Modern Introduction To International Law:

Akehurst's Modern Introduction to International Law Peter Malanczuk, 1997 12 The law of the sea **Akehurst's**
Modern Introduction to International Law Alexander Orakhelashvili, 2022-02-28 First published in 1970 Akehurst's
Modern Introduction to International Law rapidly established itself as a widely used and successful textbook in its field Being
the shortest of all the major textbooks in this area it continues to offer a concise and accessible overview of the concepts
themes and issues central to the growing system of international law while retaining Akehurst's original positivist approach
that accounts for the essence and character of this system of law This new ninth edition has been further revised and
updated by Alexander Orakhelashvili to take account of a plethora of recent developments and updates in the field
accounting for over forty decisions of international and national courts as well as a number of treaties and major incidents
that have occurred since the eighth edition of this textbook was published Based on transparent methodology and with a
distinctive cross jurisdictional approach which opens up the discipline to students from all backgrounds this engaging well
structured and reputable textbook will provide students with all the tools methods and concepts they need to fully
understand this complex and diverse subject It is an essential text for all undergraduate and postgraduate students of
international law government and politics and international relations This book is one of the only textbooks in international
law to offer a fully updated bespoke companion website www.routledge.com/cw/orakhelashvili *Akehurst's Modern*
Introduction to International Law Peter Malanczuk, 2002-04-12 First published in 2002 Routledge is an imprint of Taylor
Francis an informa company **Akehurst's Modern Introduction to International Law** Peter Malanczuk, 1997 **A**
Modern Introduction to International Law Michael Barton Akehurst, 1984 **A Modern Introduction to**
International Law Michael Barton Akehurst, 1991 Non-State Actors in International Law Math Noortmann, August
Reinisch, Cedric Ryngaert, 2015-08-27 The role and position of non state actors in international law is the subject of a long
standing and intensive scholarly debate This book explores the participation of this new category of actors in an international
legal system that has historically been dominated by states It explores the most important issues actors and theoretical
approaches with respect to these new participants in international law It provides the reader with a comprehensive and state
of the art overview of the most important legal and political developments and perspectives Relevant non state actors
discussed in this volume include in particular international governmental organisations international non governmental
organisations multinational companies investors and armed opposition groups Their legal position is considered in relation to
specific issue areas such as humanitarian law human rights the use of force and international responsibility The main legal
theories on non state actors position in international law neo positivism the policy oriented approach and transnational law
are covered at the beginning of the book and the essential political science perspectives on non state actors role in
international politics and globalisation as well as their soft power are presented at the end **A Modern Introduction to**

International Law, By Michael Akehurst Michael Barton Akehurst,1970 *Economic and Environmental Regulation of International Aviation* Steven Truxal,2016-12-01 The core structure of the regulatory regime for international civil aviation the Chicago System is international The features of the Chicago System were designed in an era when the world's airlines were State owned and the most pressing international concerns were for navigation and safety regulation Economic liberalization and intense globalization since the Second World War have impacted on the industry today it is global This book observes the developing governance of global aviation taking into account the concepts of sovereignty jurisdiction and territoriality and the proliferation of actors and participants as partners in a global public policy network to posit that an upgraded system of global governance for civil aviation helps to explain the emerging complex landscape for global governance of civil aviation As evidence of the emerging complex matrix of governance of global aviation this book identifies and reviews a selection of contemporary transnational economic and environmental challenges facing the globalized aviation sector e.g. fair competition safeguards consumer protection noise pollution and greenhouse gas emissions and the respective legal and policy actions taken at national level United Arab Emirates Qatar and People's Republic of China regional level the European Union and international level UN Framework Convention on Climate Change and International Civil Aviation Organization The book concludes that economic and environmental regulation of international aviation designed for an international world of yesterday evolves into global governance of aviation which is more suited for today's global world This book will be of particular interest to scholars and practitioners of aviation law competition law and environmental law as well as in the areas of transnational law global governance and international relations [Equity and Equitable Principles in the World Trade Organization](#) Anastasios Gourgourinis,2015-07-24 This book analyses whether and how equity and equitable principles can be employed as juridical tools in the legal reasoning of judges and lawyers in World Trade Organization WTO disputes where there is interaction between norms derived from the multilateral trade regime and other international legal regimes Bringing the literature on equity and equitable principles in international law up to date this book tackles several legal problems which have emerged in WTO dispute settlement practice as well as engaging with the concept of the fragmentation of international law The book provides an original argument about the role and significance of equity and equitable principles in the debate over fragmentation by providing a coherent methodology for addressing conflicts and overlaps between WTO and non WTO norms in the context of Dispute Settlement Body proceedings **Transnational Terrorism and State Accountability** Vincent-Joël Proulx,2012-11-05 Every State has an obligation to prevent terrorist attacks emanating from its territory This proposition stems from various multilateral agreements and UN Security Council resolutions This study exhaustively addresses the scope of this obligation of prevention and the legal consequences flowing from its violation so as to provide greater clarity on governments counterterrorism duties and to enhance State accountability for preventable wrongs It defines the contents and contours of the obligation while placing critical emphasis on the mechanics of State

