Religions Of Tibet Tucci,2012-11-12 Very little is known in the West about Tibetan Buddhism in comparison with other eastern religions This is partly because the vast literature which it has produced and which illuminates its history is still far from accessible In addition there exists a deep division between monastic Lamaism and religion as it is lived by the people the former is fragmented into many schools while the latter shows numerous regional variations The first comprehensive account of Tibetan Buddhism to be published in English since Waddell s Buddhism of Tibet appeared in 1894 this translation is certain to become the standard reference work on the subject

Discovering World Religions at 24 Frames Per Second Julien R. Fielding, 2008-09-26

Traditionally, university students have gained access to world religions by reading primary texts. *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page, offering an exploration of the same religious traditions through the study of feature films. The many definitions of religion are examined along with its various components, including doctrine, myth, ethics, ritual, and symbol. Specific religious traditions, including Hinduism, Sikhism, Zoroastrianism, Buddhism, Confucianism, Daoism, popular religion, and Shinto, are examined. Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included, such as Zhang Yimou, Hayao Miyazaki, Deepa Mehta, and Akira Kurosawa. *Discovering World Religions at 24 Frames Per Second* is unique in the area of religion and film studies in that it isn't just a collection of essays. Instead, it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood, not through texts but through the cinematic medium. To keep the conversation fresh, most of the films used in the book were made within the last decade. Furthermore, examples range from popular mainstream fare, such as *Star Wars* and *The Lord of the Rings* trilogy, to lesser-known foreign films, such as *The Wooden Man's Bride* and *The Great Yokai War*. Several films with a cult-like following are also discussed, including *Fight Club*, *Princess Mononoke*, *Spirited Away*, and *Jacob's Ladder*. This book is also unique in that, instead of drawing upon the Judeo-Christian tradition, it draws from Eastern traditions.
