of the nation's finest writers. Featuring dozens of authors born into or adopted by the region over the past two centuries, *Writing Appalachia* showcases for the first time the nuances and contradictions that place Appalachia at the heart of American history. This comprehensive anthology covers an exceedingly diverse range of subjects, genres, and time periods, beginning with early Native American oral traditions and concluding with twenty-first century writers such as Wendell Berry, bell hooks, Silas House, Barbara Kingsolver, and Frank X Walker. Slave narratives, local color writing, folklore, work songs, modernist prose: each piece explores unique Appalachian struggles, questions, and values. The collection also celebrates the significant contributions of women, people of color, and members of the LGBTQ community to the region's history and culture. Alongside Southern and Central Appalachian voices, the anthology features northern authors and selections that reflect the urban characteristics of the region. As one text gives way to the next, a more complete picture of Appalachia emerges: a landscape of contrasting visions and possibilities. *Encyclopedia of African American Women Writers* Yolanda Williams
