The Religions Next Door Marvin Olasky, 2004 A revealing look at the truth about world religions that the media often misrepresents *The Oxford Handbook of Religion and the American News Media* Diane Winston, 2012-08-29 Whether the issue is the rise of religiously inspired terrorism the importance of faith based NGOs in global relief and development or campaigning for evangelical voters in the U S religion proliferates in our newspapers and magazines on our radios and televisions on our computer screens and increasingly our mobile devices Americans who assumed society was becoming more and more secular have been surprised by religions rising visibility and central role in current events Yet this is hardly new the history of American journalism has deep religious roots and religion has long been part of the news mix Providing a wide ranging examination of how religion interacts with the news by applying the insights of history sociology and cultural studies to an analysis of media faith and the points at which they meet *The Oxford Handbook of Religion and the American News Media* is the go to volume for both secular and religious journalists and journalism educators scholars in media studies journalism studies religious studies and American studies Divided into five sections this handbook explores the historical relationship between religion and journalism in the USA how religion is covered in different media how different religions are reported on the main narratives of religion coverage and the religious press Religion, Education and Society Elisabeth Arweck, Robert Jackson, 2016-03-16 This volume presents findings from recent research focusing on young people and the way they relate to religion in their education and upbringing The essays are diverse and multidisciplinary in terms of the religions they discuss including Christianity Islam and Sikhism the settings where young people reflect on religion the classroom youth club peer group families respective religious communities and wider society the different perspectives which relate to religious education and socialisation the teaching of RE the role of teachers in pupils lives the way teachers personal lives shape their approach to teaching school ethos and social context and the place and rationale of RE the contexts within which the authors work different national settings and various academic disciplines and the methodology used qualitative quantitative and mixed method approaches The authors make important contributions to the debate about the role of religious education in the curriculum They demonstrate the crucially important formative influence of religious education in young people s lives which reaches well into their adulthood shaping religious and other identities and attitudes towards the other whatever that other may be This book was originally published as a special issue of the *Journal of Beliefs Values* **When Texas Prison Scams Religion** Michael G. Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality

in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ's executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars
