Simon Watney

Policing Desire Pornography Aids And The Media Media And Society Univ Of Minnesota Pr:

Mass Media James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes

Policing Desire Simon Watney, 1987 For the new editors of this controversial Watney School of communications polytechnic of Central London has provided a new preface and a new concluding essay that updates his arguments Watney remains convinced of the need to address questions concerning the operations of fantasy and the unconscious in relation to our provisional understanding of the political and ideological economies of this epidemic a provoking well articulated and like Primo Levi's witness dispassionate attempt to set a horror inspiring situation down clearly and persuasively Annotation copyrighted by Book News Inc Portland OR The Ashgate Research Companion to Moral Panics Charles Krinsky, 2016-03-23 The Ashgate Research Companion to Moral Panics offers a comprehensive assemblage of cutting edge critical and theoretical perspectives on the concept of moral panic All chapters represent original research by many of the most influential theorists and researchers now working in the area of moral panic including Nachman Ben Yehuda and Erich Goode Joel Best Chas Critcher Mary deYoung Alan Hunt Toby Miller Willem Schinkel Kenneth Thompson Sheldon Ungar and Grazyna Zajdow Chapters come from a range of disciplines including media studies literary studies history legal studies and sociology with significant new elaborations on the concept of moral panic and its future informed and powerful critiques and detailed empirical studies from several continents A clear and comprehensive survey of a concept that is increasingly influential in a number of disciplines as well as in popular culture this collection of the latest research in the field addresses themes including the evolution of the moral panic concept sex panics media panics moral panics over children and youth and the future of the moral panic concept Media, Process, and the Social Construction of Crime Gregg Barak, 2013-10-28 First published in 1995 One of the most pervasive forms of social control in our society is the mass media The public learns from television newspapers magazines movies and books what is happening in the world and how to interpret it The problem however is that full or complete interpretations of reality are not presented In short reality itself clear and unadorned is not to be found in the information provided by the media Instead media presentations consist of those various viewpoints that succeed in capturing the minds and imaginations of the masses or in terms of the 1992 presidential campaign that successfully put the winning spin on information Barak and others believe that criminologists should participate in the various media presentations of crime and justice By bringing their knowledge to bear on media presentations criminologists can help make some news more representative and less distorted of the social reality of crime The Body in Society

Alexandra Howson,2013-04-03 In everyday life we are not for the most part actively conscious of our bodies or the bodies of others we simply take them for granted This new edition of a lively introduction to the sociology of the body examines what certain aspects of our bodies such as the size shape smell and demeanour reveal about the social organization of everyday life and how the body is crucial to the way we engage with the world and the people around us The human body is endowed with varied forms of social significance which sociology has addressed by asking questions such as To what degree do individuals have control over their own bodies What interest does the state have in regulating the human body How significant is the body to the development and performance of the self in everyday life What images of the body influence people s expectations of themselves and others Written in a clear and comprehensible way The Body in Society introduces students to the key conceptual frameworks that help us to understand the social significance of the human body This second edition has been thoroughly updated to take into account recent theories and debates and also includes enhanced pedagogical features Using familiar examples from everyday life such as diet and exercise regimes personal hygiene dress displays of emotion and control over bodily functions coupled with examples from popular culture the text has strong contemporary relevance and will strike a chord with all who read it This book will be essential reading for students taking courses on the body in sociology anthropology gender studies and cultural studies Maps of Heaven, Maps of Hell Edward Ingebretsen,2016-09-16 From its beginnings in Puritan sermonising to its prominent place in contemporary genre film and fiction this book traces the use of terror in the American popular imagination Entering American culture partly by way of religious sanction it remains an important heart and mind shaping tool The Languages of Sexuality Jeffrey Weeks,2011-08-26 Words Freud once wrote are magic Nowhere have words been more magical than in the writing of sexuality Through words and concepts we learn what is good or bad pleasurable or painful significant and insignificant The terms we use about sexuality do not simply describe something out there They help shape what sexuality is The Languages of Sexuality offers concise and incisive essays on key words and concepts which have played a significant role in shaping our understanding of contemporary sexualities and intimacies Nearly a hundred essays illuminate the terms related to sexuality in fresh and often unexpected ways with entries ranging from abjection and abortion to transgender and Viagra Written with clarity insight and passion by an internationally renowned theorist of sexuality this book is not only an invaluable handbook but also a personal exploration of the fluid shifting ever evolving meanings of sexual life as reflected and refracted through words and concepts This book is an invaluable resource for both students and researchers with interests relating to sexuality and intimate life gender studies cultural studies history and sociology It will also appeal to a wider audience interested in critical debates about the nature and meanings of contemporary sexualities **Within the Confines** Jennifer M. Kilty ,2014 Western feminists have long treated the rule of law as an essential ingredient of social justice however as the contributors to this collection remind us meaningful justice remains out of reach for many women and racialized minorities precisely because

