## Political Plays

*Stephen Longstaffe*

Whether a play is a 'political play' is not simply a function of its content. The relationship between play-about-a-polity and the wider polity itself must also be considered, in both general and specific aspects. One influential presentation of the place of the stage in general sees the theatre, situated at London's unruly geographical and symbolic margins, as having a liberty 'at once moral, ideological, and topological – a freedom to experiment with a wide range of available ideological perspectives and to realize, in dramatic form, the cultural contradictions of the age' (Mullaney, ix–x). This freedom sometimes produced subversive plays – 'radical tragedy' – demystifying political and power relations, interrogating providentialism and the essentialist subjectivity it entails (Dollimore, 4). Demystification, in turn, was not merely Brechtian show business. David Scott Kastan argues that

In setting English kings before an audience of commoners, the theater nourished the cultural conditions that eventually permitted the nation to bring its king to trial, not because the theater approvingly represented subversive acts but rather because representation itself became subversive. Whatever their overt ideological content, history plays inevitably, if unconsciously, weakened the structure of authority: on stage the king became a subject – the subject of the author's imaginings and the subject of the attention and judgement of an audience of subjects.

(Kastan, 111)

Louis Montrose extends Kastan's point to encompass a theatre whose power

did not lie in the explicit advocacy of specific political positions but rather in the implicit but pervasive suggestion – inhering in the basic modalities of theatrical representation and dramatic conflict – that all such positions are relationally located and circumstantially shaped and that they are motivated by the passions and interests of their advocates. In this precise and limited sense, Shakespearean drama as enacted in the

## Political Plays:

**American Political Plays** Allan Havis, 2001 These scripts touch on the issues of the 1990s including the Gulf War racial and sexual relations crises unique to big cities immigration and multiculturalism art and censorship revisionist history academic freedom and the transformation of the American presidency The American play by Suzan Lori Parks features an Abraham Lincoln impersonator trapped in an outrageous Beckett like world while Naomi Wallace's In the heart of America centers on a Palestinian American from Atlanta who is caught up in the Persian Gulf conflict Kokoro by Velina Hasu Houston chillingly depicts the stark predicament of a Japanese mother caught between two impossible worlds Marisol by Jos Rivera reveals the dark fairytale life of a young Latin woman in a wartorn apocalyptic New York The Gift by Allan Havis confronts overwhelming moral ambiguity in the farcical realm of university politics while Nixon's Nixon by Russell Lees offers an adroit treatment of the fascinating tortured Nixon Kissinger relationship The collection closes with Mac Wellman's 7 Blowjobs a wicked send up of the compromise politics that determined the fate of the National Endowment for the Arts

*The Political Plays of Euripides* Günther Zuntz, 1955

*The Political Plays of Langston Hughes* Langston Hughes, 2000 Among the most influential poets of the Harlem Renaissance Langston Hughes is perhaps best remembered for the innovative use of jazz rhythms in his writing While his poetry and essays received much public acclaim and scholarly attention Hughes dramas are relatively unknown Only five of the sixty three plays Hughes scripted alone or collaboratively have been published in 1963 Published here for the first time are four of Hughes most poignant poetic and political dramas Scottsboro Limited Harvest also known as Blood on the Fields Angelo Herndon Jones and De Organizer Each play reflects Hughes remarkable professionalism as a playwright as well as his desire to dramatize the social history of the African American experience especially in the context of the labor movements of the 1930s and their attempts to attract African American workers Hughes himself counted prominent members of these leftist groups among his close friends and patrons he formed a theater group with Whittaker Chambers prompting an FBI investigation of Hughes and his writing in the 1930s These plays while easily read as idealistic propaganda pieces for the left are nonetheless reflective of Hughes other more influential and studied works The first scholar to offer a systematic study of Hughes plays Susan Duffy provides an informed introduction as well as a detailed analysis of each of the four plays Each chapter begins with locating the play at a moment in the social history of the 1930s Then Duffy analyzes the rhetorical strategies employed throughout the script focusing on the political ideologies attacked as well as the ideologies endorsed Duffy also establishes that De Organizer a collaboration with noted jazz pianist and composer James P Johnson who also wrote its score was indeed performed by the Labor Stage Throughout the analysis of Scottsboro Limited Harvest Angelo Herndon Jones and De Organizer Duffy returns to the questions of Hughes motives for writing these works Were they merely didactic plays attempting to please Hughes leftist patrons or heartfelt leftist political propaganda By making these forgotten texts available and by presenting them within a scholarly discussion of 1930s leftist

political movements Duffy seeks to spark a renewed interest in Langston Hughes as an American playwright and political figure

