Neil Elliott

Political Paul Justice Democracy And Kingship In A Hellenistic Framework:

The Political Paul Bruno Blumenfeld, 2003-11-01 The Political Paul presents Paul as a political thinker Many studies claiming Paul for Greek Hellenism discuss the influence upon him of various aspects of Hellenistic culture but strangely neglect Hellenistic political philosophy with its roots in Classical antiquity The Political Paul explores this dimension of Paul's thought within the general context of Hellenistic political reflection to focus on the intriguing body of literature known as the Pythagorean pseudepigrapha These researches support the highly original argument that Christianity has foundations in Hellenistic kingship theories Paul constructs a political theory for Christianity He conceives it as a polis basileia system politics proper and divine rule each with its own dikaiosyne this the study re evaluates as a political concept **The Political Paul** Bruno Blumenfeld, 2003 The Political Paul presents Paul as a political thinker Many studies claiming Paul for Greek Hellenism discuss the influence upon him of various aspects of Hellenistic culture but strangely neglect Hellenistic political philosophy with its roots in Classical antiquity The Political Paul explores this dimension of Paul's thought within the general context of Hellenistic political reflection to focus on the intriguing body of literature known as the Pythagorean pseudepigrapha These researches support the highly original argument that Christianity has foundations in Hellenistic kingship theories The Politics of Inheritance in Romans Mark Forman, 2011-04-21 Mark Forman explores the extent to which Paul's concept of inheritance in Romans and its associated imagery logic and arguments served to evoke socio political expectations that were different to those which prevailed in contemporary Roman imperial discourse Forman explores how Paul deploys the idea of inheritance in Romans and analyses the sources which inform and overlap with this concept Coins literature and architecture are all examined in order to understand the purpose hopes and expectations of first century society This book contributes to recent studies covering Paul and politics by arguing that Paul's concept of inheritance subverts and challenges first century Roman ideologies Paul and his Theology Stanley E. Porter, 2006-11-01 Does Paul have a theology If so what is it or rather what is it on various topics that he and the early Church confronted This volume moves beyond the traditional discussion of whether Paul had a center to his theology to raise questions regarding his perspective on a number of important theological issues These issues include his gentile mission the concepts of faith grace and the law reconciliation the temple eschatology miracles gender and Paul's trinitarian tendencies This collection of essays addresses topics of current interest in the study of Paul's theology not to arrive at the center of his thought but to understand what factors helped to center his thinking on a variety of important theological concerns Paul and the Roman Imperial Order Richard A. Horsley, 2004-01-01 The five articles and Simon Price's response at the core of this book were originally papers delivered in a session of the Paul and Politics Group at the 2000 SBL Annual Meeting There are a number of special features that make this a special combination of articles on Paul in what is turning out to be a highly suggestive new perspective and context the ancient Roman imperial order First these articles are all informed by and respond in some way to

the ground breaking work of Simon Price on the Roman imperial cult in Greek cities some of the very cities in which Paul carried out his mission Invited as a special guest of the SBL for the 2000 Annual Meeting Price was the respondent to these papers and interaction with him has aided the authors in their revisions The articles bring a rich variety of fresh perspectives to issues of the relation of Paul and the Roman imperial order including postcolonial theory political anthropological theory James C Scott postcolonial theory and feminist theory along with the new perspective on the imperial cult represented by Price This collection of articles thus stands at the cutting edge of new scholarship on Paul s mission and letters in his political and cultural context Contributors for this book include Robert Jewett Abraham Smith Neil Elliott Rollin A Ramsaran Efrain Agosto Erik Heen Jennifer Wright Knust and Simon R F Price Richard A Horsley is Distinguished Professor of Liberal Arts and the Study of Religion at the University of Massachusetts Boston and the author of *Paul and Politics Ekklesia Israel Imperium Interpretation and Paul and Empire Religion and Power in Roman Imperial Society* *Paul: Jew, Greek, and Roman* Stanley E. Porter, 2009-01-31 What does it mean to study Paul the Apostle as Jew Greek and Roman The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic social and cultural designations Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity This volume *Paul Jew Greek and Roman* explores a number of the important and diverse cultural ethnic and religious dimensions of the multi faceted background of Paul the Apostle Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle

Currents in the Interpretation of Paul Neil Elliott, 2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances In these essays Neil Elliott engages some of the most provocative currents in contemporary scholarship including Paul and the nature of violence the presumptions of religious cultural or national innocence in particular interpretations of the apostle the recent enthusiasm for Paul in some streams of Marxist thought competing construals of economic realities in Paul s day and our own and questions surrounding Paul s legacy today

Paul, The Apostle of Obedience Jason A. Myers, 2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1 5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul s audience would have heard and received the terms and images relating to obedience In addition he argues that Paul s use of obedience language both at the beginning

and end of Romans 15:15-18 serves as rhetorical bookends and signals a theme that is central to Paul's purpose in Romans and integral to his calling as an apostle to the Gentiles *Paul, His Letters, and Acts* () Thomas E. Phillips, 2010-01-01 Aside from Jesus the Apostle Paul had the greatest formative influence on the early Christian movement Yet who was this passionate missionary who carried the message of Christ throughout the Mediterranean world The New Testament writings give us not one but two portraits of Paul We read numerous details of Paul's life and relationships in the Book of Acts and we also find an additional set of details about Paul's activities in his letters Yet how consistent are these two portraits And which one gives us the most accurate picture of the historical Paul In this volume Thomas E Phillips examines the portrayals of Paul in recent biblical scholarship in the light of these two major NT portraits Believing the apostolic conference at Jerusalem to be a watershed event Phillips draws conclusions that help contemporary readers get a more accurate picture of Paul

Good Works in 1 Peter Travis B. Williams, 2014-10-08 Drawing on recent insights from postcolonial theory and social psychology Travis B Williams seeks to diagnose the social strategy of good works in 1 Peter by examining how the persistent admonition to do good is intended to be an appropriate response to social conflict Challenging the modern consensus which interprets the epistle's good works language as an attempt to accommodate Greco-Roman society and thereby to lessen social hostility the author demonstrates that the exhortation to do good envisages a pattern of conduct which stands opposed to popular values The Petrine author appropriates terminology that was commonly associated with wealth and social privilege and reinscribes it with a new meaning in order to provide his marginalized readers with an alternative vision of reality one in which the honor and approval so valued in society is finally available to them The good works theme thus articulates a competing discourse which challenges dominant social structures and the hegemonic ideology which underlies them
