Religion Society In Buganda 1875 19

Arne Perras

Religion Society In Buganda 1875 19:

Buganda in Modern History Donald Anthony Low,1971 **Missions, Nationalism and the End of Empire**

Stanley,Alaine M. Low,2003 Christian missions have often been seen as the religious arm of Western imperialism What is rarely appreciated is the role they played in bringing about an end to the Western colonial empires after the Second World War **Missions Nationalism and the End of Empire** explores this neglected subject Respected authorities on the history of missions explore new territory in these chapters examining from diverse angles the linkages between Christianity nationalism and the dissolution of the colonial empires in Asia and Africa This work not only sheds light on the relation of religion and politics but also uncovers the sometimes paradoxical implications of the church s call to bring the gospel to all the world Contributors Daniel H Bays Philip Boobbyer Judith M Brown Richard Elphick Deborah Gaitskell Adrian Hastings Caroline Howell Ka che Yip Ogbu U Kalu Hartmut Lehmann Derek Peterson Andrew Porter Brian Stanley John Stuart The Historical Study of African Religion Terence O. Ranger,T. O. Ranger,Isaria N. Kimambo,1976 **Anxiety in and about**

Africa Andrea Mariko Grant,Yolana Pringle,2020-12-01 How does anxiety impact narratives about African history culture and society This volume demonstrates the richness of anxiety as an analytical lens within African studies Contributors call attention to ways of thinking about African spaces physical visceral somatic and imagined as well as about time and temporality Through a multidisciplinary approach the volume also brings histories of anxiety in colonial settings into conversation with work on the so called negative emotions in disciplines beyond history While anxiety has long been acknowledged for its ability to unsettle colonial narratives to reveal the vulnerability of the colonial enterprise this volume shows it can equally complicate contemporary narratives such as those of sustainable development migration sexuality and democracy These essays therefore highlight the need to take emotions seriously as contemporary realities with particular histories that must be carefully mapped out **The Political Kingdom in Uganda** David E. Apter,2013-04-03 It is rare for

a scholar to revisit the scene of earlier research with a view to evaluating how that research has stood up over time Here David E Apter does that and more In a lengthy new introductory chapter to this classic study of bureaucratic nationalism he reviews the efficacy of the concepts in his original study of Uganda of almost a century ago including some such as consociationalism which have entered into the mainstream of comparative politics *The Political Kingdom in Uganda* David Ernest Apter,1997 It is rare for a scholar to revisit the scene of earlier research with a view to evaluating how that research has stood up over time Here David E Apter does that and more In a lengthy new introductory chapter to this classic study of bureaucratic nationalism he reviews the efficacy of the concepts in his original study of Uganda of almost a century ago including some such as consociationalism which have entered into the mainstream of comparative politics **Carl**

Peters and German Imperialism 1856-1918 Arne Perras,2004-07-22 Carl Peters 1856 1918 ranked among Germany s most prominent imperialists in the Bismarckian and Wilhelmine periods In the 1880s he emerged as a leader of the colonial

movement and became known as the founder of Deutsch Ostafrika a region many Germans regarded as the pearl of their overseas possessions In Nazi Germany he was revered as a precursor of Hitler and ascended retrospectively to new glory as a pioneer in the struggle for Lebensraum This scholarly biography examines Peters s nationalist agenda and sheds light on his colonial expeditions into East Africa It seeks to explain how this young academic who had written about Schopenhauer and metaphysics eventually became a skilful agitator for a German world empire **The Royal Capital of Buganda** Peter C. W. Gutkind, 2021-03-22 No detailed description available for The Royal Capital of Buganda *The Church in the World* David Zac Niringiye, 2016-04-30 Historically studies of the church in Africa have tended to focus on church history or church state relations but in this publication David Zac Niringiye presents a study of the Church of Uganda focused on its ecclesiology Niringiye examines several formative periods for the Church of Uganda during concurrent chronological political eras characterized by varying degrees of socio political turbulence highlighting how the social context impacted the church s self expression The author s methodology and insight sets this work apart as an excellent reflection on the Ugandan church and brings scholarly attention to previously ignored topics that hold great value to society the church and the academic community globally Area Handbook for Uganda Allison Butler Herrick, 1969
