Political Thinking Consciousness

Robert Edwards Lane

Political Thinking Consciousness:

Schelling's Political Thought Velimir Stojkovski, 2022-11-17 In the first study to examine F W J Schelling's political thought Velimir Stojkovski not only unearths a neglected dimension of the influential thinker's philosophy but further shows what it can teach us about our ethical and political responsibilities today Unlike Hegel or Fichte Schelling never wrote a political treatise Yet by reconstructing the portions of such works as *The New Deductions of Natural Right* that deal explicitly with the political and by thematically rethinking parts of his writings that have a clear repercussion on politics in particular those on nature freedom and religion this book reveals the centrality of politics to his oeuvre Revisiting his corpus in this way Stojkovski uncovers a number of ways we can learn from Schelling and his reception He examines how Schelling's views on nature can clarify our moral and political obligations to the non human world and further demonstrates how the separation of ontology as first philosophy from the ethico political has resulted in a fragmented view of the status of the political subject and thus the body politic Forcefully renouncing this fragmentation Stojkovski explores how the same divide has contributed to the ongoing political turmoil in Europe and America Combining an exploration of German Idealism with contemporary concerns this is an essential study that will introduce readers to a new Schelling a political thinker for the 21st century A

Political Philosophy of Language and State Xing Yu, 2025-02-12 This book is a study of political philosophy concerning the relationship between language and state It argues that language gives origin to the state Its main idea is that while humans communicate using language they create and use media Media extend the distance of communication These media include humans themselves materials human behaviour and consciousness Humans then interact on a large scale and form a large community This leads to the dissolution of the tribe and the formation of the state Then people seek and provide information give interpretations display attitudes and make promises in organizing the state Some people also issue commands They all act through the various types of linguistic communication Language is also the key to realizing freedom equality peace democracy and justice This book can be a reference book of political philosophy or political science or political linguistics to be read by university students and professors alike [The Logical Deduction of Chinese Traditional Political Philosophy](#)

Shiwei Zhang, 2021-11-16 This book presents a panoramic and extensive exploration of Chinese political philosophy examining key political problems of the past and the thinkers who addressed them As the reader will discover China's traditional political philosophy is one with distinctive national characteristics and ideals Therefore the book helps to clarify the evolution of Chinese political thought while also investigating fundamental political issues throughout the country's history The book offers a unique resource for researchers and graduate students in the fields of political science philosophy and history as well as ordinary readers who are interested in China's traditional and political culture **The Bloomsbury Companion to Political Philosophy** Andrew Fiala, 2015-02-26 The Bloomsbury Companion to Political Philosophy is the definitive guide to contemporary political philosophy The book covers all the most pressing and important themes and

categories in the field areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Fourteen specially commissioned essays from an international team of experts including Eduardo Mendieta and Gillian Brock reveal where important work continues to be done in the area and most valuably the exciting new directions the field is taking The Companion explores a range of issues from the nature and history of political philosophy sovereignty distributive justice democratic theory feminist theory to toleration human rights immigration cosmopolitanism peace war and the challenge of Eurocentrism in political philosophy Featuring a series of indispensable research tools including an A to Z of key terms and concepts a chronology a detailed list of resources and a fully annotated bibliography this is the essential reference tool for anyone researching or working in political philosophy **Political Thinking and Consciousness** Robert Edwards Lane,1969 **The Postsecular Political Philosophy of Jürgen Habermas** Dafydd Huw Rees,2018-09-01 This is the first full length treatment of Habermas postsecular political philosophy in English It gives a much more in depth analysis of this aspect of his work than the comparable books listed above It looks at this issue in the context of Habermas entire philosophical project drawing out hitherto overlooked connections It works as an intermediate level introduction to many aspects of Habermas philosophical project his social theory moral philosophy and metaphysics as well as his political theory and philosophy of religion **Approaches to Political Thought** William L. Richter,2009-03-16 Approaches to Political Thought raises three important questions concerning traditional political thought 1 Why study the political writings and ideas of Plato Machiavelli and other long dead writers 2 Who among the writers and which of their works are worth studying 3 How should they be studied The book then explores ten contemporary approaches to understanding political thought and the diverse answers to these questions The approaches covered include those of Leo Strauss Hannah Arendt Eric Voegelin Sheldon Wolin the Cambridge School Quentin Skinner and J G A Pocock Psychobiography Critical Theory of the Frankfurt School Herbert Marcuse and Jürgen Habermas Hermeneutics Paul Ricoeur and Hans Georg Gadamer Michel Foucault and Feminist Criticism Susan Moller Okin and Jean Elshtain Each chapter includes an introductory essay and edited selections that illustrate or discuss that approach Each chapter concludes with discussion questions and suggestions for further exploration including books articles and web sites This exploration of contending contemporary approaches to political thought touches upon ongoing methodological and philosophical issues that are relevant to several academic disciplines including political science history philosophy and psychology **Modern Political Thought** David Wootton,1996-01-01 Presents unabridged works and substantive abridgments in preeminent translations along with balanced lucid sophisticated introductions This book includes a wide and balanced selection of many of the more important texts of modern political thought To its great credit it provides pertinent excerpts from frequently neglected authors such as Calvin and Hume which it nicely juxtaposes appear to be good and the introductions to each section help to situate the writers in their historical and intellectual context and to alert students to some of the central

issues that arise in the texts This book offers an economical and useful approach to modern political thought Research Handbook on the History of Political Thought Cary J. Nederman,Guillaume Bogiaris,2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century *The Public and the Private in Aristotle's Political Philosophy* Judith A. Swanson,2019-03-15 Aristotle offers a conception of the private and its relationship to the public that suggests a remedy to the limitations of liberalism today according to Judith A Swanson In this fresh and lucid interpretation of Aristotle s political philosophy Swanson challenges the dominant view that he regards the private as a mere precondition to the public She argues rather that for Aristotle private activity develops virtue and is thus essential both to individual freedom and happiness and to the well being of the political order Swanson presents an innovative reading of The Politics which revises our understanding of Aristotle s political economy and his views on women and the family slavery and the relation between friendship and civic solidarity She examines the private activities Aristotle considers necessary to a complete human life maintaining a household transacting business sustaining friendships and philosophizing Focusing on ways Aristotle s public invests in the private through law rule and education she shows how the public can foster a morally and intellectually virtuous citizenry In contrast to classical liberal theory which presents privacy as a shield of rights protecting individuals from one another and from the state for Aristotle a regime can attain self sufficiency only by bringing about a dynamic equilibrium between the public and the private The Public and the Private in Aristotle s Political Philosophy will be essential reading for scholars and students of political philosophy political theory classics intellectual history and the history of women
