You Can't Take My Name Willow White, 2025-08-28 In this desolate land stripped of life and hope a twelve year old boy has against all odds spent the last decade surviving alone His name is the only constant he clings to a fragile thread that ties him to his identity When a fateful encounter with an old man challenges his solitude an unlikely bond begins to form redefining what it means to live rather than merely exist The boy faces a choice risk companionship or cling to the survival rules his brother taught him years ago But the harsh reality of survival tears the boy s world apart once again plunging him into the merciless grip of The Centre an organisation that strips him of his humanity As the now teenager endures unimaginable loss and pain he grapples with questions of identity love and what it truly means to be human With everything on the line a chance of escape sparks hope Led by a mysterious figure who stirs feelings the teenager has no words for together they risk everything for a future that may not exist Do they dare to defy despair with the fragile power of hope

Hit Songs, 1900-1955 Don Tyler, 2007-04-16 This is a chronology of the most famous songs from the years before rock n roll The top hits for each year are described including vital information such as song origin artist s and chart information For many songs the author includes any web or library holdings of sheet music covers musical scores and free audio files An extensive collection of biographical sketches follows providing performing credits relevant professional awards and brief biographies for hundreds of the era s most popular performers lyricists and composers Includes an alphabetical song index and bibliography *Art as Performance, Story as Criticism* Craig S. Womack, 2014-10-20 Pick up a work of typical literary criticism and you know what to expect prose that is dry pedantic well meaning but tedious slow going and essentially humorless But why should that be so Why can t more literary criticism have a political edge and be engaging and fast paced Why can t it include drama personal narrative and even humor Why can t criticism become an artistic performance rather than just a discussion of art *Art as Performance Story as Criticism* is Craig Womack s answer to these questions Inventive and often outrageous the book turns traditional literary criticism on its head rejecting distanced purely theoretical argumentation for intimate engagement with literary works Focusing on Native American literature Womack mixes forms and styles He is unafraid to combine meticulous research and carefully considered historical perspectives with personal

reactions and reflections The book opens with a short story The Song of Roe N ld in which a Native filmmaker loses control of his movie project in part because of his homoerotic attraction to its star The following chapters or mus e ings include original dramas while others more closely resemble traditional literary criticism such as essays discussing the lesser known plays of Lynn Riggs and the stories of Durango Mendoza Still other chapters defy easy categorization such as the piece Caught in the Current Clinging to a Twig in which Womack interweaves historical analysis of the state of the Creek Nation in 1908 with a vivid recreation of the last day on earth of Creek poet Alexander Posey Throughout the book the author offers his take on such controversial issues as the Cherokee freedmen issue and the ban on gay marriage In being different Womack seeks to breathe new life into literary analysis and in troduce criticism to a wider audience Radical groundbreaking and refreshing Art as Performance Story as Criticism reinvents literary criticism for the twenty first century Kipling's Choice Geert Spillebeen,2007-06 Now available in paperback this moving historical novel examines the lost days of Rudyard Kipling s son John who was killed in his first battle of World War I The Chain Clifton A.
