## **Religion Myth And Folklore In The Worlds Epics The Kalevala And Its Predecessors:**

*Religion, Myth and Folklore in the World's Epics* Lauri Honko, 2011-08-02 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series *Religion, Myth, and Folklore in the World's Epics* Lauri

Honko, 1990 **A Companion to Ancient Epic** John Miles Foley, 2008-11-03 A Companion to Ancient Epic presents for the first time a comprehensive up to date overview of ancient Near Eastern Greek and Roman epic It offers a multi disciplinary discussion of both longstanding ideas and newer perspectives A Companion to the Near Eastern Greek and Roman epic traditions Considers the interrelation between these different traditions Provides a balanced overview of longstanding ideas and newer perspectives in the study of epic Shows how scholarship over the last forty years has transformed the ways that we conceive of and understand the genre Covers recently introduced topics such as the role of women the history of reception and comparison with living analogues from oral tradition The editor and contributors are leading scholars in the field Includes a detailed index of poems poets technical terms and important figures and events **Orality, Textuality, and the Homeric Epics** Jonathan L. Ready, 2019-07-30 Written texts of the Iliad and the Odyssey achieved an unprecedented degree of standardization after 150 BCE but what about Homeric texts prior to the emergence of standardized written texts Orality Textuality and the Homeric Epics sheds light on that earlier history by drawing on scholarship from outside the discipline of classical studies to query from three different angles what it means to speak of Homeric poetry together with the word text Part I utilizes work in linguistic anthropology on oral texts and oral intertextuality to illuminate both the verbal and oratorical landscapes our Homeric poets fashion in their epics and what the poets were striving to do when they performed Looking to folkloristics part II examines modern instances of the textualization of an oral traditional work in order to reconstruct the creation of written versions of the Homeric poems through a process that began with a poet dictating to a scribe Combining research into scribal activity in other cultures especially in the fields of religious studies and medieval studies with research into performance in the field of linguistic anthropology part III investigates some of the earliest extant texts of the Homeric epics the so called wild papyri By looking at oral texts dictated texts and wild texts this volume traces the intricate history of Homeric texts from the Archaic to the Hellenistic period long before the emergence of standardized written texts in a comparative and interdisciplinary study that will benefit researchers in a number of disciplines across the humanities Lawyers and Savages Kaius Tuori, 2014-09-19 Legal primitivism was a complex phenomenon that combined

the study of early European legal traditions with studies of the legal customs of indigenous peoples *Lawyers and Savages* Ancient History and Legal Realism in the Making of Legal Anthropology explores the rise and fall of legal primitivism and its connection to the colonial encounter Through examples such as blood feuds communalism ordeals ritual formalism and polygamy this book traces the intellectual revolution of legal anthropology and demonstrates how this scholarship had a clear impact in legitimating the colonial experience Detailing how legal realism drew on anthropology in order to help counter the hypothetical constructs of legal formalism this book also shows how despite their explicit rejection the central themes of primitive law continue to influence current ideas about indigenous legal systems but also of the place and role of law in development Written in an engaging style and rich in examples from history and literature this book will be invaluable to those with interests in legal realism legal history or legal anthropology Initiation Between Two Worlds Jens Peter Schjødt, 2008 The purpose of this book is to apply theories and perspectives from the Study of Religion or Comparative Religion to the study of the pre Christian culture in the North The basic idea is that such an application will enlighten our understanding of some myths and other narratives which from other points of view may seem obscure and thus give us a glimpse into the world view of the pagan Scandinavians which cannot be obtained otherwise The book deals with problems within the study of Religion as well as within Scandinavian Studies and hopefully it can inspire scholars from both fields

**Pro ethnologia**, 1993 *Arts & Humanities Citation Index*, 1994 **Between the Worlds** Matthias Egeler, Wilhelm Heizmann, 2020-05-05 The rich corpus of literary otherworld journeys that has survived from the Scandinavian and especially the Icelandic Middle Ages is in many respects tied to a space Between the Worlds Every otherworld journey quite literally engages with a space between the worlds in the sense that it plays itself out between this world and a world beyond an otherworld Yet this is not all Also in terms of its cultural context this branch of the literature of the medieval North takes up a position situated midway between a broad range of poles Texts from the Christian period treat pre Christian mythology allegedly pre Christian material is studded with Christian motifs Scandinavian texts adapt the learning and literature of the European continent Ireland and the classical Mediterranean and Finnish narratives in turn appear to adapt Scandinavian narrative patterns The volume presents a rich panorama of a broad range of very different Scandinavian Finno Ugric Greek Latin Celtic Ancient Near Eastern and archaeological perspectives on the topic of the otherworld journey which contextualises the motif of the otherworld journey in Old Norse Icelandic literature in an unprecedented breadth **The Epic** International Society for Folk Narrative Research. Congress, 1998 Research papers presented at the XIth Congress of the International Society for Folk Narrative Research held at Mysore in January 1995

## **Religion Myth And Folklore In The Worlds Epics The Kalevala And Its Predecebors** Book Review: Unveiling the Power of Words