the law turns a blind eye to the inequities that structure their daily lives In fourteen chapters that open vital debates about the erosion of the welfare state and the media's complicity in concealing political injustice *Within the Confines* details the brutal ironies of a society that criminalizes the vulnerable while absolving the elite Distinctive in its focus on Canada the book traces the linkages among racial ethnic sexual and economic vulnerability and reveals the inadequacies of legislative approaches to socio historical problems such as drug trafficking homelessness infanticide and the legacies of settler colonial violence In accessible prose the authors dismantle the myths behind topics that are often sensationalized in the media pornography single motherhood sex work filicide gangs domestic abuse prison conditions HIV nondisclosure and present alternative arguments that expose the justice system's role in widening the gap between the rich and the poor What emerges is a poignant challenge to the neoliberal fable that women and minorities in Western democracies now enjoy full equality and an urgent call to action for those who seek to shift institutional norms in more equitable directions A valuable resource for a wide range of fields including criminology sociology social anthropology gender studies political science social work and legal history this multidisciplinary volume offers a fresh perspective on the disturbingly predictable judgments that criminalized women face in Canada

Femicide, Gender and Violence Daniela Bandelli, 2017-03-21 This book questions gendered readings of violence by analyzing how this paradigm has become normalized in Italy since the feminist term *femminicidio* or femicide entered the mainstream media during the 2013 general election It also sheds light on discourses of contestation on the part of family activists men's rights campaigners and divorced fathers groups Two counter discourses emerge The first is what the author terms an ideology narrative for which discourses built around the conceptual category of gender normalize simplistic representations of relationships between men and women The second is a female violence discourse which sheds light on under represented aggressor victim relations and modifies dominant representations of femininity and masculinity The author argues that integrating these two discourses into public debates helps to reappropriate the complexity and biological dimensions of violent relationships between men and women often overshadowed by gender feminist perspectives In this way she concludes we can address neglected social issues that contribute to violence beyond gender This thought provoking book will appeal to students and scholars of sociology critical discourse studies and gender

Documentary Filmmaking in the Middle East and North Africa Viola Shafik, 2022-10-18 A comprehensive in depth study of Arab documentary filmmaking by leading experts in the field While many of the Arab documentary films that emerged after the digital turn in the 1990s have been the subject of close scholarly and media attention far less well studied is the immense wealth of Arab documentaries produced during the celluloid era These ranged from newsreels to information propaganda and educational films travelogues as well as more radical artistic formats such as direct cinema and film essays This book sets out to examine the long history of Arab nonfiction filmmaking in the Middle East and North Africa across a range of national trajectories and documentary styles from the early twentieth century to the present Bringing together a

distinguished group of film scholars practitioners and critics Documentary Filmmaking in the Middle East and North Africa traces the historical development of documentary filmmaking with an eye to the widely varied socio political ethnic linguistic and cultural contexts in which the films emerged Thematically the contributions provide insights into a whole range of relevant issues both theoretical and historical such as structural development and state intervention formats and aesthetics new media politics of representation auteurs subjectivity minority filmmaking Activism and revolution Also unearthing previously unrecognized scholarly work in the field this rich and theoretically informed collection sheds light on a hitherto neglected part of international film history Contributors Ali Abudlameer Hend Alawadhi Jamal Bahmad Ahmed Bedjaoui Dore Bowen Shohini Chaudhuri Donatella della Ratta Yasmin Desouki Kay Dickinson Ali Essafi Nouri Gana Mohannad Ghawanmeh Olivier Hadouchi Ahmad Izzo Alisa Lebow Peter Limbrick Florence Martin Irit Neidhardt Stefan Pethke Mathilde Rouxel Viviane Saglier Viola Shafik Ella Shohat Mohamad Soueid Hanan Toukan Oraib Toukan Stefanie van der Peer Nadia Yaquub Alia Yunis Hady Zaccak
