Understanding the Political Culture of Hong Kong: The Paradox of Activism and Depoliticization Lam Wai-man, 2015-06-03 This book challenges the widely held belief that Hong Kong s political culture is one of indifference The term political indifference is used to suggest the apathy naivete passivity and utilitarianism of Hong Kong s people toward political life Taking a broad historical look at political participation in the former colony Wai man Lam argues that this is not a valid view and demonstrates Hong Kong s significant political activism in thirteen selected case studies covering 1949 through the present Through in depth analysis of these cases she provides a

new understanding of the nature of Hong Kong politics which can be described as a combination of political activism and a culture of depoliticization

Studying Hong Kong: 20 Years Of Political, Economic And Social Developments Tai Wei Lim, Tuan Yuen Kong, 2018-05-02 This book captures the essence of Hong Kong's development in the past two decades from 1997 to 2017. It is broken into four parts: economics, society, politics, and culture. Hong Kong's role remains as a gateway for global trading houses, businessmen, investors, and traders. Hong Kong continues to be an open economy and has stuck to free trade policies as one of the former four successful tiger economies in East Asia. In the political and international relations realm, this book examines Hong Kong's relations with China, other major powers, and the world at large. It also covers domestic developments including legal developments. Other chapters in the book examine cultural developments in Hong Kong from specific case studies of iconic animation character to trans boundary popularity of Hong Kong popular culture in China. With contributions from Alvin CAMBA, Henry CHAN, Yoshihisa GODO, Wing Lok HUNG, Sean KING, Tuan Yuen KONG, Tai Wei LIM, Carol MA, Samantha MA, Parama SINHA, PALIT Zhengqi PAN, SIM Japanese Culture and Gaming Society Hiroshi TAKAHASHI, Ghim Yeow TAN, Katherine TSENG, Elim WONG, Kai Keat YEO, and Chun Wang YEUNG, this book provides a snapshot of Hong Kong in the past twenty years and is a fascinating read.

New Trends of Political Participation in Hong Kong Joseph Y. S. CHENG, 2014-07-08 This volume in 15 chapters serves as a useful overview of various significant aspects of the new trends of political participation in Hong Kong. Written by a team of experts who have been astute observers of Hong Kong Politics, the book covers a wide spectrum of topics ranging from a conventional understanding of political participation, e.g. the activities of political parties and interest groups, to a more specialized form of participation, e.g. the relationships between government and legislators in policy making. The study of the rise of new social movements by the Post 80s generation would be of particular interest to those who are keen to comprehend the sharpening inter generational differences. There will be a readership among academics and university students. This can also be a valuable reference for the media, policy makers, or anyone interested in Hong Kong politics. This book is published by City University of Hong Kong Press.

The New Politics of Beijing-Hong Kong Relations Sonny Shiu-Hing Lo, 2024-05-24 In *The New Politics of Beijing-Hong Kong Relations*, Sonny Shiu-Hing Lo looks at the diverging changes to the ideologies from both Beijing and Hong Kong and the ideological conflicts as taken in the form of factional political struggles between 2012 and the present. This book examines the paternalistic authoritarianism that can be seen in Beijing's policy toward Hong Kong since the promulgation of the national security law in late June 2020. Lo analyzes the ideological shift from liberal nationalism to conservative nationalism in mainland China which has taken place since late 2012. The increasingly radical localism in Hong Kong after 2014 transformed Beijing-Hong Kong relations into a conflict-ridden situation characterized by factional struggles. While the imposition of the national security law into Hong Kong since late June 2020

has stabilized the city politically Beijing's policy toward Hong Kong is now guided by the principles of protecting its national security and maintaining economic pragmatism with implications for Beijing's relations with Taipei in the coming years Professor Lo's detailed and granular account of the clash between rising conservative nationalism in China and growing localist sentiment in Hong Kong offers an indispensable guide to the events and forces that culminate in the imposition of the national security law in 2020 This is an important contribution by a leading scholar and deserves a wide readership Victor Falkenheim University of Toronto Detailed intricate and informed an original and forceful analysis of the ideologies and factional politics that have shaped the recent interactions of Beijing and Hong Kong in the lead up to the 2020 national security law and beyond Paul Evans University of British Columbia Professor Lo strikes an excellently researched balanced but critical perspective sharing blame for the transformation of one country two systems on a naive radical localist populism in the HKSAR whose actions fed the fears of the Chinese government about threats to China's sovereignty over Hong Kong The resulting national security law replaced Hong Kong's pluralist system with a paternalistic one David Zweig The Hong Kong University of Science and Technology *The Dynamics of Beijing-Hong Kong Relations* Sonny Shiu-hing Lo, 2008-04-01 This book critically assesses the implementation of the one country two systems in the Hong Kong Special Administrative Region HKSAR from the political judicial legal economic and societal dimensions The author contends that there has been a gradual process of mainlandization of the HKSAR meaning that Hong Kong is increasingly economically dependent on the People's Republic of China PRC politically deferent to the central government on the scope and pace of democratic reforms socially more patriotic toward the motherland and more prone to media self censorship and judicially more vulnerable to the interpretation of the Basic Law by the National People's Congress This book aims to achieve a breakthrough in relating the development of Hong Kong politics to the future of mainland China and Taiwan By broadening the focus of the one country two systems from governance to the process of Sino British negotiations and their thrust building efforts this book argues that the diplomats from mainland China and Taiwan can learn from the ways in which Hong Kong's political future was settled in 1982 1984 This is a book for students researchers scholars diplomats and lay people

China's National Security Cora Chan, Fiona de Londras, 2020-03-05 All states are challenged by the need to protect national security while maintaining the rule of law but the issue is particularly complex in the China Hong Kong context This timely and important book explores how China conceives of its national security and the position of Hong Kong It considers the risks of introducing national security legislation in Hong Kong and Hong Kong's sources of resilience against encroachments on its rule of law that may come under the guise of national security It points to what may be needed to maintain Hong Kong's rule of law once China's 50 year commitment to its autonomy ends in 2047 The contributors to this book include world renowned scholars in comparative public law and national security law The collection covers a variety of disciplines and jurisdictions and both scholarly and practical perspectives to present a forward looking analysis on the rule of

law in Hong Kong It illustrates how Hong Kong may succeed in resisting pressure to advance China's security interests through repressive law Given China's growing international stature the book's reflections on China's approach to security have much to tell us about its potential impact on the global political security and economic order
