Hurricane John Dibbs,Tony Holmes,Gordon Riley,2017-05-18 2017 marks the 80th anniversary of the remarkable Hawker Hurricane formally entering service The RAF s first monoplane fighter it dragged the Air Force into a position where it could defend Britain in her hour of need The true workhorse of the RAF the Hurricane came into its own in the hot summer months of 1940 valiantly defending the skies above Britain Outnumbering Spitfires three to one the Hurricane also downed far more enemy aircraft Without the obvious elegance of the Me 109 or the Spitfire the Hurricane was nonetheless beloved by its pilots for its ability to simultaneously take a battering and inflict serious damage from its remarkably stable gun platform This stunning book reveals the Hurricane in all its glory from fascinating first hand accounts from the men who flew her to the truly breath taking images from John Dibbs of the Hurricanes still in flight today This lavish fully illustrated edition is a must have for all fans of aviation history *Reports and Memoranda* ,1923 Beginning with no 650 each hundredth number contains a list of the Reports and memoranda published since the last list *Flight* ,1929 **The Secret Battle For Britain** M. S. Morgan,M S Morgan,2025-12-31 The dramatic story of Franz von Werra famously the only Axis PoW to succeed in escaping and make it home during the Second World War is told in the 1957 movie The One That Got Away The film details von Werra s interrogation by RAF intelligence in 1940 presenting an enlightening but compressed version of his treatment following his capture in the Battle of Britain The script revealed a little of the tactics of his RAF interrogators which so impressed von Werra that he was quick to tell the Luftwaffe High Command upon his return to Germany in 1941 Of course von Werra was just one of many Luftwaffe airmen captured during 1939 and 1940 Many if not all were subject to processing and interrogation having been taken prisoner Information was gleaned through private discussions between senior officers and some lower ranks obtained via covert microphones as well as interrogation stool pigeons However these tactics had been developed in the first months of the war and with the Battle of Britain producing vast quantities of PoWs the new tactics were honed on these unsuspecting guinea pigs The German airmen most of whom at this stage of the war believed that victory was inevitable provided Air Intelligence both wittingly and unwittingly with a treasure trove of information which covered not only technical and tactical intelligence but also possible war crimes morale and more Air Intelligence used tactics that any modern interrogator would recognise The RAF also built up quite a library of information much of it coming from what we now call Open source material This included newspapers magazines radio broadcasts and information from previous prisoners Carefully collated and analysed in time Air Intelligence built up a detailed picture of pilots aircraft units and the general social situation around a unit or airfield community This book examines the development of Air Intelligence and its interrogation of Luftwaffe airmen from 1939 to the end of the 1940 providing a fascinating insight

into a little known part of both the Battle of Britain and the Blitz
