Radical Departures Desperate Detours To Growing Up:

Radical Departures Saul V. Levine, 1984 Senior year is over and Lucy has the perfect way to celebrate tonight she's going to find Shadow the mysterious graffiti artist whose work appears all over the city He's out there somewhere spraying color spraying birds and blue sky on the night and Lucy knows a guy who paints like Shadow is someone she could fall for Really fall for Instead Lucy's stuck at a party with Ed the guy she's managed to avoid since the most awkward date of her life But when Ed tells her he knows where to find Shadow they're suddenly on an all night search around the city And what Lucy can't see is the one thing that's right before her eyes From the Hardcover edition Reasons for Living Marisa L. Crawford, Graham Rossiter, 2006 *Reasons for Living* begins by exploring the development and psychological function of meaning identity and spirituality in the lives of young people This exploration can contribute significantly to the professional background of those engaged in the education and care of youth in various contexts The book then focuses on what it means to educate young people in meaning identity and spirituality Implications are considered for three school contexts the spiritual and moral dimension to the general curriculum in public and independent schools religious education in religious schools and state based Religion Studies courses *Reasons for Living* makes a much needed contribution to the philosophy of education by discussing the links between education and young people's spiritual and moral development It also provides new insights and approaches to values education and religious education Areas of fundamental importance in Australian education have long been held back not only by the gap between theory and practice but also by the very complexities of young people's personal development in contemporary Western Culture *Reasons for Living* offers a constructive and practical way forward **New Religious Movements in the Twenty-First Century** Phillip Charles Lucas, Thomas Robbins, 2004-06-01 *New Religious Movements in the 21st Century* is the first volume to examine the urgent and important issues facing new religions in their political legal and religious contexts in global perspective With essays from prominent NRM scholars and usefully organized into four regional areas covering Western Europe Asia Africa and Australia Russia and Eastern Europe and North and South America as well as a concluding section on the major themes of globalization and terrorist violence this book provides invaluable insight into the challenges facing religion in the twenty first century An introduction by Tom Robbins provides an overview of the major issues and themes discussed in the book *Generation on Hold* James E. Cote, Anton Allahar, 1996 At last a book about a group that's been sorely neglected those who have come of age in an advanced industrial society in the late 20th century Looks at facets such as education youth unemployment and crime family structure and personal aspirations using a multidisciplinary approach Discusses the prolongation of youth resulting from industrialization and legislation economic disenfranchisement and the new service worker and youth targeted as consumers of the media music fashion and education industries Offers a model of coming of age in Sweden Annotation copyright by Book News Inc Portland OR **Introduction to New and Alternative Religions in America** William M.

Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream. Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream. This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension and fear. Here experts delineate the boundaries and examine the various groups, beliefs, movements and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today. Volume 1: History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved. Volume 2: Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses and others are examined. Volume 3: Metaphysical, New Age and Neopagan Movements looks at Shamanism, Spiritualism, Wicca and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood. Volume 4: Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today. Volume 5: African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora, such as Rastafarianism, Santeria and the Nation of Islam, alongside traditions that are truly American incarnations like Scientology, UFO religions and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai and many more.

Passport to Heaven Kathleen S. Lowney, 2014-10-03 This book focuses on the gender roles within the Unification Church and on particularly the gender roles as expressed through the vows of marriage. It examines the more widely shared patriarchal assumptions about women in a circumscribed socio religious environment, with the Church's gender role system being investigated largely on the level of its theological explanations for gender roles. The Church's ethos, its lived reality is

also examined and for this many interviews have been conducted with the blessed the married couples First published in 1992

The Oxford Handbook of Religious Conversion Lewis R. Rambo, Charles E. Farhadian, 2014-03-06 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion

Religion in Sociological Perspective Keith A. Roberts, David Yamane, 2015-07-18 This fully updated Sixth Edition of Religion in Sociological Perspective introduces students to the basic theories and methods in the field and shows them how to apply these analytic tools to new groups they encounter The authors explore three interdependent subsystems of religion meaning structure and belonging and their connections to the larger social structure While they cover the major theoretical paradigms of the field and employ various middle range theories to explore specific processes they use the open systems model as a single unifying framework to integrate the theories and enhance student understanding Contributor to the SAGE Teaching Innovations and Professional Development Award Find out more at www.sagepub.com/sociologyaward

War in Heaven/Heaven on Earth Stephen D. O'Leary, Geln S. McGhee, 2014-12-18 The apocalypse is a motif that lies behind many religious beliefs and practices War in Heaven Heaven on Earth theorizes the apocalyptic as it has arisen in a variety of religious traditions from Native American religion to Islam in Northern Nigeria and new terrorist movements Millennial theory and history are explored from the perspective of social psychology sociology and post modern philosophy The volume is unique in applying an analysis of millennial themes to a comparative study of religion

Religion in Society Ronald Johnstone, 2015-11-17 For junior senior level courses in Religion and Society in departments of Sociology and Religious Studies Using an unbiased balanced approach the 8th edition of this text puts religion in its social context by discussing the impact of society on religion and helps students understand the role and function of religion in society that occur regardless of anyone's claims about the truth or falsity of religious systems

