**The Political Economy of Japanese and Chinese Infrastructure Financing Governance** Trissia Wijaya, 2025-11-18 This book explores the political economy of Chinese and Japanese infrastructure financing in Indonesia examining how Chinese and Japanese actors utilize diverse modes including Official Development Assistant commercial loans export credits business to business investments and public private partnerships to ensure profitability and manage risks Moving beyond traditional views of these financing modes as geoeconomic statecraft the book exposes readers to a new perspective by situating infrastructure financing in the context of capitalist development It reveals how contestation conflicts and compromise between socio political forces including different segments of Japanese and Chinese capital state actors and civil society actors in Indonesia give shape to distinct modes of financing Through detailed case studies and interviews across Japan China and Indonesia it uncovers the interplay between these forces and how their relations are sustained through regulatory complexes underpinning large scale projects

**The Great Transformation of Japanese Capitalism** Sébastien Lechevalier, 2014-02-05 In the 1980s the performance of Japan's economy was an international success story and led many economists to suggest that the 1990s would be a Japanese decade Today however the dominant view is that Japan is inescapably on a downward slope Rather than focusing on the evolution of the performance of Japanese capitalism this book reflects on the changes that it has experienced over the past 30 years and presents a comprehensive analysis of the great transformation of Japanese capitalism from the heights of the 1980s through the lost decades of the 1990s and well into the 21st century This book posits an alternative analysis of the Japanese economic trajectory since the early 1980s and argues that whereas policies inspired by neo liberalism have been presented as a solution to the Japanese crisis these policies have in fact been one of the causes of the problems that Japan has faced over the past 30 years Crucially this book seeks to understand the institutional and organisational changes that have characterised Japanese capitalism since the 1980s and to highlight in comparative perspective with reference to the neo liberal moment the nature of the transformation of Japanese capitalism Indeed the arguments presented in this book go well beyond Japan itself and examine the diversity of capitalism notably in continental Europe which has experienced problems that in many ways are also comparable to those of Japan The Great Transformation of Japanese Capitalism will appeal to students and scholars of

both Japanese politics and economics as well as those interested in comparative political economy

**The Making of Modern Japan** Myles Carroll, 2021-10-18 In *The Making of Modern Japan* Myles Carroll offers a sweeping account of post war Japanese political economy exploring the transition from the post war boom to the crisis of today and the connections between these seemingly discrete periods Carroll explores the multifarious international and domestic political economic social and cultural conditions that fortified Japan's post war hegemonic order and enabled decades of prosperity and stability Yet since the 1990s a host of political economic social and cultural changes has left this same hegemonic order out of step with the realities of the contemporary world a contradiction that has led to three decades of crisis in Japanese society Can Japan make the bold changes required to reverse its decline

**Handbook of Feminisms in Japan** Andrea Germer, Ulrike Wöhr, 2025-10-01 *The Handbook of Feminisms in Japan* seeks to give a broad and even without prior knowledge of Japan easily accessible introduction to a range of feminisms in this non Western context With a useful comparative framework it aims to advance transnational and international perspectives on feminisms around the world It identifies discourses theoretical positions and areas of feminist activity or intervention that readily correspond with those of feminisms in other countries presenting chapters on topics such as radical feminism maternalism anarchism literature religion and pornography but it also includes entries on specific historical and socio cultural configurations such as Japan's women's liberation movement Uman Ribu Building on a growing body of erudite scholarship in Japanese English and other languages each chapter succinctly traces historical developments of particular discourses or movements and situates them in the local political and societal context while also making reference to the wider Asian and global contexts The authors identify the central actors and discuss the theoretical implications and political dimensions of particular feminisms or aspects of feminism in Japan The discussion in each chapter is based on relevant primary and secondary sources thus introducing the reader to material for further reading and research
