Political Meaning Of Christianity The Prophetic Stance:

The Political Meaning of Christianity Glenn Tinder, 1991 *The Political Meaning of Christianity* Glenn Tinder, 2000-01-18 The Political Meaning of Christianity brings to light various important issues of contemporary concern within the public and considers with a fresh perspective several issues in political theory **Can We Be Good Without God?** Glenn Tinder, 2007-07-21 In this concise and provocative analysis of modern culture Glenn Tinder challenged conventional wisdom by contending that Christianity required no political program but rather a prophetic stance judging all programs and institutions against the ideal of love of each individual In doing so he helped to make clear what a Christian meaning in politics might be and charted a course between the extremes of passive cynicism and revolutionary idealism Since it was first published in The Atlantic Monthly in 1989 this classic essay has stimulated many Christians and non Christians alike to rethink the relationship between Christian faith and politics in contemporary culture Glenn Tinder is Professor Emeritus of Political Science at the University of Massachusetts Boston His books include The Political Meaning of Christianity and Political Thinking **What is Mission?** J. Andrew Kirk, How should today's Church shape its response to the Gospel How can we set about making disciples of all nations in our post Christian multifaith world What does mission mean in our times Here is a book that addresses these issues and many more with honesty and openness It strips mission of its old associations with colonialism and militarism It looks anew at the underlying theology reminding us that our task is God's mission not a human construct It explores key aspects of contemporary mission from the familiar such as the relation of mission to evangelism and to people of other faiths to the unusual and thought provoking such as mission and the environment justice for the poor and the overcoming of violence Students of mission and Christians who wish to engage with today's world to integrate faith and life will find here an inclusive comprehensive and lucid presentation of all the relevant discussions **One Nation Under God?** John D. Wilsey, 2011-06-01 Is America a Christian nation This question has loomed large in American culture since the Puritans arrived on American shores in the early seventeenth century More recently the Christian America thesis has been advocated by many evangelical leaders across the denominational spectrum This book contributes to the conversation by critiquing from an evangelical perspective the idea that America is a Christian nation as articulated by specific writers over the past three decades Wilsey asserts that the United States was not conceived as a Christian nation but as a nation with religious liberty Herein lies the genius of the Founders and the uniqueness of America The Politics of Compassion Michael Ure, Mervyn Frost, 2014-01-10 This book provides a critical overview of the role of the emotions in politics Compassion is a politically charged virtue and yet we know surprisingly little about the uses and abuses of compassion in political environments Covering sociology political theory and psychology and with contributions from Martha Nussbaum and Andrew Linklater amongst others the book gives a succinct overview of the main theories of political compassion and the emotions in politics It covers key concepts such as humanitarianism political emotion and agency in

relation to compassion as a political virtue The Politics of Compassion is a fascinating resource for students and scholars of political theory international relations political sociology and psychology Dictionary of Scripture and Ethics Joel B. Green, Jacqueline Lapsley, Rebekah Miles, Allen Verhey, 2011-11 Leading scholars from the fields of biblical studies and ethics provide a one stop reference book on the vital relationship between Scripture and ethics **Encyclopedia of Protestantism** Hans J. Hillerbrand, 2004-08-02 This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought **A Wakeful Faith** J. Marshall Jenkins, 2000-02-01 In the harried expect the unexpected flow of everyday life faith seems far away for many people Your car breaks down The bills are due The kids need school supplies The business report remains unwritten In A Wakeful Faith Jenkins asserts that living awake to God in all of our daily affairs is the answer Only when we become consciously aware of God's gracious activity in the details of the day can we transform and find purpose in our lives today Each day brings a flood of demands for our time and attention writes Jenkins Deep down many of us feel the pace is killing us but we do not admit it very often After all everyone else seems to get along okay Something is killing us but it is not the pace It is the inattention to our deepest desire the desire for God Filled with humor and grounded in scripture A Wakeful Faith calls us to a refreshed sense of God's presence which can lead to spiritual well being in all dimensions of life Jenkins offers practical suggestions to rouse our spiritual wakefulness and alertness to God in daily living by showing how Jesus trained disciples to perceive the kingdom and to know God Appropriate for individuals and small groups A Wakeful Faith contains questions for reflection and discussion at the end of each chapter *Companion Encyclopedia of Theology* Peter Byrne, Leslie Houlden, Rev Prof Leslie Houlden, 2002-09-11 In 48 separately authored self contained articles by an international team of both Christian and Jewish theologians and practitioners this Companion provides a thorough examination of the place of Christianity in the modern world