The Satanism Scare Joel Best, 2017-09-29 Although there is growing concern over Satanism as a threat to American life the topic has received surprisingly little serious attention Recognizing this the editors of this volume have selected papers from a wide variety of disciplines broadly covering contemporary aspects of Satanism from the

vantage points of studies in folklore cults religion deviance rock music rumor and the mass media All contributors are skeptical of claims that a large powerful satanic conspiracy can be substantiated Their research focuses instead on claims about Satanism and on the question of whose interests are served by such claims Several papers consider the impact of anti Satanism campaigns on public opinion law enforcement and civil litigation child protection services and other sectors of American society The constructionist perspective adopted by the editors does not deny the existence of some activities by real Satanists and two papers describe the workings of satanic groups Whatever the basis of the claims examined and analyzed there is growing evidence that belief in the satanic menace will have real social consequences in the years ahead

Critical Issues In Crime and Justice Albert R. Roberts, 2003-01-02 Critical Issues in Crime and Justice Second Edition provides a comprehensive examination of current developments and controversies confronting the American criminal justice system An overview of contemporary criminal justice trends provides the context for interpreting the critical issues raised throughout this engaging volume Editor Albert R Roberts and a prominent group of scholars and criminal justice professionals examine both the successes and failures of modern law enforcement juvenile justice the courts and correctional systems Developed for courses on Critical Issues in Criminal Justice Special Issues in Criminal Justice and Contemporary Topics in Criminal Justice Critical Issues in Crime and Justice Second Edition is also an excellent supplementary text for introductory Criminal Justice and related courses

The Social Science of QAnon Monica K. Miller, 2023-09-28 QAnon has emerged as the defining conspiracy group of our times and its far right conspiracies are extraordinary for their breadth and extremity Bringing together scholars from psychology sociology communications and political science this cutting edge volume uses social science theory to investigate aspects of QAnon Following an introduction to the who what and why of QAnon Part I focuses on the psychological characteristics of QAnon followers and the group's methods for recruiting and maintaining these followers Part II includes chapters at the intersection of QAnon and society arguing that society has constructed QAnon as a threat and the social need to belong motivates its followers Part III discusses the role of communication in promoting and limiting QAnon support while Part IV concludes by considering the future of QAnon The Social Science of QAnon is vital reading for scholars and students across the social sciences and for legal and policy professionals

Becoming an Addictions Counselor Peter L. Myers, Norman R. Salt, 2018-03-06 Becoming an Addictions Counselor Fourth Edition provides evidence based findings cutting edge treatment techniques and a focus on critical thinking to show future counselors how to respond to clients needs rather than impose cookie cutter routines

Encyclopedic Handbook of Cults in America J. Gordon Melton, 2014-05-22 Covers the history founders beliefs and literature of over five hundred nonconventional and alternative religious movements

Youth Development in Identity Societies James E. Cote, 2018-10-31 This book explores the causes and consequences of the contradictions in young people's lives stemming from the affluence purpose paradox a lack of purpose in life among many of those living in the most affluent

societies in human history This paradox is endemic to identity societies where people experience a choice contingent life course and is examined using an interdisciplinary approach largely with an integration of developmental psychology and sociology but also using historical anthropological economic and political perspectives The transition to adulthood is now commonly a prolonged process with young people facing a number of psychological challenges and sociological obstacles in their identity formation Challenges include difficulties in making prudent choices about goals Obstacles involve cross pressures in the wider society as well as in educational institutions Consequently many youth experience their education as alienating and stressful rather than as an opportunity for personal development Those without a sense of purpose have more difficulties with their identity formation that can produce symptoms of anxiety and depression The current student mental health crisis is examined in this context An additional challenge is an ambiguously defined adulthood Young people who are confused about appropriate adult roles often value hedonistic activities rooted in narcissism and materialism rather than in more fulfilling long term goals Conversely those who are agentic in their personal development can thrive in adulthood especially when they combine agency with generativity This book ends with a series of recommendations for researchers and policy makers to help youth cope with the affluence purpose paradox

On Freedom Eileen Barker, 2021-12-24 The London School of Economics and Political Science has embraced the full range of the social sciences and its related disciplines

Contributors to this book were invited to write on the subject of freedom **Storming Zion** Stuart A. Wright, 2016 Wright and Palmer explore the implications of heightened state repression and control of minority religions in an increasingly multicultural globalized world Back cover **Misunderstanding Cults** Thomas Robbins, Benjamin David

Zablocki, 2001-01-01 Misunderstanding Cults provides a uniquely balanced contribution to what has become a highly polarized area of study Working towards a moderate third path in the heated debate over new religious movements or cults this collection includes contributions from both scholars who have been characterized as anticult and those characterized as cult apologists The study incorporates multiple viewpoints as well as a variety of theoretical and methodological perspectives with the stated goal of depolarizing the discussion over alternative religious movements A prominent section within the book focuses explicitly on the issue of scholarly objectivity and the danger of partisanship in the study of cults The collection also includes contributions on the controversial and much misunderstood topic of brainwashing as well as discussions of cult violence children brought up in unconventional religious movements and the conflicts between alternative religious movements and their critics Unique in its breadth this is the first study of new religious movements to address the main points of controversy within the field while attempting to find a middle ground between opposing camps of scholarship

American Sociology of Religion, 2007-08-31 This is a collection of histories of various aspects of American sociology of religion The contributions range from descriptions of early dissertations accounts of changes in theoretical conceptualization the evolution of studies of particular denominations to the rise of new areas of inquiry such as globalization feminism new

religions and the study of the religious traditions of Latino Americans Taken as a whole the volume complements rather than duplicates commemorative issues of the relevant journals which focused on the scholarly organizations in the field It represents a first effort to develop an organized treatment of the fascinating history of the specialty in the U S A
