Where is My Home? Miriam Potocky-Tripodi, 2000 Rarely does one person's family history intersect dramatically with a country's momentous events In Where Is My Home A Refugee Journey Miriam Potocky Tripodi describes the Czech Republic's decades long struggle for freedom and how it affected her own life Only after the fall of Communism in 1989 could the author reclaim her homeland by visiting Prague and discovering her Czech heritage This family history written with both poignancy and unwavering honesty is the story of how the Nazi and Soviet invaders tried to destroy the soul of the Czech people Yet the story also contains vignettes of triumph from the author's father's defiance of Communist officials to an uncle's dreams of escape Like Czech history this family account has moments of aching sadness The author relates how she searched for any scrap of information about her grandparents who were murdered by the Nazis at Auschwitz Yet this book also reveals glimpses of radiance from a painter's sly humor to the author's feelings of connection to her fellow Czechs Can an exile ever return home after decades of living in America This difficult question reverberates throughout this book leaving the reader with a richer understanding of Czech history and one person's quest for self identity

Polish home and its representation is an ever changing phenomenon that absorbs new tendencies and at the same time retains its centrality to Polish literature whether written in Poland or abroad Framing the Polish Home is a pioneering work that explores the idea of home as fundamental to the question of cultural and national identity within Poland's recent history and its tradition In this inaugural volume of the Polish and Polish American Studies Series the Polish home emerges in its rich verbal and visual representations and multiple material embodiments as the discussion moves from the loss of the home during wartime to the Sovietized politics of housing and from the exilic strategies of having a home to the the idyllic evocation of the abodes of the past Although as Bo ena Shallcross notes in her introduction few concepts seem to have such universal appeal as the notion of the home this area of study is still seriously underdeveloped In essays from sixteen scholars Framing the Polish Home takes a significant step to correct that oversight covering a broad range of issues pertinent to the discourse on the home and demonstrating the complexity of the home in Polish literature and culture
