

Police Traffic Stops And Racial Profiling

Kelly A. Quiring (M.S.)

Police Traffic Stops And Racial Profiling:

POLICE TRAFFIC STOPS AND RACIAL PROFILING James T. O'Reilly, 2002-01-01 This text examines the numbers the advocacy arguments and the practical realities of the racial profiling controversy By applying law logic electoral common sense and police community relations the author shows how the successful police manager will deal with the issues without enduring personal or career disaster for the attempt The first part of the text explains the racial profiling controversy in the context of traffic stops The political and policy issues are covered along with the constitutional standards Then the second part addresses the types of actions sought by those who assert a need for remedies against police investigatory stops The third aspect of this text is an analysis of the mechanism by which challengers force elected officials into the defensive settlements seen in 1998 2001 Next the roles of elected officials police managers and police unions in dealing with this controversy is discussed Finally preventive steps are suggested that can practically be implemented to avoid this controversy from affecting successful police administration By taking apart the complex topic and showing its meaning significance and consequential events it is hoped that this book will help facilitate solutions where currently there is confusion and alarm

Suspect Citizens Frank R. Baumgartner, Derek A. Epp, Kelsey Shoub, 2018-07-10 The costs of racially disparate patterns of police behavior are high but the crime fighting benefits are low *Racial Profiling* Steven J. Muffler, 2006 In recent years racial profiling has drawn the attention of state and federal governments In this book racial profiling is defined as the practice of targeting individuals for police or security interdiction detention or other disparate treatment based primarily on their race ethnicity or national origin in the belief that certain minority groups are more likely to engage in unlawful behaviour Assertions that law enforcement personnel at all levels unfairly target certain racial and ethnic groups particularly but not exclusively for traffic stops and searches have raised concerns about violations of the Constitution The major debate on racial profiling centres on whether the practice should be prohibited entirely and whether data on traffic stops and searches should be collected to determine if the practice is occurring This book gathers presents the major issues available data and analyses important to understanding on the most dangerous and divisive practices of our time Driving While Black Tyler Wiggs, 2019 In the 1990s researchers began studying a phenomenon known academically as racial profiling and colloquially as driving while black Personal accounts media reports and scholarly research all indicated black drivers were stopped by police at rates disproportionate to the estimated population Nearly three decades later questions remain as to what causes the disparities in traffic stop data Disparities alone are not indicative of racial discrimination by individual police officers Though individual discrimination is a possible explanation for racial disparities in traffic stop data systemic issues as well as race neutral explanations may also explain such disparities This study seeks to overcome the limitations of previous research to address which explanation likely accounts for the majority of disparities in traffic stop data By surveying police officers this study aims to understand how officers initiate traffic stops how officers feel about the use of race in traffic

enforcement how investigatory stops may differ from traffic safety stops and how visibility affects racial disparities This study concludes with recommendations for future research into racial profiling in traffic enforcement

Pulled Over Charles R. Epp, Steven Maynard-Moody, Donald Haider-Markel, 2014-04-04 In sheer numbers no form of government control comes close to the police stop Each year twelve percent of drivers in the United States are stopped by the police and the figure is almost double among racial minorities Police stops are among the most recognizable and frequently criticized incidences of racial profiling but while numerous studies have shown that minorities are pulled over at higher rates none have examined how police stops have come to be both encouraged and institutionalized *Pulled Over* deftly traces the strange history of the investigatory police stop from its discredited beginning as aggressive patrolling to its current status as accepted institutional practice Drawing on the richest study of police stops to date the authors show that who is stopped and how they are treated convey powerful messages about citizenship and racial disparity in the United States For African Americans for instance the experience of investigatory stops erodes the perceived legitimacy of police stops and of the police generally leading to decreased trust in the police and less willingness to solicit police assistance or to self censor in terms of clothing or where they drive This holds true even when police are courteous and respectful throughout the encounters and follow seemingly colorblind institutional protocols With a growing push in recent years to use local police in immigration efforts Hispanics stand poised to share African Americans long experience of investigative stops In a country that celebrates democracy and racial equality investigatory stops have a profound and deleterious effect on African American and other minority communities that merits serious reconsideration *Pulled Over* offers practical recommendations on how reforms can protect the rights of citizens and still effectively combat crime

Cincinnati Police Department Traffic Stops Greg Ridgeway, 2009-10-07 In 2002 the Cincinnati Police Department CPD joined with other agencies and organizations to improve police community relations in the city This report focuses on the analysis of racial disparities in traffic stops in Cincinnati The authors find no evidence of racial differences between the stops of black and those of similarly situated nonblack drivers but some issues can exacerbate the perception of racial bias

Racial Profiling by Police Officers Conducting Searches During Traffic Stops Kelly A. Quiring (M.S.), 2013

Good Cop, Bad Cop Milton Heumann, Lance Cassak, 2003 *Good Cop Bad Cop* looks at the rise of racial profiling one of the most important and hotly debated topics in criminal justice and traces its development from its origins in criminal profiling through the use of profiles in drug trafficking prevention efforts in airports and on the U S highways until it became synonymous with racial discrimination by law enforcement The authors draw upon an extensive body of primary sources social science literature and court cases to examine how law enforcement legislators and the courts have handled racial profiling They also review the debate over racial profiling offering arguments made by its opponents and defenders before and after the events of September 11 and describe its development as both a legal and a cultural concept

Racial Profiling Laurie E. Ekstrand, Evi L. Rezmovic, 2000-12 Racial profiling of motorists by

law enforcement that is using race as a key factor in deciding whether to make a traffic stop is an issue that has received increased attention in recent years. Numerous allegations of racial profiling of motorists have been made and several lawsuits have been won. This report provides info on the findings and methodologies that have been conducted on racial profiling of motorists and federal state and local data available on motorist stops. The analyses indicates that African American motorists in particular and minority motorists in general were proportionately more likely than whites to be stopped on the roadways studied.

Race, Ethnicity, and Policing Stephen K Rice, Michael D White, 2010-03-01

From Rodney King and driving while black to claims of targeting of undocumented Latino immigrants relationships surrounding race ethnicity and the police have faced great challenge. Race Ethnicity and Policing includes both classic pieces and original essays that provide the reader with a comprehensive even handed sense of the theoretical underpinnings methodological challenges and existing research necessary to understand the problems associated with racial and ethnic profiling and police bias. This path breaking volume affords a holistic approach to the topic guiding readers through the complexity of these issues making clear the ecological and political contexts that surround them and laying the groundwork for future discussions. The seminal and forward thinking twenty two essays clearly illustrate that equitable treatment of citizens across racial and ethnic groups by police is one of the most critical components of a successful democracy and that it is only when agents of social control are viewed as efficient effective and legitimate that citizens will comply with the laws that govern their society. The book includes an introduction by Robin S Engel and contributions from leading scholars including Jeffrey A Fagan James J Fyfe Bernard E Harcourt Delores Jones Brown Ramiro Martinez Jr Karen F Parker Alex R Piquero Tom R Tyler Jerome H Skolnick Ronald Weitzer and many others.

Reviewing **Police Traffic Stops And Racial Profiling**: Unlocking the Spellbinding Force of Linguistics