responsibility Whether obscured by new technologies like the Internet the sophisticated cellular structure of some terrorist organisations or convoluted political realities the level of governmental involvement in terrorist activities is no longer readily discernible in every instance Furthermore the prospect of governments waging surrogate warfare through proxies also poses intractable challenges to the mechanism of attribution in the context of State responsibility This monograph sets out the shortcomings of the extant scheme of State responsibility while identifying a paradigm shift towards more indirect modes of accountability under international law a trend corroborated by recent State and institutional practice Drawing on varied legal and theoretical influences the study devises and prescriptively argues for the implementation of a strict liability inspired model grounded in the logic of indirect responsibility with a view to enhancing State compliance with counterterrorism obligations This shifts the policy focus squarely to prevention while promoting multilateralism and transnational cooperation Ultimately the legal and policy sensibilities underlying the book converge into a new theory of prevention in counterterrorism contexts From the Foreword by Judge Bruno Simma International Court of Justice Even if one might disagree with the bases on which the author constructs his argument the execution of the argument is solid and thorough The coverage of the major policy arguments and the available legal source materials is equally impressive Moreover the author's positions are genuinely progressive and present a fairly innovative solution in the form of a strict liability mechanism It behoves all scholars and practitioners of international law with an interest in combating international terrorism to consider the proposals outlined in this book

Transnational Terrorism and State Accountability by Vincent Jol Proulx has been awarded the 2014 Myres McDougal Prize for best book in Law Science and Policy from the Society of Policy Scientists

[Understanding International Law](#) Conway W. Henderson, 2009-11-25 *Understanding International Law* presents a comprehensive accessible introduction to the various aspects of international law while addressing its interrelationship with world politics Presents well organized balanced coverage of all aspects of international law Features an accompanying website with direct access to court cases and study and discussion questions Visit the site at <http://www.wiley.com/go/internationallaw> Includes discussion of the efficacy of international law a topic unique among international law texts Offers discussion of other topics that most texts do not address such as complete chapters on making the world safer human rights the environment and the world economy

Climate Governance in the Arctic Timo Koivurova, E. Carina H. Keskitalo, Nigel Banks, 2010-03-12 Climate change is affecting the Arctic environment and ecosystems at an accelerating speed twice the rate of the global average This is opening the Arctic to transportation and resource development and creating serious challenges for local communities and indigenous peoples *Climate Governance in the Arctic* considers two aspects of climate change from an institutional perspective It focuses on how relevant regimes institutions and governance systems support mitigation of climate change It also examines the extent to which the varying governance arrangements in the Arctic support adaptation and the development of adaptation processes for the region The book's focus on Arctic

governance offers unique insights within climate change mitigation and adaptation research

A Cornerstone of Modern Diplomacy Kai Bruns, 2014-06-19 The Vienna Convention on Diplomatic Relations VCDR was signed at the height of the Cold War more than fifty years ago The agreement and its negotiation have become a cornerstone of diplomatic law A Cornerstone of Modern Diplomacy which is based on archival research in the National Archives London the Austrian State Archives Vienna and the Political Archive Berlin delivers the first study of the British policy during the negotiation of the key convention governing diplomatic privileges and immunities the 1961 Vienna Convention on Diplomatic Relations The book provides a complete commentary on the political aspects of the codification process of diplomatic law By clearly presenting the case with accessible analysis author Kai Bruns makes the relations between international law and politics understandable stressing the impact of the emergence of the third world in UN diplomacy This unique study is a crucial piece of scholarship shedding light on the practice of United Nations conference diplomacy and the codification of diplomatic law at the height of the Cold War

