

Presidential Memorandum Regarding the Hiring Freeze

MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

SUBJECT: Hiring Freeze

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby order a freeze on the hiring of Federal civilian employees to be applied across the board in the executive branch. As part of this freeze, no vacant positions existing at noon on January 22, 2017, may be filled and no new positions may be created, except in limited circumstances. This order does not include or apply to military personnel. The head of any executive department or agency may exempt from the hiring freeze any positions that it deems necessary to meet national security or public safety responsibilities. In addition, the Director of the Office of Personnel Management (OPM) may grant exemptions from this freeze where those exemptions are otherwise necessary.

Within 90 days of the date of this memorandum, the Director of the Office of Management and Budget (OMB), in consultation with the Director of OPM, shall recommend a long-term plan to reduce the size of the Federal Government's workforce through attrition. This order shall expire upon implementation of the OMB plan.

Contracting outside the Government to circumvent the intent of this memorandum shall not be permitted.

This hiring freeze applies to all executive departments and agencies regardless of the sources of their operational and programmatic funding, excepting military personnel.

In carrying out this memorandum, I ask that you seek efficient use of existing personnel and funds to improve public services and the delivery of these services. Accordingly, this memorandum does not prohibit making reallocations to meet the highest priority needs and to ensure that essential services are not interrupted and national security is not affected.

This memorandum does not limit the nomination and appointment of officials to positions requiring Presidential appointment or Senate confirmation, the appointment of officials to non-career positions in the Senior Executive Service or to Schedule C positions in the Excepted Service, or the appointment of any other officials who serve at the pleasure of the appointing authority. Moreover, it does not limit the hiring of personnel where such a limit would conflict with applicable law. This memorandum does not revoke any appointment to Federal service made prior to January 22, 2017.

This memorandum does not abrogate any collective bargaining agreement in effect on the date of this memorandum.

Moral and Political Writings François de Salignac de La Mothe- Fénelon, 2020 Fénelon is arguably one of the most neglected major philosophers of early modernity His political masterwork was the most read book in eighteenth century France after the Bible and yet today even specialists rarely engage his work directly This problem is particularly acute in the Anglophone world where only a small fraction of Fénelon's vast and influential corpus has appeared in modern English translation This collection of new translations of Fénelon's moral and political writings renders one of the leading voices of early modern philosophy accessible to English language audiences Reflecting the impressive breadth of Fénelon's thought the volume includes work on topics ranging from education to literature to religion and statecraft In the realm of political philosophy and ethics Fénelon was an uncompromising critic of Louis XIV and absolutism committed to reforming France's social political and economic institutions In the Enlightenment he came to be celebrated as a pioneering theorist of education and rhetoric a prescient student of economics and international relations and a key voice in the philosophical debates among the heirs of Descartes not to mention his fame as one of the seventeenth century's most preeminent theologians and spiritualists and masters of French prose With an extensive introduction to Fénelon's life and work this volume is a critical resource for students and scholars of French history political philosophy economics education literature and religion **The Johns Hopkins University Studies in Historical and Political Science** Johns Hopkins University, 1910 *The Roots of Political Instability in Nigeria* E.C. Ejiogu, 2016-02-24 The constant drumbeat of headlines about Darfur Zimbabwe Sudan Somalia as well as the other states in Africa that are beleaguered by political instability have made the causes of failed states and intra state political conflicts a major issue both academic and practical Using Harry Eckstein and Ted R Gurr's congruence consonance theoretical framework of regime classification E C Ejiogu examines the internal variations of society evident in the Nigerian state to explain why the country experiences political conflict and instability The first time this theoretical framework has been applied to an African country E C Ejiogu offers a balanced and interdisciplinary analysis of the evolution in the Nigerian political system and the role played by evolved social traits in society Exploring themes such as colonial rule and legacies economic development political authority and religion Ejiogu insists that it is critical to examine Africa's diverse nationalities in terms of their geography social economic and authority patterns as critical elements that are disregarded in accounts of their political development At a time when the question of state building in Africa is still unresolved this timely book is a major contribution to the literature on transition processes in African politics and is particularly relevant to scholars and policy makers wanting to grapple with the issues associated with Africa's political disorder and the other social problems it spawns **Political Memoranda** Frederick John Dealtry Lugard, 1970 **The**

Political Philosophy of Fénelon Ryan Patrick Hanley, 2020-02-20 Fénelon was a nuanced and influential diagnostician of the ills of European society one who carefully analysed phenomena as wide ranging and complex as egocentrism authoritarianism and imperialism Despite his influence there has been to date no interpretive monograph in English devoted specifically to his thought Ryan Patrick Hanley aims to correct this oversight providing the first book length interpretative study of Fénelon's writings to appear in English A companion volume to Hanley's comprehensive English translation of Fénelon's moral and political writings this book focuses on Fénelon's political thought as a method of understanding his impact on areas ranging from economics and statecraft to religion and literature Hanley begins by reconstructing Fénelon's political ideas for those who may be encountering his work directly or at length for the first time He then articulates the connections between Fénelon's political thought and several other fields to which he made significant and long recognized contributions including not only philosophy and political science but also economics education literature theology and spirituality Building from this foundation Hanley constructs a new understanding and appreciation of Fénelon's political thought and its significance He argues that Fénelon is better understood as a moderate and modern thinker rather than as a radical or reactionary and that Fénelon deserves to be seen not merely as a political thinker but as a political philosopher one whose work has direct relevance to our political world today *The Holstein Papers: Volume 1, Memoirs and Political Observations* Friedrich von Holstein, 1955-01-02 The first volume of Friedrich von Holstein's work containing his memoirs and political observations including Bismarck and the Franco Prussian war
