Stoker, 2022-01-04 Studies in Theology and Religion 10 In this volume fourteen philosophers of religion reflect on religious views of the good life Some authors focus on positive religion and its specific religious representations of the good life while others abstract from these and focus on philosophical religion and its conceptual articulations of the good life The tension between positive religion and philosophical religion between representation and concept is itself also analyzed This volume is a result of the co operation of the philosophers of religion who are senior members of the Netherlands School for Advanced Studies in Theology and Religion NOSTER Religion and the Good Life Religion and the Good Life Introduction Marcel Sarot Utrecht and Wessel Stoker Amsterdam PART I THE RELATIONSHIP BETWEEN REPRESENTATION AND CONCEPT The Tension between Representation and Concept as a Challenge for Philosophy of Religion Peter Jonkers Utrecht Beyond Representation and Concept The Language of Testimony R D N van Riessen Kampen PART II THE TENSION BETWEEN REPRESENTATION AND CONCEPT Seduction and Guidance Some Remarks on the Ambiguities of Reason and Reflective Thought in Connection with Religion and the Good Life W Dupr Nijmegen The Good Life is Historical Ben Vedder Nijmegen The Quality of Life Comic Vision in Charles Dickens and Iris Murdoch Henry Jansen Amsterdam Narrative Atonement and the Christian Conception of the Good Life Gijsbert van den Brink Leyden Myths and the Good Life Ricoeur's Hermeneutical Approach to Myth Wessel Stoker Amsterdam Bhajans and their Symbols Religious Hermeneutics of the Good Life Hendrik M Vroom Amsterdam PART III REPRESENTATIONS OF THE GOOD LIFE Models of the Good Life Marcel Sarot Utrecht The Highest Good and the Kingdom of God in the Philosophy of Kant A Moral Concept and a Religious Metaphor of the Good Life Donald Loose Tilburg Rotterdam Jacques Derrida and Messianity Victor Kal Amsterdam Skepticism and the Meaning of Life Michael Scott Manchester Ultimate Happiness and the Love of God Vincent Brummer Utrecht Human Being and the Natural Desire for God Reflections on the Natural and the Supernatural Eef Dekker Utrecht **Christianity and the Religions** Edward Rommen, Harold A. Netland, 1995-09-15 The Majesty and Greatness of God Unprecedented opportunities and challenges await the Christian church as it approaches the

21st century Just fifty years ago we could not have dreamed how advanced technologies and the remarkable rise of non Western missionaries would open doors for world evangelization At the same time the church finds itself increasingly troubled by internal and external pressures resulting in a deep sense of insecurity about its mission in the world The current theological and missiological ferment is seen in debates about religious pluralism What is the relationship between the Christian faith and other religious traditions Missiologist Gerald Anderson says No issue in missiology is more important more difficult more controversial or more divisive for the days ahead than the theology of religions This is the theological issue for mission in the 1990s and into the 21st century The essays in this book take a fresh look at the biblical data to address pressing questions raised by religious pluralism With a greater understanding of these issues God s people will not only have increased confidence in the one true God they will be further emboldened to carry on the work of world missions

Understanding Interreligious Relations David Cheetham,Douglas Pratt,David Richard Thomas,David Thomas,2013-11 Understanding Interreligious Relations is a multi authored volume that explores the theme of the religious other from the perspective of five major religions Hinduism Judaism Buddhism Christianity and Islam and discusses a range of issues in which interreligious relations are central These include conversion the impact and nature of religious extremism the contemporary development of inter religious dialogue the dynamics operating between majority and minority religious groups belonging to more than one religion or faith tradition examples of cross religious co operation religion in the public domain and the task of peace building among others In a religiously plural world how different religious communities get along with one another is not just an academic question it is very much a focus of socio political and wider community attention The challenge to understand interreligious relations is of critical importance in today s world Critical Faith Ronald A. Kuipers,2021-11-15 Can religious faith be critical and remain recognizable as faith Or is the idea of a critical faith a contradiction in terms In this book an emerging new voice in the philosophy of religion argues in favor of critical faith Playing on a double meaning of the word critical the title of the book suggests that faith is not only a critical crucial component of human life but also a component that can and should develop in a critical intellectually vigilant way Taking John Locke s reflections on the relationship between faith and reason as his point of departure the author weaves his discussion around a wide array of intellectual figures and conversations In addition to addressing important elements in the work of such historical figures as Aquinas and Locke Kuipers also incorporates themes from recent discussions in the philosophy of science feminist epistemology philosophy of language liberal theology and critical theory The book ends with a discussion of elements in Jurgen Habermas s theory of communicative action and offers a critical assessment of the merit of Habermas s notion of critical rationality as a normative yardstick for the achievement of a critical faith **The Non-Western Jesus** M. E. Brinkman, Henry Jansen, Lucy Jansen, 2014-12-18 The centre of gravity of contemporary Christianity has shifted to the southern hemisphere where with the exception of Latin America almost all Christians are

minorities in their home countries Christians in Asia live amongst Muslim Hindu Buddhist Shamanist or Taoist majorities and this context shapes the local Christian theology The same is true in Africa where traditional religions and beliefs influence African Christians Central to this change in both Africa and Asia is the creation of a new Jesus one who accretes local beliefs and concerns and who in that process is transformed The Non Western Jesus reveals how a new theology with its own images and concepts is coming into being A wide range of embodiments of Jesus is examined Jesus as Avatara and Guru in the Indian context as Bodhisattva in the Buddhist context and Jesus within Asian Chinese Japanese Korean African and Indonesian religious contexts
