Kim Richard Nossal

Rain Dancing Sanctions In Canadian And Australian Foreign Policy:

Rain Dancing Kim Richard Nossal, 1994 Nossal contends that because Canada and Australia lack the economic capabilities that give the sanctions of major powers their bite the sanctions of these middle powers accomplish little but make the public feel that something is being done about a serious problem In support of this view Nossal presents six case studies of Canadian and Australian sanctions episodes from the 1970s to the early 1990s against China Indonesia Iraq the former Soviet Union South Africa and Vietnam Annotation copyright by Book News Inc Portland OR

The Politics of Canadian Foreign Policy, Fourth Edition Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal St phane Roussel and St phane Paquin provide readers with the key foundations for the study of Canadian foreign policy They argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why Canadian foreign policy looks the way it does one must look at the interplay of all three

How Sanctions Work N. Crawford, A. Klotz, 1999-01-28 *How Sanctions Work* surveys theories of international sanctions and offers detailed analyses of the effect of sanctions on apartheid South Africa Chapters by respected international experts cover cultural isolation oil and military embargoes trade boycotts financial sanctions and divestment consequences for black South Africans and regional effects The book shows how sanctions both directly and indirectly hurt the apartheid regime while in some cases offering succour to the anti apartheid movement

A Forgotten Legacy JOHN KENNAIR, 2012-01-04 Have you ever wondered about the Commonwealth or questioned what it has meant to Canada If not you are not alone It has been a sparsely covered subject of Canadian history Yet the Commonwealth was once and can still be an important part of Canadian foreign policy To be so however it is important to understand what role Canada has traditionally played within this association of states This is the purpose of this book to explore how Canada has led within the Commonwealth as it has served its function in Canadian foreign policy More importantly through learning of Canadas role within this organization we might better understand what future role the Commonwealth might perform for Canada and a legacy will not be forgotten

Hong Kong's Reunion with China: The Global Dimensions Gerard A. Postiglione, James Tuck-Hong Tang, 2016-07-01 The issues surrounding Hong Kong's global position and international links grow increasingly complex by the day as the process of Hong Kong's transformation from a British colony to a Chinese Special Administration Region unfolds This volume addresses a number of questions relating to this process How international is Hong Kong What are its global and international dimensions How important are these dimensions to its continued success How will these dimensions change especially beyond the sphere of economics Is Hong Kong's internationalization defined in terms of its willingness to embrace international values and its capacity to maintain its international presence at risk These questions are presented as they pertain to the changing situation relations between mainland China Taiwan and Hong Kong the positions of Australia Canada and the United States on Hong Kong internalization of international legal values Americanization vs Asianization linkages to the world through Guangdong strategies to emigrate overseas cultural internationalization media internationalization and universities within the global economy

The Experience of Economic Redistribution Clarence Tshitereke, 2006-10-09 This book provides an analysis of the country's political economy in transition It documents the history of the gold mining industry's involvement in shaping the political landscape of South Africa and shows the degree to which the political transition was induced to put in place a new mode of regulation for capital accumulation In the process the victims of apartheid have now become victims of democracy's neo liberalism as the government is constrained from being developmental interventionist and redistributive

In Good Faith

Renate Pratt, 2006-01-01 In retrospect it is difficult to accept that Western democracies have implicitly supported or at least tolerated the legalized system of white supremacy in South Africa known as apartheid Renate Pratt's new book *In Good Faith* explains why the Christian churches were among the first to publicly protest and why they provided such cogent and determined international support for the struggle against apartheid The Taskforce on the Churches and Corporate Responsibility is a coalition of Christian churches that for nearly twenty years was one of Canada's leading anti apartheid advocates As the first co ordinator of this Taskforce Renate Pratt was at the centre of the early anti apartheid initiatives in Canada and consequently is able to supply a clear and accurate view The book traces the history of exchanges between the Taskforce and successive ministers and senior civil servants of the Department of External Affairs It details the reluctant and weak responses offered by the Canadian government and business community right up to the time of Nelson Mandela's release from prison *In Good Faith* will be of particular interest to Canadian Christians concerned with ecumenical co operation and with the social and political dimensions of their faith Equally it will appeal to those interested in the impact of public interest organizations on public policy or the relationship between politics and business interests
