Political Society Macrosociology Of Politics:

Political Society Edward W. Lehman, 1977-01-01 *The Handbook of Political Sociology* Thomas Janoski, Robert R. Alford, Alexander M. Hicks, Mildred A. Schwartz, 2005-05-23 This Handbook provides a complete survey of the vibrant field of political sociology Part I explores the theories of political sociology Part II focuses on the formation transitions and regime structure of the state Part III takes up various aspects of the state that respond to pressures from civil society *Political Society in Developing Countries* A. H. Somjee, 1984 *Policy Research* Amitai Etzioni, 1978 **Policy Research**, 2022-04-25 *The Active Society Revisited* Wilson C. McWilliams, 2006 The Active Society published in 1968 is the most ambitious book in Amitai Etzioni's remarkable career In this new collection of essays Wilson Carey McWilliams brings together scholars in a range of disciplines to analyze the significance and shortcomings of this important work *The Communitarian Reader* Amitai Etzioni, Drew Volmert, Elanit Rothschild, 2004 The Communitarian Reader Beyond the Essentials brings together essays by prominent social thinkers reflecting on issues ranging from moral obligations to civil liberties after 9/11 The result is a book both practical and theoretical and an essential guide for all interested in further exploring this important social movement *Autonomy and Order* Edward W. Lehman, 2000 This anthology of original essays by prominent political scientists philosophers and sociologists systematically advances our understanding of the movement's agenda Using Amitai Etzioni's The New Golden Rule as the guidepost for organizing conversations the essays are structured around key questions that spring from Communitarian tenets **Problem of Order** Dennis Wrong, 1994-01-31 At the end of the twentieth century many fear that the bonds holding civil society together have come undone Yet as the noted scholar Dennis Wrong shows us our generation is not alone in fearing a breakdown of social ties and a descent into violent conflict **The Monochrome Society** Amitai Etzioni, 2021-02-09 Amitai Etzioni is one of the most influential social and political thinkers of our day a man synonymous with the ideas of communitarianism In this book Etzioni challenges those who argue that diversity or multiculturalism is about to become the governing American creed On the surface America may seem like a fractured mosaic but the country is in reality far more socially monochromatic and united than most observers have claimed In the first chapter Etzioni presents a great deal of evidence that Americans whites and African Americans Hispanics and Asian Americans new immigrants and decedents of the Pilgrims continue to share the same core of basic American values and aspirations He goes on to show that we need not merely a civil but also a good society one that nurtures virtues He assesses key social institutions that can serve such a society ranging from revived holidays to greater reliance on public shaming The most effective sources of bonding and of shared ideas about virtue he insists throughout come from the community not from the state Etzioni also challenges moral relativists who argue that we have no right to impose our moral values on other societies He responds to those who fear that a cohesive community must also be one that is oppressive authoritarian and exclusive And he explores and assesses possible new sources and definitions of

community including computer mediated communities and stakeholding in corporations By turns provocative and reassuring the chapters here cut to the heart of several of our most pressing social and political issues The book is further evidence of Etzioni s enduring place in contemporary thought
