Magic Among The Hebrews And Their Neighbors:

Magic, Divination, and Demonology Among the Hebrews Thomas Witton Davies, 1969 This includes an examination of Biblical references and of the Biblical terms *Magic, Divination, and Demonology Among the Hebrews and Their Neighbours* Thomas Witton Davies, 1898 [Magic Among the Hebrews and Their Neighbors](#) T. Witton Davies, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Magic in the Ancient Eastern Mediterranean* Nina Nikki, Kirsi M.J. Valkama, 2020-12-14 *Magic in the Ancient Eastern Mediterranean* Cognitive Historical and Material Perspectives brings together articles with the shared conviction that the category of magic remains useful in religious studies and provides new insights to biblical and related texts and artifacts Historically magic has been considered in both scholarly and popular discourse to be questionable obscure and potentially subversive 19th century scholars of religion viewed magical beliefs and practices as primitive and inferior compared to Judeo Christian forms of worship which were considered true religion More recently the category has been defended especially by scholars of the cognitive science of religion who find it useful for delineating a set of beliefs and practices fundamental to all forms of religion The volume joins current scholarship in refraining from using the concept as an othering device and in arguing that it can still serve as a helpful analytical tool In addition to analyzing the discourse on magic in both ancient literature and modern scholarship the articles provide individual examples of how literary and material culture attest to the existence of magical beliefs and practices in sources from the Ancient Near East to the Byzantine Period The book is divided into three parts The contributions in the first part approach magic from the theoretical perspective of cognitive studies ritual studies and cultural evolution while the rest of the book focuses on how magic and magicians are understood in ancient sources The second part discusses a specific set of textual material dealing with blessings and curses The third part of the volume discusses the world of various destructive celestial beings from which one and one s loved ones had to be defended as well as the multitude of protective beings such as angels [Jewish Magic and Superstition](#) Joshua Trachtenberg, 2012-10-08 Alongside the formal development of Judaism from the eleventh through the sixteenth centuries a robust Jewish folk religion flourished ideas and practices that never met with wholehearted approval by religious leaders yet enjoyed such wide popularity that they could not be altogether excluded from the religion According to Joshua Trachtenberg it is not possible truly to understand the experience and history of the Jewish people without attempting to recover their folklife and beliefs from centuries past Jewish Magic and Superstition is a masterful and utterly fascinating exploration of religious forms that have all but disappeared yet persist in the imagination The volume begins with legends of Jewish sorcery and proceeds to discuss beliefs about the evil eye spirits of the dead powers of good the famous legend of the golem

procedures for casting spells the use of gems and amulets how to battle spirits the ritual of circumcision herbal folk remedies fortune telling astrology and the interpretation of dreams First published more than sixty years ago Trachtenberg's study remains the foundational scholarship on magical practices in the Jewish world and offers an understanding of folk beliefs that expressed most eloquently the everyday religion of the Jewish people *Journal of American Folklore*, 1925 [Aramaic Incantation Texts from Nippur](#) James Alan Montgomery, 1913 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas **Biblical Demonology** Merrill F. Unger, 1994-04-15 The supreme merit of Biblical Demonology is that it holds closely to the Word of God It will remain for many years to come the standard treatment of biblical demonology Dr Wilbur M Smith *The Mirror of Magic* Kurt Seligmann, 2018-10-16 A collector's edition of the classic illustrated and comprehensive history of magic and the occult Written by renowned Surrealist and magic scholar Kurt Seligmann 1900-1962 Includes all 250 illustrations from the original 1948 edition Explores magical practices and beliefs from their origins in the ancient world through the heyday of secret societies in the 18th century In the occult classic *The Mirror of Magic* renowned Surrealist Kurt Seligmann 1900-1962 draws from his encyclopedic practitioner's knowledge and extensive antiquarian collection to offer a comprehensive illustrated history of magic and the occult from Mesopotamia and ancient Egypt through the 18th century He explores the gods and divinatory arts of the legendary Sumerians and the star-wise Babylonians including the birth of astrology He examines the afterlife beliefs of the ancient Egyptians and the dream interpretation practices and oracles of ancient Greece including the mysteries of Eleusis and the magical philosophy of Plato Socrates and other Greeks He uncovers the origins of Gnosticism and the suppression and banishment of magic by the post-pagan Christian emperors of Rome Seligmann reviews the principles of alchemy sharing famous transmutations and allegorical illustrations of the alchemical process and explores the Hermetica and its remarkable adepts Investigating the Middle Ages the author discusses the work of European magicians of the time including Albertus Magnus Roger Bacon Agrippa Nostradamus and Pico Della Mirandola He studies the medieval practices of devil worship witchcraft and black magic as well as the Cabala in both its Hebrew and Christian forms He also examines the art of the Tarot and many lesser-known divination techniques He explores the development of secret societies including Freemasonry and Rosicrucianism in the 17th century and the increase in occult publications and magical science in the 18th century First published in 1948 this history of magic and the occult seeks to mirror the magical worldview throughout the ages Beautifully illustrated with images from the author's rare library this collector's edition features all of the artwork more than 250 images from the original 1948 edition [Lilith's Cave](#) Howard Schwartz, 1991-12-12 Tales of terror and the supernatural hold an honored position in the Jewish folkloric tradition Howard Schwartz has superbly

Darko,2020-03-31 In this comprehensive exploration of Ephesians Daniel K Darko establishes the context of early Christians in Asia Minor specifically in relation to their belief in spiritual beings and the role these beings play in human affairs Drawing parallels with contemporary contexts across the globe especially in Africa Professor Darko critiques the limited lens of Western interpretation encouraging the church to embrace a broader array of worldviews in its pursuit of deep biblical understanding and sound application Ultimately Darko demonstrates that salvation in Ephesians is about deliverance from sin and the end of control by evil powers so we can flourish under the reign of God Leland Stanford Junior University Publications. *Psychical Research Monograph* ,1917
