The first element of success in the business is to begin at a point of low supply in the market, then concentrate hard on creating the demand. Microsoft did this in the case of Windows. Others in the software field are a different story. When companies are more competitive, it's harder to succeed. But through careful planning, marketing, and the ability to deliver great value, Microsoft is able to drive new sales. Windows is the best example. The company is planning about how to build a new generation of software products that will dominate the marketplace and generate the kind of growth and profitability we have seen in the past.
