**Magellan and the First Voyage Around the World** Nancy Smiler Levinson, 2001 A biography of the Portuguese sea captain who set sail from Spain in 1519 and successfully sailed around the world to prove that the world is not only round but circumnavigable Magellan's Voyage Around the World Charles Edward Nowell, 2018-12-02 a fundamental work for anyone who desires both the English version of the story of this path breaking voyage and an up to date evaluation of the scholarly production about the voyage that has appeared during the last four and a half centuries Lewis Hanke Columbia University Today when men orbit the globe in a few minutes it is difficult to imagine the awe that accompanied the news of the three years voyage completing man's first circumnavigation of the earth Wonder and amazement marked the contemporary accounts of Magellan's hazardous adventure and now the three best accounts have been gathered into one volume and provided with an introduction and commentary based on the most accurate historical information available by an eminent scholar of Hispanic studies Included are translations of the accounts by Antonio Pigafetta one of the eighteen actual survivors of the 241 who undertook the voyage by the secretary of Emperor Charles V Maximilian of Transylvania who wrote a long report based on first hand accounts to his father the Cardinal of Salzburg and by Gaspar Correa a Portuguese historian who twenty years later wrote of the voyage mixing fact with fanciful tales of the Far East Several of the maps prepared for this edition are in the style of the period and represent conceptions of the world as seen by cartographers and navigators at the beginning of the Age of Discovery **Magellan's Voyage Around the World**, 1906 **Magellan's Voyage Around the World** Cath Senker, 2008 Readers can follow great explorers on historical journeys along famous landforms with this unique series The geographical features are tied into the personal accounts of the explorers on their expeditions including the conditions and equipment they had Each book is filled with primary sources such as quotations from diaries and journals *Magellan: the First Voyage Around the World* Stanley Alderley, 2013-03-02 Illustrated with contemporary maps paintings and engravings this fascinating book features the trials and tribulations of Ferdinand Magellan's circumnavigation of the globe Along with an in depth biography by the eminent Victorian historian Lord Stanley the book features the most complete contemporary version of the voyage from Antonio Pigafetta a Venetian scholar and explorer who served with Magellan throughout his great journey He wrote meticulous notes throughout the expedition about the geography climate flora and fauna and detailed references about the Brazilian cannibals the Patagonian giants and the native peoples of Papua New Guinea Indonesia and the Philipines where Magellan was killed in a battle on the island of Mactan in 1521 The First Voyage around the World (1519-1522) Antonio Pigafetta, 2007-12-29 On 10 August 1519 five ships departed from Seville for what was to become the first circumnavigation of the globe Linked by fame to the name of its captain Magellan much of the expedition is known through the travelogue of one of the few crew members who returned to Spain Antonio Pigafetta A narrative and cartographic record of the journey including 23 hand drawn watercolour charts from
