The Political Dimensions of the Asian Crisis Uwe Johannsen, Jürgen Rudolph, James Gomez, 2000 An Agenda for Action

Neoliberalism and Conflict In Asia After 9/11 Garry Rodan, Kevin Hewison, 2013-09-13 Key events in Asia's recent history have included the end of the Cold War the Asian Economic Crisis and the war on terror This is a critical assessment of these events and of the interplay of security and economics in shaping political regimes and modifying market systems Based on the notion that market systems are inherently political and conflict ridden this collection clarifies and explains the conflicts shaping the path of neoliberal globalization Collectively it represents a disciplined and systematic address of four overarching questions What are the significant conflicts emanating from neoliberal globalization and what are their implications What are the implications of new security concerns for these conflicts and what are their impacts How are conflicts associated with globalization and security affecting social and economic policy directions Can these directions be reconciled with the reproduction of existing political regimes or do they threaten their basis In addressing these questions the essays depict neoliberal globalization in the new security context as being able to accommodate a range of political regimes This fascinating collection is a must read for those with a professional interest in the region post 9 11 This book was previously published as a special issue of the Journal Critical Asian Studies **Empire and Neoliberalism in Asia** Vedi R. Hadiz, 2006-09-27 This book analyzes the overall effect of American primacy on social and political conflicts in Asia discussing how the post Cold War American agenda does not promote democratization in the region in contradiction to one of the major proclaimed aims of the proponents of the Pax Americana This team of renowned scholars argue that the US agenda can strengthen anti democratic impulses in Asian societies exacerbating and complicating existing domestic conflicts and struggles Empire and Neoliberalism in Asia also examines how the requirements of the War on Terror intersect with and reinforce those of transnationalized sections of American capital Drawing on country case studies this multidisciplinary book looks at the ramifications of the American Empire for the Asian region and will appeal to anyone interested in Asian politics international relations political economy development studies and sociology **Handbook of Asian Aging** Hyunsook Yoon, Jon Hendricks, 2018-10-26 In western countries the rising tide of population aging took 100 years to alter the face of societies but Asia is experiencing comparable changes in not much more than a quarter of a century Contributors to The Handbook of Aging describe the magnitude of these changes and their effects on the aged and on societies attempting to adapt to the dramatic improvements in life expectancy brought on by rapid economic and social transformations Asia encompasses a vast reach from Pakistan and India to Japan the Philippines and Indonesia and in this book including Australia The Handbook of Aging provides a framework for making sense of the meeting between reverential views of the elderly and contemporary priorities as Asia arrives at the crossroads The need for innovative approaches to social policy and personal

practices is nowhere more evident than in Asian countries where modern marketing economies have forced hard political choices. The economic tigers of the Asian Pacific region experienced the aging of their populations ahead of other Asian countries but solutions reached during times of financial boom are being re-examined as economies come back to earth with soft or hard landings. The Handbook of Asian Aging provides an atlas of the far-reaching changes that are afoot and that will become even more pronounced in the near future.

Kanesalingam, 1991. This book presents country papers prepared by well-known political scientists in respect of each of the six CSCD countries: Bangladesh, India, the Maldives, Nepal, Pakistan, and Sri Lanka. Font Size 1 Color FF0000. Limited copies in stock. Supp.

Politics and the Media in Twenty-First Century Indonesia Krishna Sen, David Hill, 2010-11. This book examines the media in the post-authoritarian politics of twenty-first century Indonesia. It considers how the media is being transformed, its role in politics, and its potential impact in enabling or hampering the development of democracy in Indonesia.

Political Booms: Local Money And Power In Taiwan, East China, Thailand, And The Philippines Lynn T. White, 2009-06-10. Why have Taiwan, rich parts of China, and Thailand boomed famously while the Philippines has long remained stagnant both economically and politically? Do booms abet democracy? Does the rise of middle classes promise future liberalization? Why has Philippine democracy brought no boom and barely served the Filipino people? This book, unlike most previous studies, shows that both the roots and results of growth are largely political rather than economic. Specifically, it pays attention to local, not just national, power networks that caused or prevented growth in the four places under consideration. Violence has been common in these polities along with money. Elections have contributed to socio-political problems that are also obvious in Leninist or junta regimes because elections are surprisingly easy to buy with corrupt money from government contracts. Liberals should pay more serious theoretical attention to the effects of money on justice, and Western political science should focus more clearly on the ways non-state local power affects elections. By considering the effects on fair justice of local money and power largely from small and medium-sized firms that emerge after agrarian reforms, this book asks democrats to face squarely the extent to which electoral procedures fail to help ordinary citizens. Students and scholars of Asia will all need this book, as will students of the West whose methods have become parochial.

Transparency and Authoritarian Rule in Southeast Asia Garry Rodan, 2004-08-02. In *Transparency and Authoritarian Rule in Southeast Asia*, Rodan rejects the notion that the 1997-98 Asian economic crisis was further evidence that ultimately capitalism can only develop within liberal social and political institutions and that new technology necessarily undermines authoritarian control. Instead, Rodan argues that in Singapore and Malaysia, external pressures for transparency reform were and are in many respects being met without serious compromise to authoritarian rule or the sanctioning of media freedom.
