Nuclear Era Its History Its Implications:

A History of the Atomic Space Age and Its Implications for the Future Willis L. Shirk, 2018-02-12 The Atomic Space Age has been and continues to be an engine for future wealth creation Humanity stands on the verge of becoming an interplanetary species We know we are made of star stuff precisely because many of the isotopes in our bodies originated in the death throes of dying suns With the discovery of nuclear fission in 1938 mankind was for the first time able to glimpse both our distant past and our possible future As with the discovery of fire and agriculture thousands of years ago wind power hundreds of years ago and steam power and electricity in the nineteenth century we must now learn to tame this powerful new force locked within the heart of the atom Buckminster Fuller once observed that wealth is nothing more than energy compounded by ingenuity Since mass energy can never decrease and ingenuity will only increase there is no limit to the quantity of wealth that our species can and will create using nuclear space propulsion [Air University Review](#) ,1984

Soviet Posture in the Western Hemisphere United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Western Hemisphere Affairs, 1985 **Future Survey Annual 1983** Michael Marien, 1984-01-01

Strategic Power Carl G. Jacobsen, 1990-02-23 This book highlights the impact and relevance of strategic culture Each section contains essays contrasting United States and Soviet perceptions on specific topics Each section closes with a synthesizing commentary to help readers to get a better sense of differences and similarities [Soviet Foreign Policy](#) Carl G. Jacobsen, 2016-01-19 This book looks at the new themes and directions that have characterised Soviet foreign policy during the first Gorbachev era Various aspects are studied in detail such as the shift of attention away from relations with America as being their prime foreign policy concern [Celluloid Mushroom Clouds](#) Joyce Evans, 2018-03-05 *Celluloid Mushroom Clouds* is a historical account of how the movie industry responded to specific economic and political forces over the postwar years Joyce Evans investigates the transformation of the imagery associated with atomic technology found in Hollywood films produced and distributed between 1947 and 1964 Incorporating qualitative and quantitative research methods over 90 are analyzed in terms of their historical context and the context of film production and distribution

Quarterly Review of Military Literature ,1983 [The Global Impact of Unconventional Shale Gas Development](#) Yongsheng Wang, William E. Hefley, 2016-07-15 This book discusses the economic political and environmental issues surrounding the international exploration and exploitation of conventional and unconventional natural gas Shale gas development in recent years has changed the energy discussion in the US as existing reserves of natural gas coupled with horizontal drilling and hydraulic fracturing make exploitation of these reserves economically feasible the discussion is quickly becoming international in scope The potential expansion of natural gas development impacts many regions of the globe and spans multiple perspectives In a volatile international climate one of intense geopolitical conflict between Russia and the West economic slowdowns in Europe and China military conflicts in the Middle East and northern Africa and widening

income disparity in the U S a relatively inexpensive and plentiful energy source like shale gas could play a key role in mitigating such conflicts In an energy interdependent global community however multiple factors such as oil prices differing rates of exploration environmental concerns strategic initiatives institutional changes legal and regulatory issues and actions of the nations involved all have the potential to influence future outcomes This book discusses each of these in turn detailing the issues most prevalent in each geographical area The first volume to provide a comprehensive global view of the impacts of shale gas development this book fills a gap in the current research literature providing vital information for the scholarly community and the public alike This book will be of interest to researchers and students of economics energy policy public administration and international relations as well as policy makers and residents of the regions that are experiencing shale gas development
