Torres**

Political Philosophy Of Cosmopolitanism:

The Political Philosophy of Cosmopolitanism Gillian Brock, Harry Brighouse, 2005-07-21 In a period of rapid internationalization of trade and increased labor mobility is it relevant for nations to think about their moral obligations to others Do national boundaries have fundamental moral significance or do we have moral obligations to foreigners that are equal to our obligations to our compatriots The latter position is known as cosmopolitanism and this volume brings together a number of distinguished political philosophers and theorists to explore cosmopolitanism what it consists in and the positive case which can be made for it Their essays provide a comprehensive overview of both the current state of the debate and the alternative visions of cosmopolitanism with which we can move forward and they will interest a wide range of readers in philosophy political theory and law *The Political Philosophy of Cosmopolitanism* Gillian Brock, Harry Brighouse, 2005-07-21 In a period of rapid internationalization of trade and increased labor mobility is it relevant for nations to think about their moral obligations to others Do national boundaries have fundamental moral significance or do we have moral obligations to foreigners that are equal to our obligations to our compatriots The latter position is known as cosmopolitanism and this volume brings together a number of distinguished political philosophers and theorists to explore cosmopolitanism what it consists in and the positive case which can be made for it Their essays provide a comprehensive overview of both the current state of the debate and the alternative visions of cosmopolitanism with which we can move forward and they will interest a wide range of readers in philosophy political theory and law **Human Rights and Empire** ,2007 *Trump and Political Philosophy* Marc Benjamin Sable, Angel Jaramillo Torres, 2018-04-16 This book seeks to address the relation of political philosophy and Donald Trump as a political phenomenon through the notions of patriotism cosmopolitanism and civic virtue Political philosophers have been prescient in explaining trends that may explain our political misgivings Madison warned during the debates on the Constitution that democracies are vulnerable to factions based on passion for personalities and beliefs various continental thinkers have addressed the problem of nihilism the modern loss of faith in objective standards of truth and morality that in Max Weber's analysis pointed to the importance of charisma in Carl Schmitt's to the idea that politics is essentially rooted in the definition of friends and enemies and in early Heidegger resulted in the emphasis on the enduring significance of local rather than cosmopolitan values The former concerns regarding demagoguery charisma and nihilism will enable an evaluation of Trump as a political character while the latter concerns regarding the status of universal versus local values will enable us to evaluate the content of Trumpism Taken together these essays seek to advance the public conversation about the relationship between the rise of Trump and the ideological forces that seek to justify that rise **Kant's Cosmopolitics** Brown Garrett Wallace Brown, 2019-04-01 Written by a group of international scholars the essays in this collection investigate issues related to the interplay among the state and global governance peace and human rights enforcement migrant crisis management European federalisation global

educational reforms and Kantian based ideas for fostering what some might call a cosmopolitan culture As a result this book advances the field of Kantian cosmopolitanism and how it relates to current debates in political theory philosophy and the study of international relations

Human Rights and Empire Costas Douzinas, 2007-03-20 Erudite and timely this book is a key contribution to the renewal of radical theory and politics Douzinas a leading scholar and author in the field of human rights and legal theory considers the most pressing international questions surrounding the legacy and contemporary role of human rights

Cosmopolitanism and Its Discontents Lee Ward, 2021-12-20 Cosmopolitanism is one of the most venerable intellectual traditions in the history of political philosophy From the ancient Greek Diogenes claim to be a citizen of the world through to Kant's Enlightenment vision of a world government and even into our own time the idea of cosmopolitanism has stirred the moral imagination of many throughout history Arguably the Brexit referendum result and the election of Donald Trump in 2016 marked the first major public repudiation of the transnational globalizing cosmopolitan ideals that have arguably dominated politics in the liberal democratic West since the end of the Cold War This volume reconsiders cosmopolitanism and its discontents in the age of Brexit and Trump by bringing together the great thinkers in the history of political philosophy and contemporary reflections on the problems and possibilities of international relations human rights multiculturalism and regnant theories of democracy and the state

Migration, Protest Movements and the Politics of Resistance Tamara Caraus, Elena Paris, 2018-10-01 Migration and cosmopolitanism are said to be complementary Cosmopolitanism means to be a citizen of the world and migration without impediments should be the natural starting point for a cosmopolitan view However the intensification of migration through an increasing number of refugees and economic migrants has generated anti cosmopolitan stances Using the concept of cosmopolitanism as it emerges from migrant protests like Sans Papiers No One Is Illegal and No Borders an interdisciplinary group of scholars addresses this discrepancy and explores how migrant protest movements elicit a new form of radical cosmopolitanism The combination of basic theoretical concepts and detailed empirical analysis in this book will advance the theoretical debate on the inherent cosmopolitan aspects of migrant activism As such it will be a valuable contribution to students researchers and scholars of political science sociology and philosophy

Cosmopolitan Political Thought Farah Godrej, 2011-10-05 Cosmopolitan Political Thought asks the question of what it might mean for the very practices of political theorizing to be cosmopolitan It suggests that such a vision of political theory is intimately linked to methodological questions about what is commonly called comparative political theory namely the turn beyond ideas and modes of inquiry determined by traditional Western scholarship It is therefore an argument for applying the idea of cosmopolitanism understood in a particular way to the discipline of political theory itself

Cosmopolitanism versus Non-Cosmopolitanism Gillian Brock, 2013-07-11 The debate between cosmopolitans and non cosmopolitans flourishes Contributors continue to disagree over at least fourteen core issues analyzed in this work including these questions What is distinctive about a cosmopolitan approach to matters of justice What does the

commitment to the ideal of moral equality entail for global justice Does membership in associations especially national ones matter to our duties to one another in the global context Does the global economic order violate the rights of the poor or harm their interests in ways that require reform or redress What is it to be a good world citizen and is this in conflict with local duties and being a good citizen of a state To what extent are cosmopolitan and special duties reconcilable Do cosmopolitan or non cosmopolitan theories provide a better account of our obligations or a more useful framework for mediating the interests of compatriots and non compatriots This timely volume advances the discussion on many of the questions over which cosmopolitans and non cosmopolitans continue to disagree All the chapters explore new work and contribute to advancing the debate and none has been published previously Together they demonstrate how nuanced and sophisticated some of the debate has become The variety of topics that the debate encompasses suggests that mastering the issues is important to understanding much contemporary moral and political theorizing

When people should go to the book stores, search establishment by shop, shelf by shelf, it is in reality problematic. This is why we give the books compilations in this website. It will very ease you to see guide **Political Philosophy Of Cosmopolitanism** as you such as.
