Magdalena Pecadora:

Screen Jesus Peter Malone, 2012-10-12 Since the dawn of film in the 1890s religious themes and biblical subjects have been a staple of cinema. One of the earliest focuses of screen presentations was the Bible especially the New Testament and the Gospels. In *Screen Jesus: Portrayals of Christ in Television and Film* Peter Malone takes a close look at films in which Jesus is depicted. From silent renditions of The Passion Play to 21st century blockbusters like *The Passion of the Christ* Malone examines how the history of Jesus films reflects the changes in artistic styles and experiments in cinematic forms for more than a century. In addition to providing a historical overview of the Jesus films this book also reveals the changes in piety and in theological understandings of the humanity and divinity of Jesus over the decades. While most of the Jesus films come from the United States and the west an increasing number of Jesus films come from other cultures which are also included in this study. Fans and scholars interested in the history of religious cinema will find this an interesting read as will students and teachers in cinema and religious studies church pastors parish groups and youth ministry.

The Bible in Motion Rhonda Burnette-Bletsch, 2016-09-12 This two part volume contains a comprehensive collection of original studies by well known scholars focusing on the Bible's wide ranging reception in world cinema. It is organized into sections examining the rich cinematic afterlives of selected characters from the Hebrew Bible and New Testament considering issues of biblical reception across a wide array of film genres ranging from noir to anime featuring directors from Lee Chang-dong to the Coen brothers whose body of work reveals an enduring fascination with biblical texts and motifs and offering topical essays on cinema's treatment of selected biblical themes e.g. lament apocalyptic particular interpretive lenses e.g. feminist interpretation queer theory and windows into biblical reception in a variety of world cinemas e.g. Indian Israeli and Third Cinema. This handbook is intended for scholars of the Bible religion and film as well as for a wider general audience.

Judas Iscariot: Damned or Redeemed Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew. Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect. But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts. Carol A. Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus. Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism. Hebron reveals two distinct theologies rejection and acceptance. The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film. Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process.
