Religion in England 1558-1662 Horace G. Alexander, 1968 *Englishmen Transplanted* Larry Dale Gragg, 2003 Larry Gragg challenges the prevailing view of the seventeenth century English planters of Barbados as architects of a social disaster Most historians have described them as profligate and immoral as grasping capitalists who exploited their servants and slaves in a quest for quick riches in the cultivation of sugar Yet they were more than rapacious entrepreneurs Like English emigrants to other regions in the empire sugar planters transplanted many familiar governmental and legal institutions eagerly started families abided traditional views about the social order and resisted compromises in their diet apparel and housing despite their tropical setting Seldom becoming absentee planters these Englishmen developed an extraordinary attraction to Barbados where they saw themselves as one group of planters explained in a petition as being Englishmen transplanted **Persecution and Toleration in Protestant England 1558-1689** John Coffey, 2014-06-11 This

fascinating work is the first overview of its subject to be published in over half a century The issues it deals with are key to early modern political religious and cultural history The seventeenth century is traditionally regarded as a period of expanding and extended liberalism when superstition and received truth were overthrown The book questions how far England moved towards becoming a liberal society at that time and whether or not the end of the century crowned a period of progress or if one set of intolerant orthodoxies had simply been replaced by another The book examines what toleration means now and meant then explaining why some early modern thinkers supported persecution and how a growing number came to advocate toleration Introduced with a survey of concepts and theory the book then studies the practice of toleration at the time of Elizabeth I and the Stuarts the Puritan Revolution and the Restoration The seventeenth century emerges as a turning point after which for the first time a good Christian society also had to be a tolerant one Persecution and Toleration is a critical addition to the study of early modern Britain and to religious and political history

Godliness and Governance in Tudor Colchester Laquita M. Higgs, 1998 The Tudor period was a time of extremes when Henry VIII beheaded wives and Queen Mary executed non Catholics With the ascension of Protestant Elizabeth I to the throne the borough of Colchester breathed relief and set about to establish a Godly society Historian Laquita M Higgs shows that Colchester provided one of the earliest illustrations of both the workings and tensions of Puritan town governance