**American Political Plays after 9/11** Allan Havis, 2010-05-10 American Political Plays after 9 11 is a diverse collection of bold urgent and provocative plays that respond to the highly charged post 9 11 political landscape Sparked by the terrorist attacks of September 11 2001 and subsequently fueled by a series of controversial events the Iraq war the passing and enforcement of the U S A Patriot Act and the revelation of torture and other scandals at the Abu Ghraib prison American political theater is currently experiencing a surge in activity The plays in this collection include The Guys by Anne Nelson At the Vanishing Point by Naomi Iizuka The Venus de Milo Is Armed by Kia Corthron Back of the Throat by Yusseff El Guindi Three Nights in Prague by Allan Havis and Question 27 Question 28 by Chay Yew The characters range from a New York City fire captain trying to respectfully memorialize eight of his lost comrades to the citizens of a hog killing Louisville neighborhood who poignantly exemplify the underside of the economic crisis to an Arab American citizen being harshly and possibly unfairly interrogated by two officers as a person of interest Though not all of the plays deal explicitly with the Al Qaeda attacks they collectively reveal themes of sorrow and anxiety moral indignation alarmist self preservation and economic and social insecurity stemming from the United States fairly sudden shift from cold war superpower to vulnerable target The lively introduction by Allan Havis includes a brief history of political theater in the United States an extensive discussion about how theater communities responded to 9 11 and an informative analysis of the six plays in the book A collection of dramatic material framed by this significant historical event American Political Plays after 9 11 will be indispensable for theater and cultural studies scholars and students

**Gender and the City in Euripides' Political Plays** Daniel Adam Mendelsohn, 2005 Daniel Mendelsohn makes use of insights into classical Greek conceptions of gender and Athenian notions of civic identity to demonstrate that the plays Children of Herakles and Suppliant Women by Euripides are subtle and coherent exercises in political theorizing

**The Contemporary Political Play** Sarah Grochala, 2017-03-23 What does it mean for a play to be political in the 21st century Does it require explicit engagement with events and situations with the aim of bringing about change or highlighting social wrongs Is it purely a matter of content or is it also a matter of structure The Contemporary Political Play Rethinking Dramaturgical Structure examines the politics of contemporary political drama It traces the origins of the contemporary British political play to the emergence of the idea of serious drama in the late 19th century through the work of Bernard Shaw and argues that a Shavian version of serious drama was inextricably linked to the social and political structures of British society at the time While political drama is still often thought of as adhering to a Shavian model in which social issues are presented through a dialectical structure Grochala argues that the different political structures of contemporary Britain give rise to formally inventive dramaturgies that are no less serious or political than their Shavian forebears Through analysing the experimental dramaturgies of contemporary plays by playwrights including Caryl Churchill Simon Stephens Anthony Neilson debbie tucker green and Mark Ravenhill

among others it offers a set of new principles for understanding how a play functions politically and reveals how today the dramaturgical structure of a play is as political as its content      *Library of Congress Subject Headings* Library of Congress, Library of Congress. **Political Shakespeare** Jonathan Dollimore, Alan Sinfield, 1994 The new wave of cultural materialists in Britain and new historicists in the United States here join forces to depose the sacred icon of the eternal bard and argue for a Shakespeare who meditates and exploits political cultural and ideological forces Ten years on this second edition presents additional essays by Jonathan Dollimore and Alan Sinfield      *Political Theatre in Post-Thatcher Britain* A. Kritzer, 2008-03-14 The in yer face plays of the mid 1990s announced a new generation shaped by Thatcherism and defined by antipathy to social ideals and political involvement They have generated thoughtful and lively responses from playwrights The resulting dialogue has brought politics to the forefront of British drama and reinvigorated British theatre      *Planning as Political Theatre* Dorina Pojani, Ranja Hautamäki, 2025-06-02 This book examines two large and highly controversial urban infill projects in two peripheral European capitals Tirana and Helsinki through the lens of dramaturgy and political theatre The authors argue that the planning processes in both cities have been farcical following the so called disillusionment arc in storytelling that is coming to terms with the inevitability of private developments where vast sums of money are at stake and power does not rest with the people Beyond these case studies the book introduces the concept of planning distortion which blends socio institutional phenomena such as corruption neoliberalism and undemocratisation It will appeal to planning theorists and readers interested in the European periphery particularly the Nordics and the Balkans
