Policing And Training Issues:

Critical Issues in Police Training Maria R. Haberfeld, 2002 For Police Training Police Administration and Organization Police Management and Issues in Policing courses This is the first comprehensive text written that specifically deals with the complexity and ethical issues associated with the problems of police training It provides an analysis of the process of training from the historical and conceptual perspective with an emphasis on the steps that need to be taken to improve every stage of police training

Policing and Training Issues Michael Palmiotto, 2003 On almost a daily basis somewhere in the United States a police officer commits an act that often leads to a question of his or her training After selection perhaps the most crucial aspect of police officer development is the training Even the U S Supreme Court has weighed in on this subject by holding that a police agency and its governing body could be sued for a failure to adequately train or for failing to provide training to police officers Considering the importance of this topic one would think that there would be numerous books on the subject Yet to date there are a very limited number Policing and Training Issues is among the first edited works available offering an important array of training topics In Policing and Training Issues Dr Michael Palmiotto and his co authors have created a textbook that examines some of today's most important training subjects It begins with an overview of police training throughout police history and includes subjects on academy management executive training police corps learning theories and developing skills as well as other specialty subjects such as multicultural training field training officers criminal investigations and community policing The text concludes with a chapter that integrates all topics covered as well as a look at the future of police training This new textbook represents an in depth examination of policing and various related training issues through the perspectives of respected academics and practitioners This textbook will help broaden the reader's understanding of the relationship between the police and their training

Encyclopedia of Community Policing and Problem Solving Kenneth J. Peak, 2013-05-28 Community policing as a philosophy supports the systematic use of partnerships and problem solving techniques to proactively address the immediate conditions that give rise to public safety issues including crime social disorder and fear of crime as opposed to responding to crime after it occurs Community policing expands the traditional police mandate It broadens the focus of fighting crime to include solving community problems and forming partnerships with people in the community so average citizens can contribute to the policing process Originating during police reform efforts of the 1970s the philosophy of community policing is currently widespread and embraced by many citizens police administrators scholars and local and federal politicians What sorts of collaborative partnerships have evolved between policing agencies and the individuals and communities they serve How do police departments engage in systematic examination of identified problems to develop effective responses How have police departments aligned their organizational structures to best support community partnerships and proactive problem solving Just how effective have efforts at community policing been These questions and more are explored within the pages of this new reference work Features A collection of 150 to 175 entries are organized in A to Z fashion in one volume available in both electronic and print formats Signed entries authored by significant figures in the field each conclude with Cross References and Suggestions for Further Readings to guide students to in depth resources Brief What Works case studies within appropriate entries profile community policing programs and strategies as tried in various cities and communities Although organized in A to Z fashion a thematic Reader s Guide in the front matter groups related entries by broad topic areas e g Foundations Methods Legislation Changing Agency Culture Planning Training Assessment etc Also included in the front matter a Chronology provides students with historical perspective of the development of community policing The entire work concludes with a Resources appendix listing classic books journals and associations followed by a comprehensive Index

Community Policing Robert C. Trojanowicz, 1986 This discussion of the implications of community policing for police training focuses on information that must be gathered before making training and selection decisions such as performance evaluations costs training and selection standards and community and police officer input Police performance and productivity cannot be evaluated without a firm understanding of the role of and expectations for police officers in modern society Michigan is used to illustrate the kind of training standards that progressive States provide Other examples drawn from Michigan show how a task analysis of the police officer job can be used to develop a model of behaviors and characteristics that can be applied to selecting future police officers and to determining the content of basic police training programs The paper emphasizes the importance of structuring training to reflect the role expectations of community residents and the need to survey community police officers Performance profiles comparing foot and motor patrol officers in Flint Mich underscore the important implications of

different police roles in the community for selection and training They also demonstrate that the social services aspect of the foot patrol job demands special attention in training Charts sample training modules survey instruments and 13 references
