Between Two Homelands Adrián Krupnik, 2023-11-14 Emigration from Israel to other parts of the world has not yet received significant scholarly attention as the subject is a sensitive one in Israeli society Zionist

ideology has long compelled Israelis to approach emigration from Israel through a very biased lens The Hebrew words aliyah and yerida which mean respectively ascent and descent are often used to refer to immigration and emigration These ideological terms which are charged with religious meaning are heavily loaded with praise for immigrants and scorn for emigrants Yet thousands of Jews from all over the world have lived between two homelands as the Israeli Argentine case demonstrates This study challenges the formerly dominant Zionist narrative that presents immigration to Israel as unique and emigration as a disgrace shedding light on issues of immigrant identities belonging and expectations Based on archival documents in English Spanish and Hebrew as well as on interviews Adri n Krupnik s study gives voice to Argentine migrants to and from Israel The pursuit of two often irreconcilable ways of living peace and economic prosperity repeatedly vexed migrants moving in either direction Many Jewish Argentine migrants between 1980 and 2006 lost everything and became the new poor in both countries Protracted recessions and incessant political crises in Argentina continued to drive migrants in one direction only to arrive in an Israel submerged in the violence of multiple intifadas In our own era one that will see unprecedented global migration patterns based on similar economic and political and environmental upheavals Between Two Homelands serves as an important and informative cautionary tale of the personal social and economic stakes at play in an utterly unsettled globalized landscape
