Guide, 2002-2003 David Bleiler, 2025-09-23 The TLA Film Video from This Is Spinal Tap to Ma Vie en Rose **Film Adaptation and Its Discontents** Thomas Leitch, 2007-06-15 Most books on film adaptation the relation between films and their literary sources focus on a series of close one to one comparisons between specific films and canonical novels This volume identifies and investigates a far wider array of problems posed by the process of adaptation Beginning with an

examination of why adaptation study has so often supported the institution of literature rather than fostering the practice of literacy Thomas Leitch considers how the creators of short silent films attempted to give them the weight of literature what sorts of fidelity are possible in an adaptation of sacred scripture what it means for an adaptation to pose as an introduction to rather than a transcription of a literary classic and why and how some films have sought impossibly close fidelity to their sources After examining the surprisingly divergent fidelity claims made by three different kinds of canonical adaptations Leitch's analysis moves beyond literary sources to consider why a small number of adapters have risen to the status of auteurs and how illustrated books comic strips video games and true stories have been adapted to the screen The range of films studied from silent Shakespeare to Sherlock Holmes to The Lord of the Rings is as broad as the problems that come under review **United Artists, Volume 1, 1919-1950** Tino Balio, 2009-04-08 United Artists was a unique motion picture company in the history of Hollywood Founded by Charlie Chaplin Mary Pickford Douglas Fairbanks and director D W Griffith four of the greatest names of the silent era United Artists functioned as a distribution company for independent producers In this lively and detailed history of United Artists from 1919 through 1951 film scholar Tino Balio chronicles the company's struggle for survival its rise to prominence as the Tiffany of the industry and its near extinction in the 1940s This edition is updated with a new introduction by Balio that places in relief UA's operations for those readers who may be unfamiliar with film industry practices and adds new perspective to the company's place within Hollywood

Memo from David O. Selznick David O. McGhee, 2016-09-30 After the death of Marion Morrison known as John Wayne in 1979 President Jimmy Carter said that Wayne was bigger than life In an age of few heroes he was the genuine article But he was more than a hero he was a symbol of many of the qualities that made America great The first section of this study concentrates on Wayne's style of work and sphere of action as an actor The man who works for a living and is concerned with his audience and the constraints of his immediate environment The second section examines the artist the man who lives in his art who disappears into his character as an archetype of human fears and desires Analyses of films that have made Wayne a hero are presented in the third section A comprehensive filmography and numerous photographs are included **The Women Who Made Early Disneyland** Cindy Mediavilla, Kelsey Knox, 2024-01-04 Although historians have begun to recognize the accomplishments of Disney Studio's female animators the

women who contributed to the early success of Disneyland remain for the most part unacknowledged Indeed in celebrating the park s ten year anniversary in 1965 Walt Disney thanked all the boys who ve been a part of this thing even though hundreds of women had also been instrumental in designing building and operating Disneyland since before its grand opening in July 1955 Seeking to reclaim women s place in the early history of Disneyland The Women Who Made Early Disneyland highlights the female Disney employees and contract workers who helped make the park one of the most popular U S destinations during its first ten years Some like artist Mary Blair Imagineers Harriet Burns and Alice Davis Slue Foot Sue Betty Taylor and Disneyland s first ambassador Julie Reihm eventually became Disney legends Others remain less well known including landscape architect Ruth Shellhorn parade choreographer Miriam Nelson Aunt Jemima s Kitchen hostess Alyene Lewis and Tiny Kline who at age seventy one became the first Tinker Bell to fly over Disneyland This one of a kind book examines the lives and achievements of the women who made early Disneyland
