Pol Pot Regime 2nd:

Pol Pot's Cambodia, 2nd Edition Matthew S. Weltig, 2012-08-01 Pol Pot one of the world's most infamous dictators rose to power in the 1960s in the Southeast Asian country of Cambodia. In the mid 1970s Cambodia had been chafing for centuries under Thai, Vietnamese and French control. As leader of the Khmer Rouge Cambodia's communist rebel movement, Pol Pot won control of Cambodia in 1975. He intended to establish a farming utopia. Declaring that society needed purification, he set out to extinguish capitalism, non-Cambodian culture, city life, religion, and all foreign influences. But instead of building a strong, just nation, Pol Pot engineered a genocide. During his regime, almost two million Cambodians died from overwork, starvation, disease, and execution. Creating a harsh climate of fear, brutality, misery, and intolerance, Pol Pot's rule drained a once prosperous country of its economic and human resources. Read this book to learn more about the internal workings of one of the world's most devastating dictatorships.

Denial of Genocides in the Twenty-First Century Bedross Der Matossian, 2023-05 Throughout the twenty-first century, genocide denial has evolved and adapted with new strategies to augment and complement established modes of denial. In addition to outright negation, denial of genocide encompasses a range of techniques, including disputes over numbers, contestation of legal definitions, blaming the victim, and various modes of intimidation, such as threats of legal action. Arguably, the most effective strategy has been denial through the purposeful creation of misinformation. *Denial of Genocides in the Twenty-First Century* brings together leading scholars from across disciplines to add to the body of genocide scholarship that is challenged by denialist literature. By concentrating on factors such as the role of communications and news media, global and national social networks, the weaponization of information by authoritarian regimes, and political parties, court cases in the United States and Europe, freedom of speech, and postmodernist thought, this volume discusses how genocide denial is becoming a fact of daily life in the twenty-first century.

A Race So Different Joshua Chambers-Letson, 2023-11-21. Winner of the 2014 Outstanding Book Award presented by the Association for Theatre in Higher Education. Taking a performance studies approach to understanding Asian American racial subjectivity, Joshua Takano Chambers Letson argues that the law influences racial formation by compelling Asian Americans to embody and perform recognizable identities in both popular aesthetic forms such as theater, opera, or rock music and in the rituals of everyday life. Tracing the production of Asian American selfhood from the era of Asian Exclusion through the Global War on Terror, *A Race So Different* explores the legal paradox whereby U.S. law apprehends the Asian American body as simultaneously excluded from and included within the national body politic. Bringing together broadly defined forms of performance from artistic works such as *Madame Butterfly* to the Supreme Court's oral arguments in the Cambodian American deportation cases of the twenty-first century, this book invites conversation about how Asian American performance uses the stage to document, interrogate, and complicate the processes of racialization in U.S. law. Through his impressive use of a rich legal and cultural archive, Chambers Letson articulates a robust understanding of the construction of social and racial realities in the contemporary United States.

Accountability for Mass Starvation Bridget Conley, Alex de Waal, Catriona Murdoch, Wayne Jordash QC, 2022-09-01. Famine is an age-old scourge that almost disappeared in our lifetime. Between 2000 and 2011, there were no famines and deaths in humanitarian emergencies were much reduced. The humanitarian agenda was ascendant. Then in 2017, the United Nations identified four situations that threatened famine or breached that threshold in north-eastern Nigeria, Somalia, South Sudan, and Yemen. Today, this list is longer. Each of these famines is the result of military actions and exclusionary authoritarian politics conducted without regard to the wellbeing or even the survival of people. Violations of international law, including blockading ports, attacks on health facilities, violence against humanitarian workers, and obstruction of relief aid, are carried out with renewed impunity. Yet there is an array of legal offenses ranging from war crimes and crimes against humanity to genocide available to a prosecutor to hold individuals to account for the deliberate starvation of civilians. However, there has been a dearth of investigations and accountability for those violating international law. The reasons for this neglect and the gaps between the black letter law and practice are explored in this timely volume. It provides a comprehensive overview of the key themes and cases required to

catalyze a new approach to understanding the law as it relates to starvation It also illustrates the complications of historical and ongoing situations where starvation is used as a weapon of war and provides expert analysis on defining starvation early warning systems gender and mass starvation the use of sanctions journalistic reporting and memorialization of famine

Genocide and Resistance in Southeast Asia Ben Kiernan, 2017-07-05 Two modern cases of genocide and extermination began in Southeast Asia in the same year Pol Pot's Khmer Rouge regime ruled Cambodia from 1975 to 1979 and Indonesian forces occupied East Timor from 1975 to 1999 This book examines the horrific consequences of Cambodian communist revolution and Indonesian anti communist counterinsurgency It also chronicles the two cases of indigenous resistance to genocide and extermination the international cover ups that obstructed documentation of these crimes and efforts to hold the perpetrators legally accountable The perpetrator regimes inflicted casualties in similar proportions Each caused the deaths of about one fifth of the population of the nation Cambodia's mortality was approximately 1.7 million and approximately 170 000 perished in East Timor In both cases most of the deaths occurred in the five year period from 1975 to 1980 In addition Cambodia and East Timor not only shared the experience of genocide but also of civil war international intervention and UN conflict resolution U S policymakers supported the invading Indonesians in Timor as well as the indigenous Khmer Rouge in Cambodia Both regimes exterminated ethnic minorities including local Chinese as well as political dissidents Yet the ideological fuel that ignited each conflagration was quite different Jakarta pursued anti communism the Khmer Rouge were communists In East Timor the major Indonesian goal was conquest In Cambodia the Khmer Rouge's goal was revolution Maoist ideology influenced Pol Pot's regime but it also influenced the East Timorese resistance to the Indonesia's occupiers *Genocide and Resistance in Southeast Asia* is significant both for its historical documentation and for its contribution to the study of the politics and mechanisms of genocide It is a fundamental contribution that will be read by historians human rights activists and genocide studies specialists
