Hamilton,2021-06-29 Without exception this is the most revealing commentary of the book of Revelation in decades This fresh and historically researched commentary reveals what early Christians had known so many years ago about the apocalypse After 1 900 years present day Christians finally have a reliable document that explains Christ s prophetic book This commentary contains amazing insights One of the main adversaries in the book of Revelation was a prominent historical figure He was known as the savior of the church People looked up to him and worshipped him The apostle Paul called him the man of sin and the son of perdition 2 Thessalonians 2 3 The apostle John in one of his earlier writings called him the Antichrist 1 John 2 18 Those who failed to get their names written in the Book of Life marveled at his presence in eternal punishment Revelation 17 8 That person is identified by name in this commentary Armageddon is more than a great battle in the book of Revelation It is the one defining event that will affect everyone s life The number of combatants is as the sand of the sea Yet the battle will be over before it ever begins Revelation 20 8 9 The bowls of God s wrath were poured out on a wicked and unsuspecting world Historically a foul and loathsome sore came upon the men who had the mark of the beast and those who worshipped his image Revelation 16 2 This plague was described in detail by writers who lived as it occurred This commentary includes their firsthand accounts The Winepress of God s Wrath depicts God s anger at a wicked society while providing hope and comfort to believers The theme in the book of Revelation is clear the wicked will not escape destruction Only obedient Christians will avoid the winepress of God s wrath Personal Meanings of Death Franz R. Neimeyer,1984 First published in 1984 Routledge is an imprint of Taylor Francis an informa company 70 Hebrew Words Every Christian Should Know Matthew Richard Schlimm,2018-07-17 The basic message of the Bible can be understood in any language At the same time many biblical texts are hard to understand because they don t quite make sense when translated into English Something is missing Quite frequently what readers miss has been lost in translation Maybe there is a pun or

wordplay in the original Sometimes names like Adam Eve Cain Abel and Eden just seem like names to us but have meanings that are essential to the story Many Hebrew words have multiple meanings but the English translators have to just pick one for example the same Hebrew word can mean both hear and obey Even more common are Hebrew words that have much wider meanings than their English translations A few examples are the Hebrew words rendered as remember covenant walk gates love cleanliness holiness glory wisdom and fear The original language allows various parts to click together like well constructed puzzle pieces With Hebrew in mind interpreters see new details they didn't realize were missing before They make new connections They immerse themselves in scripture more fully That's where this book comes in Learning a language is like learning a worldview Those who learn biblical Hebrew can better understand not only what biblical authors wrote but also how they thought Unfortunately those insights come only after years of study This book is about getting right to the important exciting insights It's an opportunity to be transformed by the renewing of our minds as we better understand how biblical authors used their language to express their experience of God and the world If you are just beginning to study Hebrew and want the insights and motivation to continue or if you have no intention of learning biblical Hebrew but want to better understand the Bible this book is for you

On Difficulties in Sacred Scripture Saint Maximus (Confessor), 2018-05-04 Maximus the Confessor ca 580-662 is now widely recognized as one of the greatest theological thinkers not simply in the entire canon of Greek patristic literature but in the Christian tradition as a whole. A peripatetic monk and prolific writer, his penetrating theological vision found expression in an unparalleled synthesis of biblical exegesis, ascetic spirituality, patristic theology, and Greek philosophy, which is as remarkable for its conceptual sophistication as for its labyrinthine style of composition. *On Difficulties in Sacred Scripture*, presented here for the first time in a complete English translation including the 465 scholia, contains Maximus's virtuosic theological interpretations of sixty-five difficult passages from the Old and New Testaments. Because of its great length along with its linguistic and conceptual difficulty, the work as a whole has been largely neglected. Yet alongside the *Ambigua* to John, *On Difficulties in Sacred Scripture* The Responses to Thalassios deserves to be ranked as the Confessor's greatest work and one of the most important patristic treatises on the interpretation of Scripture, combining the interconnected traditions of monastic devotion to the Bible, the biblical exegesis of Origen, the sophisticated symbolic theology of Dionysius the Areopagite, and the rich spiritual anthropology of Greek Christian asceticism inspired by the Cappadocian Fathers

The Ministry, Vol. 09, No. 05 Various Authors, 2005-05-01 This issue of *The Ministry* contains the final group of eight messages given during the 2004 fall term of the Full-time Training in Anaheim, California. The general subject for this line of messages is the intrinsic significance of the Lord's recovery for the building of the church as the house of God and the city of God. With the first message of this volume, six crucial words are introduced which are related to the intrinsic situation and need in the Lord's recovery. The first three words, purification, education, and reconstitution, are related to the ministry of Ezra, who not only enriched the recovery but in particular purified the recovery. The other three words, separation, protection, and expression, are related particularly to the ministry of Nehemiah, with its pure, absolute, and aggressive leadership. The ministry of Ezra, with the elements of purification, education, and reconstitution, make up the intrinsic need in the Lord's recovery today. The leadership of Nehemiah comes after the ministry of Ezra. Nehemiah principally took the lead to build up the wall. The wall is the intrinsic significance of the city. To build up the wall and the temple is to build up the church as the house of God for the expression of God. To build up the wall with the city is to build up

the church as the kingdom of God for the dominion of God Both of these aspects of building up the church as the house of God and as the kingdom of God were so that God could have a corporate man in His image to express and represent Him with His dominion These are for the full accomplishment of the economy of God that is to build up the Body of Christ to usher in the kingdom of Christ and to consummate the New Jerusalem Last of all we include reports concerning the distribution of the ministry in Romania and in Poland