Crimes against Humanity M. Cherif Bassiouni, 2011-04-25 This book traces the evolution of crimes against humanity CAH and their application from the end of World War I to the present day in terms of both historic legal analysis and subject matter content The first part of the book addresses general issues pertaining to the categorization of CAH in normative jurisprudential and doctrinal terms This is followed by an analysis of the specific contents of CAH describing its historic phases going through international criminal tribunals mixed model tribunals and the International Criminal Court The book examines the general parts and defenses of the crime along with the history and jurisprudence of both international and national prosecutions For the first time a list of all countries that have enacted national legislation specifically directed at CAH is collected along with all of the national prosecutions that have occurred under national legislation up to 2010

A Modern Chinese Journey to the West Ulric Killion, 2006 This book begins and perhaps should end with an excerpt from the writings of the late eminent Chinese scholar Fung Yu lan or Feng Youlan 1895 1990 who wrote The ancient Chinese culture is an inherent factor determining the Chinese style If the latter enunciation of Fung Yu lan stirs one's interest in Chinese culture for the typical reasons such as an interest in ancient periods of China romanticism which focuses on the exotic and mysterious for example Zen Buddhism and Taoism or simply as the source of exotic objects d art then all the better Because for a typical Westerner bound in Western conventionalism and parochialism engendering an understanding of the policies and practices of the People's Republic of China China necessitates understanding a modern China in light of Chinese traditional culture or philosophy or a China in antiquity The consequence of Chinese traditional culture affects many political economy concerns of modern China ranging from socio economic political to international trade and other concerns Indeed philosophical antecedents influence modern Chinese policies and practices

The English Legal System Alisdair Gillespie, Siobhan Weare, 2019 An engaging guide to the English legal system which helps students new to law develop a critical legal mind Presenting and critiquing the law in a lively style this text invites students to question analyse and

evaluate *China's Unequal Treaties* Dong Wang, 2005-01-01 *China's Unequal Treaties* offers a study based on primary sources of the linguistic development and polemical uses of the expression Unequal Treaties to refer to the treaties written between 1842 and 1943. Although the expression has occupied a central position in both Chinese collective memory and English historiographies, *China's Unequal Treaties* is the first study of the phrase and its interpretations.

The State Immunity Controversy in International Law Ernest K. Banks, 2022-06-08 The author shows through a careful analysis of the law that restrictive immunity does not have *vox populi* in developing countries and that it lacks *usus*. He also argues that *forum law* i.e. the *lex fori* is a creature of sovereignty and between equals before the law only what is understood and acknowledged as law among states must be applied in as much as the international legal system is horizontal.

Power in the Global Era T. Cohn, S. McBride, J. Wiseman, 2000-09-08 This volume discusses the effects of globalization on changing power relationships between transnational corporations (TNCs) and transnational capital, the state and subnational groups. TNCs have expanded their power with the deepening of market relations but they are not causing the state to wither away. Indeed, neoliberal changes often occur with the permission or even encouragement of powerful states. Transnational capital has weakened labour groups in order to make production more competitive but the disadvantaged groups may mobilise to counter the power of transnational capital. Finally, globalization is subjecting domestic policies to increased international scrutiny.

Modern Introduction To International Law Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change. Modern Introduction To International Law Introduction

In today's digital age, the availability of Modern Introduction To International Law books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Modern Introduction To International Law books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Modern Introduction To International Law books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Modern Introduction To International Law versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Modern Introduction To International Law books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Modern Introduction To International Law books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Modern Introduction To International Law books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts

millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Modern Introduction To International Law books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Modern Introduction To International Law books and manuals for download and embark on your journey of knowledge?

FAQs About Modern Introduction To International Law Books

1. Where can I buy Modern Introduction To International Law books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
