Zombification Andrei Codrescu, 1995-02-15 The world is undergoing zombification It was gradual for a while a few zombies here and there mostly in high office where being a corpse in a suit was de rigueur The worst part about zombies raging unchecked is the slow paralysis they induce in people who aren't quite zombies yet Never at a loss for a trenchant comment or off beat imagery National Public Radio's Andrei Codrescu has long been considered an eloquent if often sardonic expert on the absurdities of American culture The essays in *Zombification* all taken from this poet's popular commentaries for NPR were broadcast during the late 1980s and early 1990s a period that witnessed the collapse of Communism radical changes in American politics and society and the birth of new nations These large subjects along with lively riffs on dozens of topics both timely and timeless both everyday and strange are treated with Codrescu's inimitable wit insight and candor Included here are *Seven Embryos for Seven Lawyers* *Dali in Vegas* *Culture Vultures* and *Casserole Widows* and other classics
