Creating the New Right Ethnic in 1970s America Richard

Moss,2017-03-15 This work analyzes the New Ethnicity of the 1970s as a way of understanding America's political turn to the right in that decade. An upsurge of vocal ethnic consciousness among second, third, and fourth generation Southern and Eastern Europeans, the New Ethnicity simultaneously challenged and emulated earlier identity movements such as Black Power. The movement was more complex than the historical memory of racist reactionary white ethnic leaders suggests. The movement began with a significant grassroots effort to gain more social welfare assistance for near-poor white ethnic neighborhoods and ease tensions between the working class African Americans and whites who lived in close proximity to one another in urban neighborhoods. At the same time, a more militant strain of white ethnicity was created by urban leaders who sought conflict with minorities and liberals. The reassertion of ethnicity necessarily involved the invention of myths, symbols, and traditions, and this process actually served to retard the progressive strain of New Ethnicity and strengthen the position of reactionary leaders and New Right politicians who hoped to encourage racial discord and dismantle social welfare programs. Public intellectuals created a mythical white ethnic who shunned welfare, valued the family, and provided an antidote to liberal elitism and neighborhood breakdown. Corporations and publishers embraced this invented ethnic identity and codified it through consumption. Finally, politicians appropriated the rhetoric of the New Ethnicity while ignoring its demands. The image of hard-working, self-sufficient ethnics who took care of their own neighborhood problems became a powerful currency in their effort to create racial division and dismantle New Deal and Great Society protections.

Synthetic Panics Philip Jenkins,1999-07-01 America has a long history of drug panics in which countless social problems have been blamed on the devastating effects of some harmful substance. In the last forty years, such panics have often focused on synthetic or designer drugs like methamphetamine, PCP, Ecstasy, methcathinone, and rave drugs like ketamine and GHB. Fear of these substances has provided critical justification for the continuing war on drugs. *Synthetic Panics* traces the history of these anti-drug movements, demonstrating that designer chemicals inspire so much fear not because they are uniquely dangerous but because they bring into focus deeply rooted public concerns about social and cultural upheaval. Jenkins highlights the role of the mass media in spreading anti-drug hysteria and shows how proponents of the war on drugs use synthetic panics to scapegoat society's others and exacerbate racial, class, and intergenerational conflict.

Greater New Jersey Dennis E. Gale,2006-12-13 Northern New Jersey is undergoing a gradual transformation to become symbolic of a new kind of suburban area, one that borrows culture, image, and economy from a metropolis but also maintains the day-to-day living patterns of heartland America in the face of rapid social change. Ask Mafia Abhijit Naskar, Friday Azaan and Sunday Choir All pray to the same light Yet in our divisive stupidity We use it as excuse to maintain divide Secularism has three stages First you realize all religions pray to the same God Second you realize God exists only in the human heart Finally all talk of God disappears and what remains among the humans is a natural sense of oneness Thus speaks planet earth's humanitarian armor *Double Crossed* Michael Woodiwiss,2017-06-20 In the United States the

popular symbols of organised crime are still Depression era figures such as Al Capone Lucky Luciano and Meyer Lansky thought to be heads of giant hierarchically organised mafias In Double Crossed Michael Woodiwiss challenges perpetuated myths to reveal a more disturbing reality of organised crime one in which government officials and the wider establishment are deeply complicit Delving into attempts to implement policies to control organised crime in the US Italy and the UK Woodiwiss reveals little known manifestations of organised crime among the political and corporate establishment A follow up to his 2005 Gangster Capitalism Woodiwiss broadens and brings his argument up to the present by examining those who constructed and then benefited from myth making These include the Italian dictator Benito Mussolini opportunistic American politicians and officials and more recently law enforcement bureaucracies led by the Federal Bureau of Investigation Organised crime control policies now tend to legitimise repression and cover up failure They do little to control organised crime While the US continues to export its organised crime control template to the rest of the world opportunities for successful criminal activity proliferate at local national and global levels making successful prosecutions irrelevant

No Haven Paul Bleakley,2024-09-03 With Boston to the north and New York City to the south Connecticut s history of organized crime is often overlooked This is the untold story of New Haven s illegal past One of America s most historic and enduring cities New Haven has wrangled with a perpetual identity struggle torn between worlds that occasionally converged in chaos and violence In the 1930s Connecticut became a region where Mafia families like the Genoveses Gambinos Colombos and Patriarcas shared turf working together with enough profits to go around or descending into open war to rival that experienced in any major city Central to this conflict were three men who were at different times cautious allies or sworn nemeses Representing the Genoveses Midge Renault reigned supreme thanks to his reputation for wanton violence Meanwhile Colombo capo Ralph Whitey Tropiano maintained a lower profile which belied his reputation as a vicious killer But it was his lieutenant Billy The Wild Guy Grasso who ultimately rose to the top after joining the New England Patriarca Family enjoying a short rule that ended with a murder plot that left him on the wrong end of a bullet
