Private Moon:

Moon's Breath and Magick Lynn Capani-Czebiniak, 2019-12-20 Lynn Capani Czebiniak is passionate about bringing the living goddess into the lives of all who may know of her but have not yet found a way to integrate her love and compassion into their lives. Within a semiautobiographical presentation, Lynn shares original goddess creations accompanied by explanations and details of her own intimate experiences with each goddess, including Abuk Morpheus, Gaia, Kwan Yin, Mare Mayde, and many more. While encouraging others to invite the Goddess presence into our beings to learn everything we can about her and the gentler way of life, she exemplifies. Lynn also provides ways our studies of goddesses can guide us to implement positive changes through meditation, mindful purpose, and reverence, ultimately letting go of what no longer serves us and finding our way back to renewal. *Moon's Breath and Magick* shares original illustrations and personal insights that celebrate the resurgence of the Goddess while exemplifying the Goddess in each of us. *Yemberzal Edition 6*, 2023-09-18. Mississippi Territory in the War of 1812 Eron Rowland, 1968. This is the major historical and genealogical source for information on the part played by the Mississippi Territory in the campaign against the British and the Creeks during the War of 1812. Mrs. Rowland's detailed historical narrative discusses all the major conflicts in the Mississippi theater, commencing with the Battle of Burnt Corn in July 1813 and the massacre at Fort Mims, which resulted in Andrew Jackson's assumption of command through the Battle of Horseshoe Bend to the legendary Battle of New Orleans. Of greater genealogical interest, however, the book boasts of Rolls of Mississippi Commands in the War of 1812, a 76-page section giving the names and ranks of upwards of 7,500 soldiers and officers. The roster is arranged by regiment and battalion and detachment and company and thereunder alphabetically. Excerpted with permission from Volume IV of Publications of the Mississippi Historical Society. Mrs. Rowland's book is an authoritative reference compiled from primary sources and transcriptions, photostats of which appear throughout the volume. *Protection of Cultural Heritage Sites on the Moon* Annette Froehlich, 2020-04-03. This book provides an extensive overview of the protection of cultural heritage sites on the Moon, humanity's lunar heritage, and the various threats they face. First of all, the international legal framework, especially the relevant space treaties, are analyzed in terms of how they protect cultural heritage sites on the Moon. In turn, the book explores key aspects like the application of customary law, the UNESCO World Heritage Convention, or the Underwater Convention, and the possibility of adding these sites to UNESCO's World Heritage list. The book subsequently addresses the question of how to define culture heritage sites or artifacts in particular in view of the Outstanding Universal Value criterion, which is a vital aspect in order to differentiate them from space garbage or even space threats. Lastly, the book proposes and elaborates on various protection systems and multilateral protection regulations. Especially now, 50 years after the first human landing on the Moon, the book is a timely publication that will be of interest to all scholars and professionals working
