Religion And The Churches:

The History of the Christian Religion and Church During the Three First Centuries August Neander, 1844 **A Concise History of the Christian Church, from Its First Establishment to the Present Time** George Gregory, Martin Ruter, 1834 **The Social Teaching of the Christian Churches** Ernst Troeltsch, 1956 This unsurpassed classic is more than a history of Christian ethical ideas It comes near to being a history of the Christian era for it relates these ideas to the changing structures of church and society showing the mutual influences between ideas social forces and institutions James Luther Adams Edward Mallinckrodt Jr The Divinity School Harvard University **Religion and Society in Twentieth-century Britain** Callum G. Brown, 2006 Providing a comprehensive account of religion in British society and culture between 1900 and 2000 this book traces how Christian Puritanism and respectability framed the people amidst world wars economic depressions and social protest What Is Christianity? Gail Ramshaw, 2013-07-01 With over twenty years in the classroom Gail Ramshaw frames this new introduction to Christianity survey text around the basic questions students ask Taking a broad social scientific approach and integrating historical context she anchors each chapter in phenomenological theory and teases out the answers to each chapters question by surveying the history doctrine practices and convictions of Christianity Written for students with little to no background in Christianity the book contains student friendly learning helps including chapter summaries photos and charts I am a Christian statements that illustrate the diversity of practice and belief study questions suggestions for further exploration in both books and film a glossary and an index *Christianity and the World Order* Edward R. Norman, 1979 These 1987 Reith Lectures are an attempt to isolate and identify the political and social ideas employed by contemporary Christians Beginning with a critical analysis of the modern politicization of religion Dr Norman proceeds to an examination of specific areas in which the conflict of ideologies has elicited strong Christian responses in the social radicalism and Marxism of the Latin American Churches in the Human Rights controversy over religious conditions in the Soviet Union in the racial and national upheavals of Southern Africa The result is a wide ranging discussion of present tendencies and a general scepticism about the property of associating Christianity with any set of political values Publisher An Exposition of the Thirty-nine Articles of the Church of England Gilbert Burnet, 1700 The Resilience of Conservative Religion Joseph B. Tamney, 2002-02-11 The recent growth and popularity of conservative churches contradicts the idea that late modern societies have outgrown the need for such relics of the past as traditionalist religions In this book Joseph Tamney offers an explanation for this this apparent incongruity by looking at the case of growing popular conservative Protestant congregations in the United States His findings represent a synthesis of ideas from supporters of secularization theory and from those who stress the competitive market of churches in America as a factor in church growth **The Social Significance of Religion in the Enlarged Europe** Olaf Müller, 2016-02-24 Engaging with some of the central issues in the sociology of religion this volume investigates the role and significance of churches and religion in

contemporary Western and Eastern Europe Based on an extensive international research project it offers case studies of various countries including Finland Ireland Portugal Germany Poland Russia Estonia Hungary and Croatia as well as cross country comparisons Researching more precisely the present social relevance of church and religion at different levels The Social Significance of Religion in the Enlarged Europe raises and responds to both descriptive and explanatory questions Can we observe tendencies of religious decline in the various Western and Eastern European countries Are we witnessing trends of religious individualization To what extent has there been a religious upswing in the last few years And what are the factors causing the observed processes of religious change Marked by its broad range of data and a coherent conceptual framework in accordance with which each chapter assesses the extent to which three important theoretical approaches in the sociology of religion secularization theory the market model of religion and the individualization thesis are applicable to the data this book will be of interest to scholars of sociology politics and religion exploring religious trends and attitudes in contemporary Europe *Doctrinal Standards of Methodism, Including the Methodist Episcopal Churches* Thomas Benjamin Neely, 1918
