Political Elite In A Developing Society

Eva Rakel

Political Elite In A Developing Society:

The Political Elite in a Developing Society Anup Kumar Dash, 1994 Study with reference to Orissa India **Political Society in Developing Countries** A.H. Somjee, 1984-06-18 **Role of Elites and Citizens in Rural Development of India** Sharada Rath, S. C. Jena, 1993 The chief concern of this book is the role of elites and citizens as prime movers of rural development in India. Elites encompass social elites, political elites and government field officials in rural areas. Democratic Process In A Developing Society A H Somjee, 1979-09-06 Civil society and political actors in Romania (1866-1914) Liviu Bratescu, 2025-09-25 The first part of the research is an introductory study on the associative phenomenon and civil society from the general European framework to the particular one of the Southeast European and Romanian space. After mentioning the historiographical landmarks related to the development of the concept, the introductory study also includes an overview of the general features of Romanian associationism, featuring the instruments, people and strategies used, highlighting representative examples of associative forms from the second half of the eighteenth century. The Romanian Political Elite and the Development of Civil Society: Objectives and Mechanisms, Late Nineteenth and Early Twentieth Century, is meant to represent an analysis of a reality of civil society also sensed at the European level, namely the intersection between the political and associative fields. The study focuses on the involvement of the modern political elite in the development of associationism to achieve objectives, reforms or modernisation initiatives outside the institutional framework they represented. Whether we refer to liberals, conservatives or socialists, the associations, societies and other forms of civil organisation where leaders and politicians were involved, the objectives pursued through this form of sociocultural involvement and the areas where the unleashing of civil society forces was sensed the most in the timeframe mentioned above represent the research directions of the study. **China's Political Development** Kenneth G. Lieberthal, Cheng Li, Yu Keping, 2014-06-04 China's path to political reform over the last three decades has been slow but discourse among Chinese political scientists continues to be vigorous and forward thinking. China's Political Development offers a unique look into the country's evolving political process by combining chapters authored by twelve prominent Chinese political scientists with an extensive commentary on each chapter by an American scholar of the Chinese political system. Each chapter focuses on a major aspect of the development of the Chinese Party state, encompassing the changing relations among its constituent parts as well as its evolving approaches toward economic growth, civil society, grassroots elections and the intertwined problems of supervision and corruption. Together, these analyses highlight the history, strategy, policies and implementation of governance reforms since 1978 and the authors' recommendations for future changes. This extensive work provides the deep background necessary to understand the sociopolitical context and intellectual currents behind the reform agenda announced at the landmark Third Plenum in 2013. Shedding light through contrasting perspectives, the book provides an overview of the efforts China has directed toward developing good governance, the challenges it faces and its future direction. **Power, Islam,**

and Political Elite in Iran Eva Rakel,2008-11-30 The Iranian Islamic revolution brought about a political system based on a combination of state institutions that derive their legitimacy from Islamic law and republican institutions legitimized by the people As there are no legal political parties in the Islamic Republic of Iran political factions represent the varying ideological and material interests of members of the political elite and their supporters This book analyzes the rivalries between the political factions and their related state institutions and the impact of the dynamics of factionalism on domestic economic and socio cultural and foreign policy formulation It shows that tensions inherent to the structure of state institutions and factional rivalries slow down the process of democratization and economic reforms in the Islamic Republic of Iran *Political Elite in Tribal Society* Prashan Kumar Panigrahi,1998 With reference to Koraput District in Orissa a study **Education and Political Development. (SPD-4), Volume 4** James Smoot Coleman,2015-12-08 Volume 4 in the Studies in Political Development Series Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Political Culture and Leadership in India** Bharati Mukherjee,1991-01-01
