Raging River Lonely Trail:

Raging River, Lonely Trail Vaughn Short, 2014-04-01 For half a century beginning in the early 1960s Vaughn Short walked horse packed and floated the canyons and mesas of the Southwest Along the way stories and poems grew in his mind Around evening campfires he shared these pearls with those lucky enough to be in his company Vaughn Short was our Robert Service the Poet Lauriat of canyon country Although Vaughn has moved on his books of poetry connect us to an earlier time before passage through these areas became common [The Books of the Grand Canyon, the Colorado River, the Green River & the Colorado Plateau](#) Mike S. Ford, 2003 A Bibliography covering one half century of Southwest literature a sequel to Farquhar's *The Books of the Colorado River the Grand Canyon* *Glen Canyon Dammed* Jared Farmer, 1999 Focusing on the saddening maddening example of Glen Canyon Jared Farmer traces the history of exploration and development in the Four Corners region discusses the role of tourism in changing the face of the West and shows how the invention of Lake Powell has served multiple needs He also seeks to identify the point at which change becomes loss How do people deal with losing places they love How are we to remember or restore lost places **BOOK JACKET** *GhostWest* Ann Ronald, 2005-02-03 Our sense of place is permeated by ghosts from the past In *GhostWest* Ann Ronald takes the reader to historical sites where something once happened Using the metaphor of hauntings she reflects on how western history literature and lore continue to shape our visceral impressions of these sites In chapters both lyrical and thoughtful passionate and humorous *GhostWest* covers sites in seventeen western states including the Little Bighorn Battlefield in Montana Willa Cather's Nebraska prairies and the Murrah Building bombing site in Oklahoma Through these settings and their phantoms the author mulls questions of why we find such ambience and artifacts so compelling Volume 7 in the *Literature of the American West* series *All My Rivers are Gone* Katie Lee, 1998 David Brower who has always regretted the Sierra Club's failure to save the Glen Canyon called it *The Place No One Knew* But Katie Lee was among a handful of men and women who knew the 170 miles of Glen Canyon very well She'd made sixteen trips down the river even named some of the side canyons Glen Canyon and the river that ran through it had changed her life Her descriptions of a magnificent desert oasis and its rich archaeological ruins are a paean to paradise lost In 1963 the U S Government's Bureau of Reclamation the Wreck the nation bureau Katie calls it shut off the flow of the Colorado River at Glen Canyon Dam beginning the process of flooding this natural treasure Two generations have been born since the dam was built and in a few more decades there may be no one alive who will have known the place Katie Lee won't forget Glen Canyon and she doesn't want anyone else to forget it either She tells us what there was to love about Glen Canyon and why we should miss it The canyon had great personal significance for her She had gone to Hollywood to make her career as an actress and a singer but the river kept calling her back showing her a better way to live She very eloquently weaves her personal story into her breathtaking descriptions of the trips she made down the canyon In recent years Katie has found allies in her struggle to restore the canyon The Glen Canyon Institute

has been joined by the Sierra Club in calling for the draining of Lake Powell Rez Foul in Katie s words and the idea is being debated on editorial pages across the country and in congressional hearings All My Rivers Are Gone celebrates a great American landscape mourns its loss and challenges us to undo the damage and forever prevent such mindless destruction in the future

The Glen Canyon Reader Mathew Barrett Gross, 2003 Stretching for 170 miles across northern Arizona and southern Utah Lake Powell is both a vacationer s paradise and the second largest reservoir in the Western Hemisphere Yet few visitors to the lake today are aware of the lost world that lies beneath its crystal waters Once an enchanted landscape of sandstone cliffs and secret crevices Glen Canyon has been but a memory since the damming of the Colorado River near Page Arizona in 1963 Often called the place no one knew Glen Canyon was in fact explored by thousands of visitors including dozens of writers before the dam s completion River runner Mathew Gross has combed the literature of Glen Canyon to assemble this wide ranging look at the history of this now submerged natural treasure the first book to bring together these voices of remembrance Beginning with the first known written report of Glen Canyon in an eighteenth century missionary journal Gross has selected accounts of the canyon from both before and after the dam Included are some of the West s best known writers Zane Grey and Katie Lee Edward Abbey and Ellen Meloy as well as Pulitzer Prize winners John McPhee and Wallace Stegner Other authors range from David Brower director of the Sierra Club when the dam was built to Floyd Dominy the federal bureaucrat responsible for the dam The Glen Canyon Reader is a book that may be read straight through as entertaining and informative history But as Gross suggests Perhaps more pleasurable is to flip through these pages to poke around and explore as one would have done in Glen Canyon to visit and revisit the places contained in this book these cool glens and embracing alcoves and hidden grottos these canyons and dreams and ghosts that will always always be with us
